**Sub: EKI Energy's Recognition at 16th India CSR Awards.**

Dear Sir(s),

We are pleased to inform you that EKI Energy Services Ltd. has received dual recognition at the 16<sup>th</sup> India CSR Awards for its transformative Clean Cooking Project, including deployment of Improved Cookstove (ICS) solutions across communities in India. The Company has been honoured with a Certificate of Honour and the Winner Award for Excellence in Clean Energy Initiative under the Environment & Sustainability category, acknowledging its leadership in climate action and sustainable development.

Key highlights are detailed in the press release below.

The above information will also be made available on the website of the Company:  
[www.enkingint.org](http://www.enkingint.org).

We request you to kindly take this information on record.

Thanking you

Yours Faithfully

## **EKI Energy Services Ltd. Receives Dual Recognition at 16th India CSR Awards for Pioneering Clean Cooking and Improved Cookstove Initiatives**

### **Industry-Leading Carbon Credit Solutions Drive Sustainable Development Goals and Advance India's COP30 Climate Agenda**

**New Delhi, 24<sup>th</sup> November 2025** — EKI Energy Services Ltd., a global leader in carbon market solutions and climate action, has been conferred with two prestigious accolades at the 16th India CSR Awards in recognition of its transformative Clean Cooking Project. As India intensifies its climate commitments in advance of COP30, EKI's deployment of clean cooking technologies and Improved Cookstove (ICS) solutions has established a benchmark for high-impact, community-driven climate interventions nationwide.

The project received dual recognition under the Environment & Sustainability category: a Certificate of Honour and the Winner Award for Excellence in Clean Energy Initiative. The awards were presented at a distinguished ceremony held at PHD House, New Delhi.

### **Strategic Impact and Global Relevance**

These accolades underscore EKI's leadership in sustainable development, carbon credit generation, and grassroots climate action. The company's clean cooking initiative delivers measurable impact through:

- **Carbon Mitigation:** Significantly reducing biomass consumption and greenhouse gas emissions while generating internationally verifiable carbon credits that strengthen climate finance mechanisms
- **SDG Alignment:** Advancing multiple United Nations Sustainable Development Goals, including SDG 3 (Good Health and Well-being), SDG 5 (Gender Equality), SDG 7 (Affordable and Clean Energy), SDG 13 (Climate Action), and SDG 15 (Life on Land)
- **Scalable Model:** Providing a decentralised, replicable framework demonstrating high-quality carbon mitigation aligned with global climate finance standards

As the international community concludes COP30, EKI's proven methodology offers India a strategic pathway to showcase credible emissions reduction and alignment with international climate frameworks.

### **Leadership Perspective**

Commenting on the recognition, **Manish Dabkara, Managing Director and Chairman of EKI Energy Services Ltd.**, stated: "These awards arrive at a pivotal moment in India's climate journey. Our clean cooking and ICS programmes represent a comprehensive approach to climate action—

simultaneously reducing emissions, improving community health outcomes, empowering women, and generating premium carbon credits that catalyse climate finance. These solutions are integral to India's climate strategy and progress toward the Sustainable Development Goals."

### About the India CSR Awards

The India CSR Awards, organised by the India CSR Network, represent one of India's most distinguished platforms for recognising organisations that deliver measurable environmental and social impact at scale. The awards celebrate excellence in corporate social responsibility and sustainable business practices across diverse sectors.

### About EKI Energy Services Ltd.

EKI Energy Services Ltd. is a global leader in carbon market solutions, climate action, and environmental sustainability. The company specialises in developing, implementing, and managing carbon offset projects that deliver verified emissions reductions while advancing sustainable development objectives. With a proven track record across renewable energy, energy efficiency, and nature-based solutions, EKI serves clients worldwide in navigating the transition to a low-carbon economy.
