**Sub:** Press Release- Acquisition in Compressed Biogas Sector

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we hereby inform you that the Company has entered into acquisition of equity stake in a company engaged in the Compressed Biogas (CBG) sector, as part of its strategic expansion into the renewable and green energy domain.

In this regard, the Press Release containing brief details of the said acquisition is enclosed herewith for your information and record.

Kindly take the afore-mentioned submission on your records.

Thank You!

Yours faithfully,  
**For DESCO INFRATECH LIMITED**  
**(Formerly known as Desco Infratech Private Limited)**

## **PRESS RELEASE**

### **DESCO Infratech Limited Announces Strategic Acquisition in Compressed Biogas Sector**

DESCO Infratech Limited (“DESCO” or “the Company”) is acquiring Shri Green Agro Energies Private Limited (SGAEPL), marking its entry into the Compressed Biogas (CBG) segment as part of its long-term clean energy strategy.

The acquisition provides DESCO with an advanced-stage CBG project, enabling accelerated market entry while significantly reducing development and execution risks typically associated with greenfield projects. The project has already seen substantial capital investment, commercial arrangements are in place, and production is expected to commence in the near term.

The plant benefits from secured long-term feedstock supply arrangements and established infrastructure, including pipeline connectivity for direct grid injection with major gas transmission and distribution networks. All key land, statutory, and regulatory approvals have been obtained.

This acquisition is an important milestone in DESCO Infratech’s clean energy roadmap. By integrating a project at an advanced stage of readiness, we are accelerating our expansion into the CBG sector while strengthening our sustainable energy portfolio.

### **Management Commentary**

The acquisition of Shri Green Agro Energies is a catalyst for our national clean energy ambitions. By integrating a project that is already at the finish line of development, we are significantly reducing our time-to-market while mitigating the execution risks inherent in the CBG sector. This is a key step in our journey to becoming a leading national player in gas distribution and sustainable energy.

### **About Desco Infratech Limited**

Desco Infratech Limited is a diversified infrastructure EPC and O&M company engaged in City Gas Distribution, Water Pipeline, and Power Transmission projects across India. The Company emphasizes technology-driven execution, sustainable infrastructure creation, and transparent governance to deliver long-term value to stakeholders.
