ANNEXURE 5

MANAGEMENT DISCUSSION AND ANALYSIS

1. MANAGEMENT DISCUSSION AND REPORT (AS ANNEXED TO THIS REPORT AND MARKED AS ANNEXURE - 5)

The Company had been very aggressive in the quest for new contracts and execution thereof while maintaining its pricing standards. The Company foresees no improvement in its order positions in diverse Industrial sectors in the immediate future due to serious working capital deficit.

2. INDUSTRY STRUCTURE AND DEVELOPMENT:

Indian economy has recorded a rapid growth over the last few years, followed by a large number of Indian companies extending their operations globally and competing with other foreign multi-nationals in equal footing and even acquiring control over a number of them. Such rapid growth of Indian Economy was made possible by the meteoric growth of service sector like Information Technology (IT and IT enabled services) industry which is expected to continue its growth process. This growth process of IT enabled services is appropriately complemented by the necessary development imparted by a host of Management and computer Institutions. In this background 'Computer Point' (CPL) which has already established its presence with a brand name in Computer & Management stands to have extensive opportunities ahead.

3. OPPORTUNITY AND THREAT:

Your Company has a huge network of franchisee spread all over the country especially in the rural areas through which it carries out its educational business. Your Company's products enjoy wide acceptance in various users Industries including widely dispersed institutions and universities. Yet in the ever changing corporate and technology scenario, it is always necessary to keep regular vigilance and to maintain a constant pace with Technology developments and to update one's system of operations. The dynamic and energetic infusion in Company's management team is capable of utilizing for the Company's benefit.

4. OUTLOOK:

Barring a few unforeseen, the Company is confident to maintain its growth rate and once its liquidity problem is solved, it is definite to accelerate with higher and higher quality services to its customers and students.

5. RISK AND CONCERNS

The IT Business in India is highly fragmented .the sector is mainly dominated by the small regional players having presence in their own region like city or state. There are a very few companies in India having a brand name and nation wide presence. Computer Point is one of the Companies having a nation wide presence especially in Eastern India region. Since there are a few players more and bigger players are eyeing this sector as a nice segment for the business. Thus many new big players are entering in the market with big capital expenditure plans. Again the sector is highly dependent on the Govt. budgetary support for imparting education in the country. Due to rising fiscal deficit Govt. may reduce the budgetary support which may have an impact on the performance of the Company.

6. INTERNAL CONTROL SYSTEM:

The Company has proper and adequate system of internal controls to ensure that all assets are safeguarded; transactions are authorized, recorded and reported correctly. The controls also ensure compliances with policies and statutes. The operational management drives its control over business processes through operational systems, procedure manuals and financial limits of authority manual, which are being reviewed and updated on an on going basis with an objective to improve systems and efficiency of operations.

The scope of the audit activity is mainly guided by the annual audit program me developed by the internal audit team of the Company in consultation with the statutory auditors, which is first reviewed by the management committee of the Board of Directors. The Internal audit programme is aligned to the existing system and procedures, financial limits of authority and also the key risk areas.

Internal audit department carries out audit throughout the year covering almost all areas of operations including the follow up action. The Audit Committee of the Board of Directors reviews the internal audit report along with the direction/action plan recommended by the management committee and the implementation of corrective actions.

7. HUMAN RESOURCES DEVELOPMENT & INDUSTRIAL RELATION

The Company believes that the quality of its employees is the key to its success in the long run and is committed to provide the necessary human resource development and training opportunities to equip them with the skills, which would enable them to adapt to contemporary technological advancements.

Industrial relations during the year continues to be cordial and the Company is committed to maintain good industrial relations through negotiations, meetings etc.

Independent Auditor's Report

To The Members of Computer Point Limited

Report on the Audit of the Standalone Financial Statements

Opinion

We have audited the accompanying standalone financial statements of Computer Point Limited (“the Company”), which comprise the Balance Sheet as at March 31, 2021, the Statement of Profit and Loss (including Other Comprehensive Income), the Statement of Changes in Equity and the Statement of

Cash Flows for the year ended on that date, and a summary of the significant accounting policies and other explanatory information (hereinafter referred to as “the standalone financial statements”).

