The Board of Directors presents the 69th Annual Report of the Corporation and its Audited Statement of Accounts for the year ended March 31, 2025 together with the Auditors' Report and Comments on the Accounts by the Comptroller and Auditor General (CAG) of India.

FINANCIAL RESULTS

The performance of the Corporation during the year 2024-25 vis-à-vis the previous year is summarized in the table below:

(Rs. in Crore)

	2024-25	2023-24
TURNOVER	NIL	NIL
FINANCIALS		
Income	125.08	95.81
Expenses	76.21	43.36
Profits		
Profit Before Tax	48.87	52.46
Profit After Tax	25.72	52.21
Net Worth	(923.71)	(955.3)

OPERATIONS AND BUSINESS PERFORMANCE

In pursuance of direction of the Ministry of Commerce & Industry and approval of the Board of Directors, STC continued as a 'non-operative' company during 2024-25 also and there was no trading income during 2024-25 due to stoppage of business activities by STC since November 2020. However, the Corporation continued monitoring of counter trade obligation as per directions of the Department of Commerce.

The rental income is the only main source of income of STC and available surplus office space at JVB has been rented out to various Govt. Departments/ PSUs/PSU Banks, etc. As a result, the net rental income of STC increased to Rs. 104.66 crore (approx.) during the year 2024-25 as compared to Rs. 76.91 crore (approx.) during 2023-24.

During the year 2024-25, the Corporation reported a net profit (after tax) of Rs. 25.72 crore as against the net profit (after tax) of Rs. 52.21 crore reported during the year 2023-24. The reduction in profit is mainly due to the litigation settlement with M/s Adani Enterprises and reversal of MAT credit in FY 2024-25.

SETTLEMENT OF OUTSTANDING DUES WITH THE BANKS

The Corporation continued to follow-up with the lender banks for expediting the finalization of One Time Settlement (OTS) for settling their remaining dues in line with the decision taken during the high level meeting chaired by Hon'ble CIM on 29.08.2019 regarding One Time Settlement of dues of STC with the Banks. An amount of Rs. 1100 crore had already been paid to the lender banks and as per decision of the high level meeting, STC's identified immovable properties worth Rs. 300 crore (approx.) were to be transferred to Banks on "as is where is"

basis as full and final settlement under the OTS. However, in view of the complexities involved in transferring the said properties, STC pursued and offered alternative course of settlement with lender banks that is instead of transfer of immovable properties, the outstanding Loan to be settled with Rs. 200 crore. The formal proposal offering Rs. 200 crores was submitted to the lender banks, which has been accepted by all the six lender banks.

STC paid Rs. 200 crore in July 2025 to Lead Banker Canara Bank after signing of the Debt Settlement Agreement (DSA) and no dues certificate /Settlement Certificate by all the six lender banks on 11.07.2025 in order to complete the One Time Settlement (OTS) with the lender Banks. Further, the case filed by Lead banker Canara Bank against STC in DRT (case no. TA/18/2022) has been withdrawn by lender bank on 15.07.2025.

DIVIDEND

In view of revised guidelines issued by Department of Investment and Public Asset Management (DIPAM) on Capital Restructuring of CPSEs, STC has sought exemption from paying Dividend from DIPAM through Administrative Ministry since STC is not undertaking any business activity and STC has a negative net worth of approx. MANAGEMENT DISCUSSION & ANALYSIS REPORT

WORLD ECONOMIC OVERVIEW

The global economy was fairly moderate and grew at 3.2% during 2024. The year has been an eventful year globally, witnessing unprecedented electoral activity on the political front, with more than half of the global population voting in major elections across countries. Meanwhile, adverse developments like the Russia-Ukraine conflict and the Israel-Hamas conflict increased regional instability. These events impacted energy and food security, leading to higher prices and rising inflation.

Despite higher interest rates, advanced economies witnessed stable growth of 1.7% during 2024. This was on account of moderate inflation and sustained employment and consumption. Growth in USA remained strong at 2.8 % in 2024 while in the Euro Area, growth improved from 0.4 % in 2023 to 0.8 % in 2024. Within Asia, Japan's growth hindered by domestic supply disruptions in early parts of the year and fell from 1.5% in 2023 to (-) 0.2 % in 2024. China's growth fell from 5.2% in 2023 to 4.8% in 2024 due to sluggish private consumption and investment.

