INAUGURATION OF GREENHITECH VENTURES LTD. NOIDA OFFICE

Greenhitech Ventures Ltd. has inaugurated its new corporate office at Bhutani Alphathum, Sector 90, Noida, Uttar Pradesh. The office is equipped with modern infrastructure and sustainable facilities to support operational efficiency, employee collaboration, and stakeholder engagement.

The inauguration strengthens the Company's presence in Noida and reflects its commitment to growth and operational excellence.

INAUGURATION OF BAMBOO TO ETHANOL PLANT BY HON'BLE PRIME MINISTER

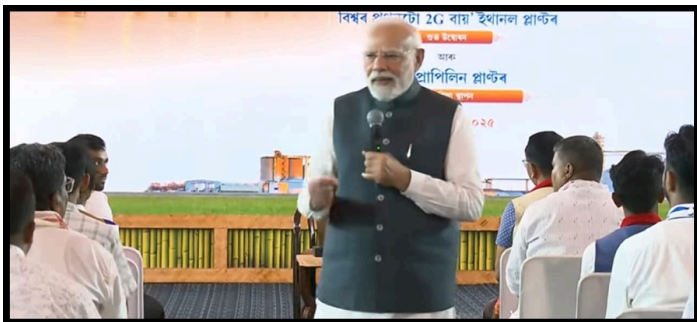

Our subsidiary Tritech, participated in the world's first Bamboo to Ethanol Plant at Numaligarh Refinery Ltd., which was inaugurated by the Hon'ble Prime Minister of India.

This marks a historic milestone in India's renewable energy sector.

The project represents a major step in advancing sustainable energy solutions, reducing reliance on fossil fuels, and supporting India's green energy mission.

DISPATCH OF FIRST BATCH OF BAMBOO TO ETHANOL

Our subsidiary Trittech won the prestigious O&M contract to run the world's first non food crop to ethanol plant .

Trittech successfully produced the ethanol from bamboo and achieved the desired specifications showcasing its technical abilities which has opened new doors in the green energy sector for us.

The dispatch is a critical step toward contributing to India's renewable energy targets and creating a positive environmental impact.

GVL SUBSIDIARY GREENKASHI BIO ENERGY BEGINS PRODUCTION

GreenKashi Bio Energy, a 100% subsidiary of GVL, is pleased to announce the commencement of commercial production at its state-of-the-art facility. The plant will manufacture tire-derived fuel oil, recycle steel, and produce recovered carbon black, utilizing advanced technology and equipment sourced from Klean Industries Inc., Canada. A video is available [[here](#)].

This milestone marks a significant step in GVL's commitment towards sustainable growth and circular economy solutions, by converting end-of-life tires into valuable resources with minimal environmental impact.

ABOUT GREENHITECH VENTURES LIMITED:

Greenhitech Ventures Limited is a prominent player in the biofuels and recycling products providing a wide range of solutions tailored to meet the needs of diverse industries across India ("Greenhitech").

Through its wholly owned subsidiary, GVL has a state of art tire recycling facility producing recovered carbon black, steel wires and tire derived oil.

Greenhitech specializes in the supply of biofuels, ethanol, light density oils, furnace oils, and other alternative fuels. The company is also engaged in Operation & Maintenance (O&M) as a job worker for ethanol production in government-owned distilleries. Under this model, Greenhitech manages the complete ethanol manufacturing process at government facilities and transfers the finished product to the respective distillery, ensuring seamless operations without direct procurement or sales.

Founded originally as a partnership firm in 2011, the company transitioned to a private limited entity in 2023 and subsequently became a public limited company under the name Greenhitech Ventures Limited. Headquartered in Varanasi, Uttar Pradesh, Greenhitech leverages technological innovation, industry expertise, and strong government relationships to provide effective, efficient, and economical solutions for its clients.

Greenhitech's commitment to quality, cost efficiency, and timely delivery, combined with its extensive network of customers and suppliers, positions the company as a leading player in biofuel supply and ethanol manufacturing operations in India.