In our opinion and to the best of our information and according to the explanations given to us, the aforesaid standalone financial statements give the information required by the **Companies Act, 2013** (“the Act”) in the manner so required and give a true and fair view in conformity with the Indian Accounting Standards prescribed under section 133 of the Act read with the **Companies (Indian Accounting Standards) Rules, 2015**, as amended, (“Ind AS”) and other accounting principles generally accepted in India, of the state of affairs of the Company as at March 31, 2021, the profit and total comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for opinion

We conducted our audit of the standalone financial statements in accordance with the Standards on Auditing specified under section 143(10) of the Act (SAs). Our responsibilities under those Standards are further described in the Auditor’s Responsibilities for the Audit of the Standalone Financial Statements section of our report. We are independent of the Company in accordance with the Code of Ethics issued by the Institute of Chartered Accountants of India (ICAI) together with the independence requirements that are relevant to our audit of the standalone financial statements under the provisions of the Act and the Rules made there under, and we have fulfilled our other ethical responsibilities in accordance with these requirements and the ICAI’s Code of Ethics. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the standalone financial statements.

Key audit matters

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the standalone financial statements of the current period. These matters were addressed in the context of our audit of the standalone financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters. We have determined the matters described below to be the key audit matters to be communicated in our report.

SN	Key Audit Matter
1	Impact of Covid-19 pandemic on going concern, impairment, expected credit loss, valuation & internal financial control. The pandemic & consequent lock down imposed by the govt. in the last year in a truncated manner had disrupted economic activity throughout the country. This will affect the repayment schedule of loans advanced by the company.
Auditor’s Response	
	The impact of the pandemic will not affect the items & component of the current year financial statement, therefore no impairment is recognized. Appropriate disclosure of subsequent events, risk & uncertainties & how events & condition may impact future operating results, cash flows & financial position of the entity has been made to the extent foreseeable. There is some deficiency in the internal financial control relating to reporting from center.
2. Key Audit Matter	
	Evaluation of uncertain tax positions

The Company has material uncertain tax positions including matters under dispute which involves significant judgment to determine the possible outcome of these disputes.
Refer Notes to the Standalone Financial Statements

Auditor's Response

Principal Audit Procedures
Obtained details of completed tax assessments and demands for the year ended March 31, 2021 from management. We involved our internal experts to challenge the management's underlying assumptions in estimating the tax provision and the possible outcome of the disputes. Our internal experts also considered legal precedence and other rulings in evaluating management's position on these uncertain tax positions. Additionally, we considered the effect of new information in respect of uncertain tax positions as at April 1, 2020 to evaluate whether any change was required to management's position on these uncertainties.

3 Key Audit Matter

Recoverability of Indirect tax receivables
As at March 31, 2021, non-current assets in respect of withholding tax and others include Service Tax recoverable amounting to Rs. 18.49 lacs which are pending adjudication.
Refer Note to the Standalone Financial Statements.

Auditor's Response

Principal Audit Procedures
We have involved our internal experts to review the nature of the amounts recoverable, the sustainability and the likelihood of recoverability upon final resolution.

Information Other than the Standalone Financial Statements and Auditor's Report Thereon

The Company's Board of Directors is responsible for the preparation of the other information. The other information comprises the information included in the Management Discussion and Analysis, Board's Report including Annexure to Board's Report, Business Responsibility Report, Corporate Governance and Shareholder's Information, but does not include the standalone financial statements and our auditor's report thereon.

Our opinion on the standalone financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the standalone financial statements, our responsibility is to read the other information and, in doing so, consider whether the other information is materially inconsistent with the standalone financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

If, based on the work we have performed, we conclude that there is a material misstatement of this other information; we are required to report that fact. We have nothing to report in this regard.

Management's Responsibility for the Standalone Financial Statements

The Company's Board of Directors is responsible for the matters stated in section 134(5) of the Act with respect to the preparation of these standalone financial statements that give a true and fair view of the financial position, financial performance, total comprehensive income, changes in equity and cash flows of the Company in accordance with the Ind AS and other accounting principles generally accepted in India. This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the standalone financial statements that give a true and fair view and are free from material misstatement, whether due to fraud or error.

