PRESS RELEASE

Press Release for Strategic MOU Entered by Sunita Tools Limited with (Friendly) Middle East-Based Company for Facilitation of Upcoming Defence Order

Mumbai, December 22, 2025, Sunita Tools Limited (“the Company”) is pleased to announce that it has entered into a Memorandum of Understanding (MOU) with a (Friendly) Middle East-based company to support the execution of formalities and paperwork of an upcoming defence order for M107 from the Middle Eastern Company.

Under this MOU, the partner company will assist Sunita Tools Limited with government liaison, documentation, regulatory approvals, coordination with local authorities, Payment procedures and follow up and other execution-related formalities in the Middle East Country. In return, the partner company will receive a mutually agreed percentage-based commercial share from the finalized order.

This strategic cooperation is intended to ensure smooth execution, compliance with local laws and regulations, operational efficiency, and timely completion of the proposed order, while strengthening Sunita Tools Limited’s footprint in the Middle east and North African markets.

Key Highlights of the MOU:

1. Facilitation of all local regulatory, administrative, and statutory formalities in the Middle East Country.
2. Coordination with Government authorities, customers, and stakeholders.
3. Support in execution, logistics, and on-ground operational requirements.
4. Commercial participation through a predefined percentage of the order value upon successful execution.

This collaboration aligns with Sunita Tools Limited’s long-term strategy of expanding its international defence and aerospace business through trusted local partnerships and market-specific expertise.

About Sunita

Sunita Tools Limited boasts over 36 years of experience in the Engineering and Mould Base Industry, offering unparalleled customized solutions to various sectors with a forward-thinking approach to meeting future demands today. Our core expertise lies in the manufacture of Ground Plates, Mould Bases, and Precision CNC Machining.
