This expansion aligns with the Company's long-term growth strategy and reinforces its commitment to enhancing indigenous manufacturing capabilities, strengthening technological innovation, and supporting the growing demand in the defence sector.

Commenting on the significance of the Greenfield Expansion, **Mr. Karunakar Reddy, Managing Director of Apollo Micro Systems Limited**, stated:

"I am pleased to share that Apollo Micro Systems Ltd. is taking a significant step forward in strengthening its manufacturing and testing facilities. This strategic investment, adjoining to our Unit 3, will expand the total facility to approximately 10.68 acres within a single campus and enable us to establish a state-of-the-art facility dedicated to the manufacturing of Weapon Systems and artillery Systems like Grad Rockets, Anti-Tank Mines, Anti-Submarine Warfare Rockets, and similar products. This expansion reflects our commitment to enhancing indigenous manufacturing capabilities, driving technological innovation, and meeting the growing demand in the defense sector. We are confident that this initiative will not only expand our production capacity but also strengthen our competitive position and contribute meaningfully to the nation's technological advancement in align with Atmanirbhar Bharat. I thank Government of Telangana for allotting this land to AMS and its continual encouragement to Aerospace & Defence Industries."

#### **About Apollo Micro Systems Limited (AMS):**

Apollo Micro Systems Limited, a 41-years-old pioneer in defence technology, specializes in the design, development, and manufacture of advanced electronic, electro-mechanical, and engineering systems. With multi-domain, multidisciplinary capabilities and robust infrastructure, the company is equipped to build cutting-edge defence technologies and produce them at scale for national strategic needs. Building upon capabilities of subsidiary company in explosives, AMS as a group positions itself as a Tier-I Original Equipment Design Cum manufacturer having explosive capabilities.