In preparing the standalone financial statements, management is responsible for assessing the Company's ability to continue as a going concern, disclosing, as applicable, matters related to going concern and using the going concern basis of accounting unless management either intends to liquidate the Company or to cease operations, or has no realistic alternative but to do so.

The Board of Directors is responsible for overseeing the Company's financial reporting process.

Auditor's Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these standalone financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identify and assess the risks of material misstatement of the standalone financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal controls.
- Obtain an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluate the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Conclude on the appropriateness of management's use of the going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the standalone financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are

based on the audit evidence obtained up to the date of our auditor's However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluate the overall presentation, structure and content of the standalone financial statements, including the disclosures, and whether the standalone financial statements represent the underlying transactions and events in a manner that achieves fair presentation. Materiality is the magnitude of misstatements in the standalone financial statements that, individually or in aggregate, makes it probable that the economic decisions of a reasonably knowledgeable user of the financial statements may be influenced. We consider quantitative materiality and qualitative factors in (i) planning the scope of our audit work and in evaluating the results of our work; and (ii) to evaluate the effect of any identified misstatements in the financial statements.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance in the audit of the standalone financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Report on Other Legal and Regulatory Requirements

(Referred to in paragraph 1(f) under 'Report on Other Legal and Regulatory Requirements' section of our report to the Members of Computer Point Limited of even date)

Report on the Internal Financial Controls Over Financial Reporting under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 ("the Act")

We have audited the internal financial controls over financial reporting of Computer Point Limited ("the Company") as of March 31, 2021 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management's Responsibility for Internal Financial Controls

The Board of Directors of the Company is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India. These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to respective company's policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditor's Responsibility

Our responsibility is to express an opinion on the internal financial controls over financial reporting of the Company based on our audit. We conducted our audit in accordance with the [Guidance Note on Audit](#)

[of Internal Financial Controls Over Financial Reporting](#) (the “Guidance Note”) issued by the Institute of Chartered Accountants of India and the Standards on Auditing prescribed under Section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the internal financial controls system over financial reporting of the Company.

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company; (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorisations of management and directors of the company; and (3) provide reasonable assurance regarding prevention or timely detection of unauthorised acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Limitations of Internal Financial Controls over Financial Reporting

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Opinion

The Company does not fulfill the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India.

Notes to Financial Statements for the year ended 31st March 2021

1 General Information

Computer Point Limited is a Company incorporated under the Companies Act, 1956. The Company's shares are listed on the Bombay Stock Exchange. The Company is engaged in imparting IT education to the young aspiring generation. The financial statements as at 31 March 2021 present the current financial position of the Company. The functional and presentation currency of the Company is Indian Rupee ("INR") which is the currency of the primary economic environment in which the Company operates. The financial statements for the year ended 31 March 2021 were approved by the Board of Directors and authorised for issue on 24.06.2021.

2 Significant accounting policies

The significant accounting policies applied by the Company in the preparation of its financial statements are listed below. Such accounting policies have been applied consistently to all the periods presented in these financial statements unless otherwise indicated.

3 Statement of compliance

In accordance with the notification issued by the Ministry of Corporate Affairs, the Company has adopted Ind AS notified under the Companies (Indian Accounting Standards) Rules, 2015 with effect from April 01, 2016.

These financial statements comply in all material aspects with Indian Accounting Standards (Ind AS) notified under Section 133 of the Companies Act, 2013 (the "Act") [Companies (Indian Accounting Standards) Rules, 2015] and other relevant provisions of the Act.

4 Basis of preparation

These financial statements have been prepared in accordance with the generally accepted accounting principles in India under the historical cost convention.

5 Use of estimates and critical accounting judgments

In preparation of the financial statements, the Company makes judgments, estimates and assumptions about the carrying amounts of assets and liabilities that are not readily apparent from other sources. The estimates and the associated assumptions are based on historical experience and other factors that are considered to be relevant. Actual results may differ from these estimates.