Global economy is holding steady, but at a slower and uneven pace due to geopolitical and structural challenges. Inflation, geopolitical uncertainty and cyber risks will continue to shape the global economic environment in the near term.

OVERVIEW OF INDIAN ECONOMY

Indian economy continued to grow at a steady and confident pace during 2024-25. India's GDP at 6.54 % in 2024-25 was supported by strong domestic demand, easing inflation, robust capital markets and rising exports.

The real gross domestic product (GDP) growth for FY 2024-25 is 6.5 %. The agriculture sector is expected to rebound to a growth of 3.8 % in FY 2024-25. The industrial sector is estimated to grow by 6.2 % in FY 2024-25. Strong growth rates in construction activities and electricity, gas, water supply and other utility services are expected to support industrial expansion.

The agriculture sector is expected to rebound to a growth of 3.8% in FY25. Healthy Kharif production, above- normal monsoons, and an adequate reservoir level supported agriculture growth.

The industrial sector is estimated to grow by 6.2 % in FY25. Strong growth rates in construction activities and electricity, gas, water supply and other utility economic services are expected to support industrial expansion. Q1 saw a strong growth of 8.3 %, but growth moderated in Q2 due to three key factors. First, manufacturing exports slowed significantly due to weak demand from destination countries, and aggressive trade and industrial policies in major trading nations. Second, the above average monsoon disrupted sector like mining, construction and to some extent, manufacturing. Third, the variation in the timing of festivities between September and October in the previous and current years led to a modest growth slowdown in Q2 FY25.

Growth in the service sector 2024-25 is expected to remain robust at 7.2%, driven by healthy activity in financial, real estate, professional services, public administration, defence and other services.

The FDI inflow increased by 14% vis-à-vis last year and rose to approx. USD 81 Billion in FY 2024-25. The current account deficit was contained at just 0.6 % of GDP, mainly due to strong service exports and steady remittances from Indians living abroad.

India's total export touched USD 824.9 billion in 2024-25 vis- a vis USD 778.1 billion in 2023-24. Service exports and merchandise exports (non- petroleum product) by were the key contributors. Merchandise imports rose 5.2 % mainly due to increase non-oil, non-gold imports.

India remains a bright spot with strong and broad-based growth across all major sectors.

An amount of Rs. 1100 crore has already been paid to the lender banks and as per decision of the high level meeting, STC's identified immovable properties worth Rs. 300 crore (approx.) were to be transferred to Banks on as is where is basis as full and final settlement under the OTS. However, in view of the complexities involved in transferring the said properties, STC pursued and offered alternative course of settlement with lender banks instead of transfer of immovable properties to settle the outstanding Loan with Rs. 200 Crore. The formal proposal offering Rs. 200 Crores was submitted to the lender banks, which has been accepted by all the six lender banks.

