Dear Sir / Madam,

Sub: Intimation of Change in Logo and New Product Launch of the Company

In terms of Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015, we hereby inform that the Board of Directors at their meeting held today i.e., 21st January 2026 have approved the following:

1. Adoption of New Logo and the tag line of the Company

SWELECT is an established and active player in the renewable energy sector, recognized as a trusted partner in clean and sustainable energy solutions. The Company delivers Solar, Wind, ESS (Energy Storage Systems), EPC (Engineering, Procurement & Construction), O&M (Operations and Maintenance) and IPP (Independent Power Producer) solutions across corporates, industrial and residential segments. Over the years, the business has grown significantly and evolved in scale, capability, and vision. In alignment with this progress and its future aspirations, the management has undertaken a strategic refresh of the company's brand identity, including a new logo and tagline. The new logo launch is to reflect the broader energy transition from pure Solar and Wind to Round the Clock renewables with storage and a natural evolution of the SWELECT tagline from the 'sun shines and thereafter' to 'powering the world responsibly' with a renewed emphasis on sustainability.

Existing Logo	New Logo
	

For SWELECT it's a deep commitment to reduce the carbon footprints and driving meaningful environmental change. Every project is engineered to strengthen our Nation to achieve net-zero goals while embedding sustainability at every stage.

At the heart of our mission lies a simple but robust promise: ***Powering the world responsibly.***

Our belief is that energy should not be expended at the cost of the planet. That's why we harness the infinite power of the sun to fuel progress – responsibly, consciously and sustainably. Every

panel we install, every watt we generate, is a step towards a greener, cleaner world. We empower businesses, and ignite possibilities across households – without leaving any carbon footprint behind.

It is hereby clarified that there is no change in the nature of the business or the services offered by the Company, except for the relaunch of the brand with a new logo, new tagline and visual identity. The Company will prominently display the new logo across all product labels, advertisements, marketing materials, brochures, website content, signage, communications whether online or otherwise and all other documents on a PAN India basis. As this will be undertaken in a phased manner, both the logos (existing and new) will be used concurrently during the transition phase.

2. Launching of New Product

NUMERGY is a range of clean energy and energy storage product launched by SWELECT Energy Systems Limited. The NUMERGY portfolio includes hybrid and battery energy storage systems (BESS) offerings designed for both residential and utility-scale applications, these products aim to enable effective integration of solar generation with energy storage to deliver reliable, dispatchable clean power, reduce electricity costs, and improve energy resilience across sectors.

The details as per the SEBI Master Circular No. SEBI/HO/CFD/PoD2/CIR/P/0155 dated November 11, 2024 are as follows:

- a) Name of the product: NUMERGY it's a Range of products which can be NUMERGY HOME; NUMERGY BESS and whatever new products we come up in the future.
- b) Date of Launch: 21st January 2026; we did have a soft launch Oct 30th-1st Nov 2025 at the REI expo
- c) Category of the product: Residential, Small Office Home Office(SOHO) and large-scale commercial & industrial (C&I) applications.