The estimates and the underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates are recognised in the period in which the estimate is revised and future periods affected.

Significant judgments and estimates relating to the carrying amounts of assets and liabilities include useful lives of property, plant and equipment, intangible assets, impairment of property, plant and equipment, recoverability of deferred tax assets, commitments and contingencies.

6 Property, plant and equipment

An item of property, plant and equipment is recognised as an asset if it is probable that future economic benefits associated with the item will flow to the Company and its cost can be measured reliably. This recognition principle is applied to the costs incurred initially to acquire an item of property, plant and equipment and also to costs incurred subsequently to add to, replace part of, or service it. All other repair and maintenance costs, including regular servicing, are recognised in the statement of profit and loss as incurred. When a replacement occurs, the carrying amount of the replaced part is derecognised. Where an item of property, plant and equipment comprises major components having different useful lives, these components are accounted for as separate items.

Property, plant and equipment are stated at cost, less accumulated depreciation and impairment. Cost includes all direct costs and expenditures incurred to bring the asset to its working condition and location for its intended use.

The gain or loss arising on disposal of an asset is determined as the difference between the sale proceeds and the carrying amount of the asset, and is recognised in the statement of profit and loss.

7 Transition to Ind AS

On transition to Ind AS, the Company has elected to continue with the carrying value of all its property, plant and equipment recognised as at 1 April 2016 measured as per the previous GAAP and use that carrying value as the deemed cost of property, plant and equipment.

8 Depreciation methods, estimated useful lives and residual value of property, plant and equipment

Depreciation, is calculated using written down value method to allocate their cost, net of their residual values on the basis of useful lives prescribed in Schedule II to the Companies Act, 2013, which are also supported by technical evaluation.

The estimated useful lives of assets and residual values are reviewed regularly and, when necessary, revised. No further charge is provided in respect of assets that are fully written down but are still in use.

The estimated useful lives for the main categories of property, plant and equipment and other intangible assets are:

Categories of assets	Useful life (in years)
Furniture & Fixture	10
Vehicles	8 - 10
Computer & Software	5

9 Impairment of non-financial assets

Assets are tested for impairment whenever events or changes in circumstances indicate that the carrying amount may not be recoverable. An impairment loss is recognised for the amount by which the asset's carrying amount exceeds its recoverable amount.

The recoverable amount is the higher of an asset's fair value less costs of disposal and value in use. For the purpose of assessing impairment, assets are grouped at the lowest levels for which there are separately identifiable cash flows which are largely independent of the cash flows from other assets or group of assets (cash-generating units). Non-financial assets that suffered an impairment are reviewed for possible reversal of the impairment at the end of each reporting period.

10 Financial Instruments

Financial assets and financial liabilities are recognised when the Company becomes a party to the contractual provisions of the instrument. Financial assets and financial liabilities are initially measured at fair value. Transaction costs that are directly attributable to the acquisition or issue of financial assets and financial liabilities (other than financial assets and financial liabilities at fair value through profit or loss) are added to or deducted from the fair value measured on initial recognition of financial asset or financial liability. The transaction costs directly attributable to the acquisition of financial assets and financial liabilities at fair value through profit and loss are immediately recognised in the statement of profit and loss.

11 Effective interest method

The effective interest method is a method of calculating the amortised cost of a financial instrument and of allocating interest income or expense over the relevant period. The effective interest rate is the rate that exactly discounts future cash receipts or payments through the expected life of the financial instrument, or where appropriate, a shorter period.

12 (a) Financial assets Cash and cash equivalents

Cash and cash equivalents include cash in hand, deposits held at call with banks and other short term deposits which are readily convertible into known amounts of cash, are subject to an insignificant risk of change in value and have maturities of less than three months from the date of such deposits. These balances with banks are unrestricted for withdrawal and usage.

Financial assets at amortized cost

Financial assets are subsequently measured at amortized cost if these financial assets are held within a business model whose objective is to hold these assets in order to collect contractual cash flows and the contractual terms of the financial asset give rise on specified dates to cash flows that are solely payments of principal and interest on the principal amount outstanding.

