Safe Harbor:

Except for historical information and discussions, statements included in the conference call may constitute forward-looking which involve a number of risks and uncertainties that could cause actual results to differ materially from those in such forward-looking statements. The risks and uncertainties relating to these statements include, but are not limited to, risks and uncertainties regarding the success of our investments, risks and uncertainties regarding fluctuations in earnings, our ability to manage growth, our ability to successfully implement our strategy, our research and development efforts. Nucleus may, from time to time, make additional written and oral forward-looking statements, including statements contained in the company's filings with the Securities and Exchange Board of India, stock exchanges and our reports to shareholders. The company does not undertake to update any forward-looking statements that may be made from time to time by or on behalf of the company.

About Nucleus Software Exports Ltd.

Nucleus Software Exports Ltd. Is a publicly traded (BSE: 531209, NSE: NUCLEUS), software product company that provides lending and transaction banking products to global financial leaders. Nucleus Software delivers disruptive Fintech Solutions to 200+ Banks and Financial Institutions across 50 countries supporting Retail Lending, Corporate & SME Finance, Islamic Finance, Automotive Finance, Captive Automotive Finance, Cash Management, Mobile & Internet Banking, Transaction Banking and more. We facilitate over 26 million transactions each day through our globally integrated transaction banking platform. Our lending platform manages US \$500 billion of loans in India alone, and over US \$700 billion of loans globally other than India, while enabling 500,000+ users to log in daily.

Our Flagship Products FinnOne Neo® and FinnAxia® are backed by more than 3 decades of BFSI domain expertise and an inbuilt AI powered platform to realize the digital transformation goals of FIs worldwide.

- FinnOne Neo®: The next-generation digital lending platform, designed to revolutionize the lending process. FinnOne Neo® is built on an advanced technology platform, empowering financial institutions to streamline their lending operations, enhance customer experiences, and drive business growth.
- FinnAxia®: An integrated global transaction banking suite, trusted by banks worldwide to optimize their transaction banking processes. With FinnAxia®, financial institutions can efficiently manage their cash management, trade finance, liquidity management, and other transaction banking activities on a single platform, thereby improving operational efficiency, visibility, and enhancing client relationships.
- PaySe®: The world's first online and offline digital payment solution, created with the vision to democratize money. This innovative payment solution offers users a seamless and convenient way to conduct digital transactions, both online and offline, facilitating financial inclusion and empowering individuals and businesses.
