ACME Solar commissions additional 12 MW wind power project in Gujarat

Operational capacity of the wind project is now 68 MW out of 100MW

GURUGRAM, January 19, 2026: ACME Solar Holdings Limited (ACME Solar) through its subsidiary, ACME Eco Clean Energy Pvt Ltd, has commissioned additional 12MW of the wind power project located in Surendranagar, Gujarat. This takes the wind project's total operational capacity to 68 MW out of the total 100 MW being commissioned in phases.

The ACME Eco Clean Energy wind power project has been financed through Power Finance Corporation (PFC) & constructed through in-house EPC capabilities of the company by deploying SANY's 4 MW turbines. The power generated from the project will be sold through the 25-year Power Purchase Agreement (PPA) signed between ACME Eco Clean and Gujarat Urja Vikas Nigam Limited.

The current commissioning of additional 12 MW was witnessed by GEDA and PGVCL official and the same has been signed in the commissioning MOM. The formal certificate is expected to be issued shortly.

About ACME Solar: ACME Solar Holdings Limited is a leading integrated renewable energy player with a diversified portfolio spanning solar, wind, storage, FDRE and hybrid solutions and an operational capacity of 2,958 MW and under construction capacity of 4,562 MW including ~15 GWh of BESS installation. With an in-house EPC and O&M division, the company does end-to-end development and O&M of the plants, thereby delivering projects in a time & cost-effective manner while ensuring best in class operating performance evident in its industry leading CUF and operating margins.