Financial capital

For financial assets whose credit risk has not significantly increased since initial recognition, loss allowance equal to twelve months expected credit losses is recognised. Loss allowance equal to the lifetime expected credit losses is recognised if the credit risk on the financial instruments has significantly increased since initial recognition.

De-recognition of financial assets

The Company derecognises a financial asset only when the contractual rights to the cash flows from the asset expire, or it transfers the financial asset and substantially all risks and rewards of ownership of the asset to another entity.

If the Company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the Company recognizes its retained interest in the assets and an associated liability for amounts it may have to pay.

(b) Financial liabilities and equity instruments

Equity instruments

An equity instrument is any contract that evidences a residual interest in the assets of the Company after deducting all of its liabilities. Equity instruments are recorded at the proceeds received, net of direct issue costs.

Financial liabilities

Financial liabilities such as trade and other payables are initially measured at fair value, net of transaction costs, and are subsequently measured at amortised cost, using the effective interest rate method where the time value of money is significant.

Derecognition of financial liabilities

The Company derecognises financial liabilities when, and only when, the Company's obligations are discharged, cancelled or they expire.

13 Provisions

Provisions are recognised in the balance sheet when the Company has a present obligation (legal or constructive) as a result of a past event, which is expected to result in an outflow of resources embodying economic benefits which can be reliably estimated. Each provision is based on the best estimate of the expenditure required to settle the present obligation at the balance sheet date. When appropriate, provisions are measured on a discounted basis. Constructive obligation is an obligation that derives from an entity's actions where:

(a) by an established pattern of past practice, published policies or a sufficiently specific current statement, the entity has

indicated to other parties that it will accept certain responsibilities and

(b) As a result, the entity has created a valid expectation on the part of those other parties that it will discharge those responsibilities.

14 Income taxes

The income tax expense or credit for the period is the tax payable on the current period's taxable income based on the applicable income tax rate for each jurisdiction adjusted by changes in deferred tax assets and deferred tax liabilities attributable to temporary differences and to unused tax losses.

The current income tax charge is calculated on the basis of the tax laws enacted or substantively enacted at the end of the reporting period.

Deferred income tax is provided in full, using the liability method, on temporary differences arising between the tax bases of assets and liabilities and their carrying amounts in the financial statements.

Deferred income tax is determined using tax rates (and laws) that have been enacted or substantially enacted by the end of the reporting period and are expected to apply when the related deferred income tax asset is realised or the deferred income tax liability is settled.

Deferred tax assets are recognised for all deductible temporary differences and unused tax losses only if it is probable that future taxable amounts will be available to utilise those temporary differences and

losses.

Deferred tax assets and liabilities are offset when there is a legally enforceable right to offset current tax assets and liabilities and when the deferred tax balances relate to the same taxation authority. Current tax assets and tax liabilities are offset where the entity has a legally enforceable right to offset and intends either to settle on a net basis, or to realise the asset and settle the liability simultaneously.

Current and deferred tax is recognised in profit or loss, except to the extent that it relates to items recognised in other comprehensive income or directly in equity. In this case, the tax is also recognised in other comprehensive income or directly in equity, respectively.

15 Revenue

Revenue is recognised to the extent that it is probable that the economic benefits will flow to the Company and the revenue can be reliably measured, regardless of when the payment is being made. Revenue is measured at the fair value of the consideration received or receivable net of discounts, taking into account contractually defined terms and excluding taxes or duties collected on behalf of the government.

Sale of goods

Revenue from the sale of goods is recognized when the significant risks and rewards of ownership have been transferred to the buyer. No revenue is recognized if there are significant uncertainties regarding recovery of the amount due, associated costs or the possible return of goods.

16 Interest income

Interest income is accrued on a time proportion basis, by reference to the principal outstanding and the effective interest rate applicable.

17 Earnings per share

Earnings per share is calculated by dividing the net profit or loss for the year attributable to equity share holders, by the weighted average numbers of equity shares outstanding during the year.

For the purpose of calculating diluted earnings per share, the net profit or loss for the period attributable to equity shareholders and weighted average number of shares outstanding during the period are adjusted for the effects of all dilutive potential equity shares.

18 Contingent Liabilities

Liabilities which are material and whose future outcome cannot be ascertained with reasonable certainty are treated as contingent and disclosed by way of notes to the accounts.

19 Rounding of amounts

All amounts disclosed in the financial statements and notes have been rounded off to the nearest hundreds as per the requirements of Schedule III, unless stated otherwise.

Note 20. Capital management

(a) Risk management

The Company's objectives when managing capital are to:

- safeguard their ability to continue as a going concern, so that they can continue to provide returns for shareholders
- and benefits for other stakeholders, and
- maintain an optimal capital structure to reduce the cost of capital.

The capital structure of the Company is based on management's judgement of the appropriate balance of key elements in order to meet its strategic and day-to-day needs. The Company manages its capital structure and makes adjustments in response to changes in economic conditions and the requirements of the financial covenants. The funding requirement is met through a mixture of equity, long term borrowings and short term borrowings.

In order to maintain or adjust the capital structure, the Company may adjust the amount of dividends paid to shareholders or issue new shares.

The Company's policy is to maintain a stable and strong capital structure with a focus on total equity so as to maintain investor, creditors and market confidence and to sustain future development and growth of its business. The Company takes appropriate steps in order to maintain, or if necessary adjust, its capital structure.

The amount mentioned under total equity in balance sheet is considered as Capital.

Note 22. Fair value measurements (continued)
(i) Fair value hierarchy

This section explains the judgements and estimates made in determining the fair values of the financial instruments that are (a) recognised and measured at fair value and (b) measured at amortised cost

and for which fair values are disclosed in the financial statements. To provide an indication about the reliability of the inputs used in determining fair value, the Company has classified its financial instruments into the three levels prescribed under the accounting standard.

Level 1: Level 1 hierarchy includes financial instruments measured using quoted prices.

Level 2: The fair value of financial instruments that are not traded in an active market is determined using valuation techniques which maximize the use of observable market data and rely as little as possible on entity-specific estimates. If all significant inputs required to fair value an instrument are observable, the instrument is included in level 2.

Level 3: If one or more of the significant inputs is not based on observable market data, the instrument is included in level 3. Fair values are determined in whole or in part, using a valuation model based on assumptions that are neither supported by prices from observable current market transactions in the same instrument nor are they based on available market data.

The entire financial assets and liabilities of the Company is classified as Level 3 in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Note:

a) There have been no transfers between Level 1 and Level 2 for the years ended March 31, 2021 and March 31, 2020

b) Costs of unquoted equity instruments has been considered as an appropriate estimate of fair value because of a wide range of possible fair value measurements and cost represents the best estimate of fair value within that range.

c) Fair value of borrowings which do not have an active market or are unquoted is estimated by discounting expected future cash flows using a discount rate equivalent to the risk-free rate of return adjusted for credit spread considered by lenders for instruments of similar maturities which is categorised as level 3 in the fair value hierarchy.

(ii) Valuation technique used to determine fair value

Specific valuation techniques used to value financial instruments include:

- the fair value of the financial instruments is determined using discounted cash flow analysis.

The carrying amounts of remaining financial assets and liabilities are considered to be the same as their fair values, due to their short-term nature. The fair values for financial instruments were calculated based on cash flows discounted using current borrowing rate. They are classified as Level 3 in the fair value hierarchy due to the inclusion of unobservable inputs including counterparty credit risk.

Computer Point Limited**Notes to Financial Statements for the year ended 31st March 2021****Note 23. Financial Risk Management**

The Company's activities are exposed to a variety of financial risks: credit risk, liquidity risk and market risk (i.e. foreign currency risk, interest rate risk and price risk).

