Zigly launches its first pet hospital and experience center in Mumbai; expands presence in Western India

- Only pet care company in India to provide all pet care needs under one roof
- Looks forward to tap the increasing pet healthcare and services demand in Mumbai

Mumbai, 17 July 2025: Zigly, (Cosmo First Limited) India's first tech-enabled omnichannel pet care brand continues its strategic expansion across the country with its first foray into the Mumbai market. As part of the expansion in Western India, Zigly acquired the established Small Animal Clinic & Surgical Centre in Khar West, converting it to a full-fledged Zigly pet care ecosystem. This aligns with Zigly's growth trajectory, which has seen its ARR (net revenue) reach approximately Rs 56 Cr (as of Feb 2025), with targets to more than double in the next 1-2 years.

Zigly's experience center facility is located at Ground floor, Matru Mandir, Shop no.1 and 2, 18th Rd, Khar West, Mumbai, Maharashtra 400052, spanning over 1520 sq. ft. With an existing customer base of more than 25,000 pet parents, respected veterinarians Dr. Sanjiv and Dr. Rajni Rajadhyaksha founded the centre.

"Our expansion into Mumbai represents a strategic milestone in Zigly's journey to build a nationwide network of accessible, high-quality pet healthcare facilities. By acquiring established centres with trusted expertise like the Small Animal Clinic & Surgical Centre, we are not only growing our footprint but also integrating decades of specialised veterinary experience into our ecosystem," said **Mr. Pankaj Poddar, Group CEO, Cosmo First.** *"Zigly's new center in Mumbai's vibrant Khar neighbourhood allows us to immediately serve a significant growing pet parent community while establishing our presence in the crucial Western India market."*

The new Zigly center features and offers comprehensive veterinary services including consultations, treatments, advanced diagnostics, pathology, radiology, ultrasonography, vaccinations, surgeries, specialised canine and feline dentistry, alongside products, pharmacy and grooming services. This complements Zigly's mission to provide a holistic pet care ecosystem under one roof, and making pet parenting journey much comfortable.

Speaking on the launch, **Dr Deepak Saraswat, Head Veterinarian, Zigly,** said *"As the bond between pets and pet parents grows stronger, there has been an increase in demand for preventive health check-ups as well. This presents an opportunity for us to serve the community with quality vet care. At Zigly, vet care isn't just a service; it's a heartfelt promise to be there for pets when they need care and healing. Our team of confident and expert vet consultants go beyond just ensuring proper health – they also protect the happiness that comes along with this special bond."*

Zigly has already initiated plans for upgrading this centre as a 24*7 facility, with further expansion initiatives in the pipeline for Mumbai and western market. The launch comes on the back of recent openings of two pet hospitals in Hyderabad and Delhi, and several new experience centers in Ahmedabad, Bengaluru, Chandigarh, and Delhi.

The Indian pet industry continues to show strong growth with a projected yearly growth rate of 19% in the coming decade, driven by rising pet ownership among millennials and Gen-Z who consider pets as members of their families. This movement has spread to Tier 2 and 3 cities beyond metropolitan cities, presenting strong tailwinds for the growth strategy at Zigly.
