“Sahyadri Industries has delivered a robust performance amidst all the challenges due to Covid-19 pandemic.

Historically, Q1 of the financial year is always a good quarter for the Company as well as the industry. The onset of monsoon augurs well for our roofing business. During the quarter, the capacity utilization stood at 88%. We are happy to announce that our Perundurai plant at Tami Nadu will be operational from Q4FY22. So far, we have incurred capex of Rs 30 Crs for the said capacity expansion.

Going forward, we will endorse a three pronged strategy to deliver sustainable growth. The strategy will focus on expanding our customer base, penetrate newer geographies and add new products.”