This note explains the sources of risk which the entity is exposed to and how the entity manages the risk:

Risk	Exposure arising from	Measurement	Management
<i>Credit risk</i>	Cash and cash equivalents, trade receivables and financial assets measured at amortised cost.	Aging analysis Credit ratings	Diversification of bank deposits and credit limits, quality customer selection
<i>Liquidity risk</i>	Financial liabilities that are settled by delivering cash or another financial asset.	Cash flow forecasts	Projecting cash flows and considering the level of liquid assets necessary to meet the liabilities

(A) Credit risk

Credit risk is the risk that counterparty will not meet its obligations under a financial instrument or customer contract, leading to a financial loss. The Company is exposed to credit risk from its operating activities (primarily trade receivables) including deposits with banks and financial institutions and other financial instruments carried at amortised cost and financial guarantees.

i) Trade receivables

Trade receivables are non-interest bearing. Recovery of overdue debts is uncertain. There is no mechanism apparently feasible for its realisation. Though the Company's exposure to customers is diversified and no single customer contributes to more than 10% of outstanding trade receivables as at 31 March 2021, & as at 31 March 2020.

The ageing of trade receivables as of balance sheet date is given below. The age analysis have been considered from the due date:

	Less than six months	More than six months	Total
Trade receivable as on 31 March 2021 (Gross)	-	81844000	81844000
Less: Provision for impairment loss	-	-	-
Trade receivable as on 31 March 2021 (Net)	-	81844000	81844000
	Less than six months	More than six months	Total
Trade receivable as on 31 March 2020 (Gross)	-	82539000	82539000
Less: Provision for impairment loss	-	-	-
Trade receivable as on 31 March 2020 (Net)	-	82539000	82539000

The requirement for impairment is impressed upon, though it has been ignored because of pending reconciliation & confirmation from the counterparty. The maximum exposure to credit risk at the reporting date is the carrying value of each class of financial assets disclosed in Note 23. The Company does not hold collateral as security.

ii) Financial instruments and deposits

Financial instruments that are subject to credit risk and concentration thereof principally consist of trade receivables, loans receivables, investments and cash and cash equivalents held by the Company. None of the financial instruments of the Company result in material concentration of credit risk.

The carrying amount of financial assets represents the maximum credit exposure. The maximum exposure to credit risk was Rs. 28,4756000 as at 31 March 2021, Rs. 285665000 as at 31 March 2020, being the total of the carrying amount of trade receivables and other financial assets.

Computer Point Limited**Notes to Financial Statements for the year ended 31st March 2021****Note 24. Financial Risk Management (continued)****(B) Liquidity risk**

Liquidity risk is the risk that an entity will encounter difficulty in meeting obligations associated with financial liabilities that are settled by delivering cash or another financial asset.

Management monitors rolling forecasts of the Company's liquidity position and cash and cash equivalents on the basis of expected cash flows. This is generally performed in accordance with practice and limits set by the Company.

(i) Maturities of financial liabilities

The tables below analyse the Company's financial liabilities into relevant maturity groupings based on their contractual maturities for:

- all financial liabilities

The amounts disclosed in the table are the contractual undiscounted cash flows. Balances due within 12 months equal their carrying balances as the impact of discounting is not significant.

Contractual maturities of financial liabilities	Less than 1 year	1 - 3 years	Total
31 March 2021			
Borrowings	-	-	-
Other payable		1735000	1735000
Total financial liabilities	-	1735000	1735000
Contractual maturities of financial liabilities	Less than 1 year	1 - 3 years	Total
31 March 2020			
Borrowings	-	135000	135000
Trade payable	-	2948000	2,948000
Total financial liabilities	-	3083000	3083000

(C) Market risk**(i) Foreign currency risk**

Foreign Currency risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in foreign exchange rates. The Company's transactions are denominated only in INR and hence the Company is not exposed to any foreign currency risk.

(ii) Interest rate risk

Interest rate risk is the risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market interest rates. The Company is not exposed to the risk of changes in market interest rates because it does not have any floating rate borrowings nor does it have any variable rate financial assets.

(iii) Price risk

The risk that the fair value or future cash flows of a financial instrument will fluctuate because of changes in market prices (other than those arising from interest rate risk or currency risk), whether those changes are caused by factors specific to the individual financial instrument or its issuer or by factors affecting all similar financial instruments traded in the market. The company is not exposed to equity securities price risk because it does not hold any equity instrument in another entity.