STC paid Rs.200 crore in July 2025 go to Lead banker Canara Bank after signing of the Debt Settlement Agreement (DSA) and No dues certificate /Settlement Certificate by all the six lender banks on 11.07.2025 in order to complete the One time settlement (OTS) with the lender Banks. S.No	Secretarial Auditor's Observation	Management Reply
1	The Company has not complied with the requirements of composition of Board of Directors, Audit Committee, Nomination and Remuneration Committee, Stakeholders' Relationship Committee and Risk Management Committee under Regulations 17(1), 18(1), 19, 20 and 21(2) of SEBI (LODR) Regulations, 2015, respectively, during the Audit Period as the tenure of 6 (six) Independent Directors was completed in November, 2024.	STC, being a Govt. Company, the Directors (including Independent Directors) of the Company are appointed by Govt. of India through the Administrative Ministry i.e Ministry of Commerce & Industry. Subsequent to completion of tenure of 6 (six) Independent Directors in November, 2024 and 1 (one) Independent Director in March 2025, no appointment of Independent Directors has been made by MoC&I till date. In this connection, STC is regularly following up with Department of Commerce for the appointment of sufficient number of Independent Directors on the Board of STC.
2	As on March 31, 2025, there were only 3 (three) directors in the Board of Directors of the Company, with no Independent Director in the composition of the Board, as the tenure of 1 (one) Independent Director was completed on March 24, 2025.	It is to mention that the Ministry of Commerce had appointed Director (Finance) on the Board of STC vide its order dated 20.05.2025 and accordingly, the minimum requirement of 4 (four) numbers of Directors to constitute the Board of STC, as per Articles of Association of STC has been complied with. Further, STC is regularly following up with Department of Commerce for the appointment of sufficient number of Independent Directors on the Board of STC.
3	The Company held only 3 (three) Audit Committee meetings during the Audit Period.	Since there was only one Independent Director on the Board of STC after the completion of tenure of other Independent Directors, therefore the minimum requirement to constitute the Audit Committee as per SEBI (LODR) Regulations, 2015 and Companies Act, 2013 does not stand fulfilled and accordingly, the Audit Committee could not be reconstituted due to non-appointment of sufficient number of Independent Directors. Further, STC is regularly following up with Department of Commerce for the appointment of sufficient number of Independent Directors on the Board of STC.
4	The Company held its Board of Directors meeting on February 7, 2025, where no minimum Independent Directors were appointed in the Board of the Company.	The tenure of 6 (six) Independent Directors got completed in November, 2024 and 1 (one) Independent Director in March 2025. No fresh appointment of Independent Directors has been made to date by MoC&I. In this connection, STC is regularly following up with Department of Commerce for the appointment of sufficient number of Independent Directors on the Board of STC.
5	The Compliance Officer of the Company is not one level below of the Board of Directors of the Company pursuant of Regulation 6(1) of SEBI(LODR) Regulations, 2015	It is to mention that Board of Directors of the Company in 2019 has appointed Shri Vipin Tripathi (Deputy Manager, E-2 scale) as Company Secretary, Compliance Officer and KMP of the Company. One level below Board level in STC is Chief General Manager (E-8 scale) which is currently vacant. Since, STC is continuing as a non-operative Company, therefore fresh recruitments have been put on hold except mandatory posts and the senior most level officials in STC are E6/E5 level. Further, in this regard, STC has obtained an opinion from M/s BLAK & Co., Practicing Company Secretaries firm and the same is under examination

STANDALONE FINANCIAL RESULTS 2024-25

Independent Auditor's Report

To Members of The State Trading Corporation of India Limited REPORT ON THE AUDIT OF THE STANDALONE FINANCIAL STATEMENTS

We have audited the accompanying standalone financial statements of The State Trading Corporation of India Limited ("the Company"), which comprise the Balance Sheet as at 31st March, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the statement of changes in Equity and the Standalone Cash Flow Statement for the year then ended, notes to the Standalone financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "The Standalone Financial Statements").

Qualified Opinion

In our opinion and various issues as mentioned in the Basis for Qualified Opinion paragraphs, the aforesaid Standalone Financial Statements except for the qualified opinion give the information required by the Companies Act 2013 ("the Act") in the manner so required and present a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rule 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Company as at 31st March 2025 and its net profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

1. Non-Current Assets held for Sale

- i. Refer to Note No.4(a) of Standalone Financial Statements, non-availability of title deeds in the name of the company in respect of following properties namely:

a) Leasehold Building

- i. Leasehold land at Jawahar Vyapar Bhawan valued at Rs. 55,929 lacs
- ii. Leasehold land at Housing Colony at Aurobindo Marg valued at Rs. 12,394 lacs

b) Freehold Building

- i. 8 Residential Flats at Asian Games Village Complex, allotted by DDA amounting to Rs. 2720 lacs
- ii. 7 apartments in different locations of Mumbai amounting to Rs. 1918 lacs
- iii. Flats at Ahemdabad

Further, lease period for plot at Mallet Bunder, Mumbai Port Trust has already expired and the land has been handed over to Mumbai Port Trust. Surrender certificate has been executed on 12.11.2021. But this still continues to be shown as non-current assets held for sale. Thus, non-current assets held for sale has been overstated by Rs. 11.67 lacs. It will also have consequential impact on the Statement of Profit and Loss account resulting into overstatement of profit by Rs. 11.67 lacs.

Further the farm tanks installed at Mallet Bunder amounting to Rs. 14.84 lacs have also been handed over on as is where is basis. The company has not raised any debit note for the same and thus non-current assets are being overstated by Rs. 14.84 lacs.

Further to this, the auction of the STC assets was conducted by MBPT on 11.06.2024 and the assets were ultimately sold for Rs. 355 lacs, with the previously forfeited EMD of Rs. 25 Lacs. STC calculated its total receivables from MBPT at Rs. 418 lacs which includes the sale proceeds, EMD and deposits. STC to set off this amount against the Rs. 257 lacs Lease rent payable, (amount yet to be reconciled with MBPT) resulting in a net receivable of Rs. 161 lacs from MBPT. Refer Note 57.

