Business Update Release

Silver Touch Technologies Re-selected by the Ministry of External Affairs for Strategic Digital Platform Engagement

Company continues decade-long association supporting India's global digital diplomacy

Ahmedabad, 22nd January 2026: Silver Touch Technologies Limited, a leading provider of end-to-end IT solutions with deep expertise in e-Governance, secure digital platforms, and large-scale public sector programs, is pleased to announce that it has been re-selected by the Ministry of External Affairs (MEA), Government of India, for a strategic digital transformation engagement.

This selection marks the continuation of Silver Touch's long-standing partnership of over a decade with the Ministry of External Affairs, during which the company has consistently delivered mission-critical digital platforms supporting the MEA's public outreach, citizen services, and global information dissemination.

Under the current mandate, Silver Touch will be responsible for the redesign, development, migration, hosting, and long-term maintenance of the MEA's official website and associated digital platforms, in line with the Ministry's evolving requirements for performance, security, accessibility, and global reach.

The project holds high national and international significance, as the Ministry of External Affairs serves as the primary interface of the Government of India with:

- Foreign governments and diplomatic missions
- Indian citizens and the diaspora worldwide
- International media, researchers, and policy institutions

The MEA's digital platforms play a critical role in projecting India's foreign policy, public diplomacy initiatives, and global engagements, making this partnership strategically important for strengthening India's international digital presence.

As part of the engagement, Silver Touch will deliver a secure, scalable, and future-ready digital ecosystem that includes:

- A modern and globally accessible website UI and architecture
- Advanced content management and analytics capabilities
- AI-enabled features with robust, AI search and AI-chatbot
- An intuitive mobile app for real-time updates
- Secure hosting on MeitY-empanelled cloud infrastructure within India
- High-availability performance to manage global traffic volumes
- Continuous operations, maintenance, and cybersecurity compliance
- Dedicated on-site and off-site support under stringent SLA frameworks

This engagement is structured as a long-term contract encompassing development and multi-year maintenance phases, providing strong revenue visibility and continuity for the company while reinforcing its leadership in strategic government digital transformation programs.

Commenting on the development, Mr. Minesh V. Doshi, Executive Director of Silver Touch Technologies Limited, said:

“Being re-selected by the Ministry of External Affairs is a strong endorsement of the trust built over more than a decade of partnership. MEA’s digital platforms are of immense national and global significance, and we are proud to continue supporting India’s digital diplomacy with secure, reliable, and future-ready solutions.”

With this engagement, Silver Touch Technologies further strengthens its credentials as a trusted long-term technology partner to key ministries of the Government of India, delivering platforms that combine scale, security, compliance, and strategic impact.

About Silver Touch Technologies Limited:
