## Nihar Info Global Limited Enhances Pan-India Fulfilment Capabilities through Amazon IxD Program

**Subject:** Operationalization of Amazon Inter-State Xpress Delivery (IXD) Program

We wish to inform the Exchange and stakeholders that Nihar Info Global Limited has successfully onboarded and operationalized the Amazon Inter-State Xpress Delivery (IXD) Program, representing a key strategic milestone in the Company's logistics and supply-chain expansion.

### About the Amazon IxD Program

The Amazon Inter-State Xpress Delivery (IXD) Program is a logistics initiative designed to provide the following.

- Simplified and cost-effective operations through a single weight-handling fee structure.
- Faster delivery timelines, resulting in improved customer experience.
- Smart inventory distribution, enabled by automated algorithms based on regional sales demand.

Eligibility for the IXD Program requires sellers to maintain GST registrations in a minimum of three states, including the home state.

### Multi-State GST Registrations:

In compliance with the eligibility criteria and as part of its pan-India expansion strategy, the Company has established Virtual Principal Places of Business (VPPOB) and obtained GST registrations in the following states:

| S.No | State         | GST No          |
|------|---------------|-----------------|
| 1    | Telangana     | 36AAACG6687Q1ZR |
| 2    | Maharashtra   | 27AAACG6687Q1ZQ |
| 3    | Tamilnadu     | 33AAACG6687Q1ZX |
| 4    | Karnataka     | 29AAACG6687Q1ZM |
| 5    | Uttar Pradesh | 09AAACG6687Q1ZO |

**As a result of onboarding into the Amazon IxD Program:**

From the Previous Warehousing Footprint of 2 Warehouses, The Company is currently maintaining inventory across more than 20 Amazon and Flipkart warehouses / fulfilment centers in the above 5 states.

**Expanded Eligibility under IxD:**

With IxD enablement, the Company is now eligible to store inventory across an expanded and dynamic network of Amazon fulfillment centers across the above states, as determined by Amazon's automated IxD allocation algorithms. This significantly enhances the Company's ability to position inventory closer to end-customers.

**Operational Status:**

The Company has:

- Completed all required onboarding formalities
- Been successfully enabled on the Amazon IxD platform
- Commenced dispatch of inventory to multiple fulfilment centers across the eligible states

The IxD operations are now fully operational and live.

**Product Portfolio**

Through this expanded fulfilment infrastructure, the Company is engaged in the sale of Home & Kitchen and Consumer Electronics products, including:

- Home Sewing Machines – Brother
- Home & Kitchen Appliances – Borosil, Panasonic, Bergner etc
- Consumer Electronics – Samsung

### Key Strategic Highlights

- Strengthens the Company's pan-India logistics and distribution capabilities
- Improves delivery speed and customer satisfaction across key markets
- Enhances inventory optimization and logistics cost efficiency
- Supports scalable growth in the e-commerce segment

This development aligns with the Company's long-term strategy of leveraging technology-enabled platforms to strengthen its market presence and improve operational efficiencies.
