HCLTech recognized as a Leader in the IDC MarketScape: Worldwide Managed SASE Services 2025 Vendor Assessment

NEW YORK and NOIDA, India, Jan 20, 2026—[HCLTech](#), a leading global technology company, announced that it has been named a Leader in the IDC MarketScape: Worldwide Managed SASE Services 2025 Vendor Assessment (doc #US53011425, October 2025).

IDC observes that HCLTech's strengths lie in its extensive multivendor ecosystem and strategic partnerships with both telecom operators and OEMs, offering customers flexibility in single- and multivendor SASE deployments. Its proprietary platforms deliver unified observability, AI-driven orchestration, and automation across SD-WAN and SSE environments. Coupled with a robust global delivery network, dedicated labs, and consulting-led frameworks and approach, HCLTech reduces deployment risks and accelerates time to value for clients.

"We believe this recognition from the IDC MarketScape highlights our focus to deliver transformative SASE solutions that redefine secure network environments. By integrating SASE into Zero Trust frameworks and long-term strategies, HCLTech enables organizations to align network security with business goals. Our proactive approach and advanced AI-driven platforms provide customers with a resilient, adaptive digital spine ready for today's evolving threats," said Gurpreet Singh Kohli, Executive Vice President and Global Business Head of Networks at HCLTech.

About IDC MarketScape

IDC MarketScape vendor assessment model is designed to provide an overview of the competitive fitness of technology and service suppliers in a given market. The research utilizes a rigorous scoring methodology based on both qualitative and quantitative criteria that results in a single graphical illustration of each supplier's position within a given market. IDC MarketScape provides a clear framework in which the product and service offerings, capabilities and strategies, and current and future market success factors of technology suppliers can be meaningfully compared. The framework also provides technology buyers with a 360-degree assessment of the strengths and weaknesses of current and prospective suppliers.

About HCLTech

[HCLTech](#) is a global technology company, home to more than 226,300 people across 60 countries, delivering industry-leading capabilities centered around AI, digital, engineering, cloud and software, powered by a broad portfolio of technology services and products.
