### Sub.: Press Release – KP Energy Limited and Inox Wind Limited Inked MoU to Jointly Develop 2.5 GW of Wind Projects across multiple states in India

Dear Sir/Madam,

Pursuant to Regulation 30 of the SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we are enclosing herewith a Press Release titled "*KP Energy Limited and Inox Wind Limited Inked MoU to Jointly Develop 2.5 GW of Wind Projects across multiple states in India*".

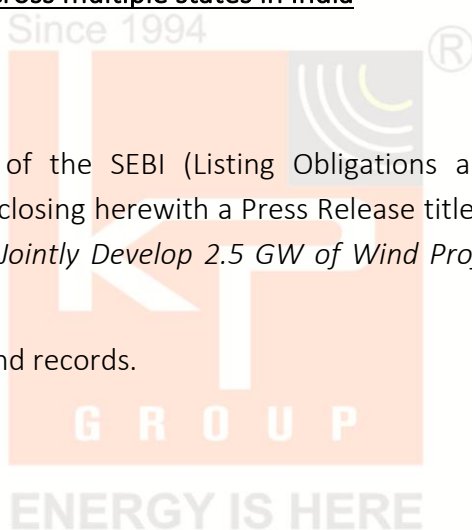

This is for your information and records.

Thanking you,

Yours faithfully,  
For K.P. Energy Limited

Affan Faruk Patel  
Whole Time Director

For immediate release

### KP Energy Limited and Inox Wind Limited Inked MoU to Jointly Develop 2.5 GW of Wind Projects across multiple states in India

**Surat, India – November 19, 2025:** KP Energy Limited (KPE), a prominent balance-of-plant solutions provider in the renewable energy industry with expertise spanning from conceptualization to commissioning of wind and wind-solar hybrid power projects, has entered into an exclusive Memorandum of Understanding (MoU) with Inox Wind Limited (IWL), part of the INOXGFL Group, a leading renewable energy equipment manufacturer and solutions provider recognised for its capabilities in designing, manufacturing and supplying 3MW and 4MW platform Wind Turbine Generators.

The MoU establish a strategic partnership aimed at **jointly developing 2.5 GW of wind and wind-solar hybrid power projects** across multiple states in India.

Under the MoU, KPE will undertake project development activities such as securing connectivity, land and right-of-way, obtaining statutory approvals, and executing Balance of Plant and EPC works. KPE will also manage O&M of Balance of Plant of the project. IWL will supply Wind Turbine Generators and associated equipment, provide engineering support including USS design, transformer specifications, and foundation design, and will execute pre-commissioning, commissioning and O&M of wind turbine generators. This integrated approach enables both companies to combine their core competencies to ensure timely, seamless and high-quality project execution.

This collaboration is expected to strengthen the strategic positioning of both organisations by leveraging their complementary strengths across the renewable energy value chain. KPE will benefit from assured access to IWL's equipment and engineering capabilities, enhancing its ability to deliver fully integrated renewable assets, while IWL will gain from KPE's strong on-ground execution expertise and proven development track record. Together, both companies will be better equipped to pursue large-scale renewable opportunities, drive operational efficiencies and contribute meaningfully to India's clean-energy transition.

**Dr. Faruk G. Patel, Founder and MD, KPE,** said, *"KPE is committed to advancing large-scale renewable energy infrastructure, and this partnership with INOX marks a significant strategic step in that direction. By combining KPE's depth of experience in project development, statutory planning and balance-of-plant execution with IWL's proven manufacturing and engineering capabilities, we are establishing a robust collaborative platform capable of delivering complex wind and hybrid assets at scale. This MoU reinforces our long-term objective of building reliable, integrated clean-energy*

*solutions and strengthens our ability to contribute effectively to India's national renewable energy goals."*

**Mr. Kailash Tarachandani, Group CEO Renewables, INOXGFL Group,** said, *"Inox Wind's partnership with KP Energy is a collaboration of two renewable industry leaders, capitalizing on the strong product, ground-level execution and project-development excellence of the two companies. The synergies between Inox Wind's manufacturing excellence, engineering depth and product reliability, and KPE's extensive on-ground development experience enables both companies to pursue large-scale renewable opportunities with greater confidence and operational strength. Through this association, we aim to deliver structured, high-quality renewable energy solutions that reinforce our role in supporting India's transition toward cleaner and more sustainable power generation."*

### About INOXGFL Group:

INOXGFL Group, with a legacy of over 90 years, is one of the leading business groups in India. The Group's operations span across diversified business segments comprising of fluoropolymers, fluorochemicals, battery materials, wind & solar manufacturing and project development as well as renewable power generation. It is well-positioned to deliver renewable energy solutions tailored to diverse customer demands. The Group has three listed entities - Gujarat Fluorochemicals Limited (GFL), Inox Wind Limited, and Inox Green Energy Services Limited. Additionally, through Inox Clean Energy Ltd., the Group has entered into solar manufacturing business under Inox Solar Limited and is expanding its renewable power generation business through Inox Neo Energies Private Limited. The Group's performance and leadership are reflected in its diverse portfolio of products, global presence, and impactful corporate social responsibility initiatives. With an aim to drive progress and contribute to a greener future, the INOXGFL Group continues to contribute to India's renewable growth story.

### About KP Group:

Established in 1994, by Dr. Faruk G. Patel, KP Group has grown into a multi-faceted conglomerate with core expertise in renewable energy, infrastructure, and innovation. Over the past three decades, the group has championed sustainability by spearheading transformative projects in wind, solar, hybrid energy, Battery Energy Storage System (BESS) and green hydrogen, thereby contributing to India's green energy mission. With a strong portfolio of renewable energy projects, KP Group has earned a reputation as a trusted partner for companies committed to reducing their carbon footprint. The group remains steadfast in its mission to contribute meaningfully to India's energy transition while setting new benchmarks in the renewable energy sector.
