# **Denta Water and Infra Solutions Secures Four Major Water Infrastructure Projects Worth Over ₹106 Crore in Karnataka**

**Bengaluru, 17 December, 2025:** Denta Water and Infra Solutions Limited, a leading civil engineering contractor in the water infrastructure sector, has been awarded four projects by the Karnataka Urban Infrastructure Development and Finance Corporation Ltd. (KUIDFC), an undertaking of the Government of Karnataka. These projects confirm Denta Water's role as a key partner in improving urban sanitation and water management across the state.

The four awarded projects have a combined contract value of over Rs. 106 Crores, calculated exclusive of GST, and focus on the construction and upgradation of vital Sewage Treatment Plants (STPs) and sewerage systems. The projects are funded under major government initiatives, including the Swachh Bharat Mission (U)-2.0 Fund and the NGT Fund.

The Tumakuru City project is one of the largest ongoing works. It involves the construction and upgradation of the sewerage system under the DBOT (Design, Build, Operate, Transfer) model. The total contract value is Rs. 41.74 crore, excluding GST.

Under the Swachh Bharat Mission (Urban) 2.0 fund, the SBM/BGM Package-2 (Call-1) project focuses on building Sewage Treatment Plants in five ULBs in Belagavi district. These include Examba, M.K. Hubballi, Gokak, Mudalagi, and Nippani. The STP capacities range from 1.20 MLD to 9.59 MLD. The total contract value is Rs. 30.16 crore, excluding GST.

The SBM/KLB Package-1 (Call-2) project is also under SBM (Urban) 2.0. It includes the construction of two new STPs in Aland and Shahabad with capacities of 6.47 MLD and 7.26 MLD. It also involves rehabilitating an existing STP in Sedam. All these projects are located in Kalburgi district. The contract value is Rs. 20.40 crore, excluding GST.

The SBM/BGM Package-5 (Call-2) project has a contract value of Rs. 13.99 crore, excluding GST. It covers the construction of STPs with capacities ranging from 2.91 MLD to 9.19 MLD. The project locations include Ilkal, Annigeri, Mundargi, Indi, and Talikote across Bagalkot, Dharwad, Gadag, and Vijayapura districts.

**Mr. C. Mruthyunjaya Swamy, Chairman and Executive Director of Denta Water and Infra Solutions Limited** said, "We are honored to have been entrusted by KUIDFC with these four critical water infrastructure projects. These contracts underscore our commitment to high-quality execution and our dedication to supporting the Government of Karnataka's mission to enhance

urban sanitation and environmental sustainability under key initiatives like the Swachh Bharat Mission (U)-2.0 and the Jalashuddhi Mission."

The successful execution of these four projects across Belagavi, Kalburgi, Bagalkot, Dharwad, Gadag, Vijayapura, and Tumakuru districts reinforces Denta Water's dedication to sustainable development and environmental conservation through modern water infrastructure.

#### **About Denta Water and Infra Solutions Limited**

Denta Water and Infra Solutions Limited is a premier civil engineering company focused on water revitalization, groundwater recharge, and sustainable infrastructure solutions. The Company designs, develops, and maintains high-impact water infrastructure projects, enabling long-term water security and environmental sustainability across India.