Further, company has not amortized the value of the leasehold properties according to the IND AS 116 for the period expired till 31.03.2025 resulting into overstatement of non-current assets held for sale and consequential impact on profit of the company, the amount whereof could not be quantified in absence of complete data from the Company.

- ii. Refer Note No. 4, for non-adjustment of value/area in Fixed Assets Register against areas acquired by Delhi Metro Rail Corporation (DMRC) for construction of Metro Station & by L&DO for widening of the Road during Asian Games, as well as the flats/area of land sold by the company to The Handicrafts and Handloom Exports Corporation of India Limited (HHEC) for its Housing colony. Management is in correspondence with DMRC and concerned departments. This has resulted into overstatement of non-current assets held for sale and consequential impact on profit of the company, the amount whereof could not be quantified in absence of complete data from the Company.

2. Trade Receivables

All trade receivables amounting to 1,69,710.16 lacs as per Note No. 9 have been outstanding for more than 3 years. The Company has made provision for bad and doubtful debts amounting to Rs. 62,727.62 lacs and another sum of Rs. 1,06,982.54 lacs have been shown as "Having Significant increase in credit risk" since the same is under litigation. As per

Note No.9, it is explained that no provision has been made for the same since the relevant creditors will be paid only after recovery of these trade receivables, though in most of the cases agreements are not tripartite.

Further there has been no recovery during the Financial Year 2024-25 and there is no major update of legal cases which are pending at various forums. Thus trade receivable are not stated at realizable value less cost to be incurred to recover these trade receivables. There is also no balance confirmation available for these trade receivables as on 31.03.2025 and hence we are unable to comment upon the genuineness and effect of the same on the financial statements, if any.

We are of the view that all trade receivables amounting to 1,69,710.16 lacs are considered doubtful of recovery resulting into short provision for doubtful debts amounting to Rs. 1,06,982.54 lacs. Thus the provision for bad and doubtful debts has been understated by Rs. 1,06,982.54 lacs and consequential impact on the statement of profit and Loss account resulting into overstatement of profit by Rs. 1,06,982.54 lacs.

Further in case of M/s Rajat Pharmaceuticals Ltd (RPL), under note no.39, Pt.No.4, who drew bills of exchange on STC which were accepted upon receipt of overseas buyer's pre-acceptance to STC's bills of exchange. However, the foreign buyers defaulted in making payments against the export bills and have gone into liquidation. A sum of Rs.52786 lacs has been admitted by the liquidator of one of the foreign buyer's i.e. Loben Trading Co. Pte. Ltd, Singapore. A Decree of Rs 6247 lacs approx. has been passed by Hon'ble Bombay High Court in favour of STC against the dues from another foreign buyer i.e Sweetland Trading Pte Ltd., Singapore. As of current date, RPL has gone into liquidation and official liquidator is appointed by Hon'ble High Court of Bombay. The matter is also under investigation by CBI. Banks & Financial institutions have filed legal suit against RPL before DRT/High Court Mumbai, making STC also a party to the case claiming Rs. 47647 lacs.

STC has filed non-money claim suit before different Courts at Delhi & Mumbai for declaring Bills of Exchanges of STC as null and void and unenforceable against STC which were conditionally accepted by STC on back-to-back basis i.e. STC will make payment to Rajat/Banks only upon receipt of export proceeds from the foreign buyers.

STC had filed 272 Criminal Complaints u/s 138 of N.I Act in New Delhi in 2009 which were transferred from MM Court, Patiala House District Court, New Delhi to the 33rd MM Court, Ballard Pier, Mumbai. Now the matters have been again transferred to M.M. Court, Mazgaon, Bombay. STC is claiming an amount of Rs.45,635 lacs from M/s Rajat towards cheque bounce. Cases are at the stage of issuing of summons/arguments on issuing of summons.

Also refer to Note No. 39, for matters other than RPL, as all these matters are sub-judice and/or under investigation of CBI and we are unable to comment upon the genuineness and effect of the same on the Financial Statements.

3. Foreign Currency Receivables and Payables

Currently, as per books of accounts, USD 3,149.35 lacs and Euros 20.90 lacs is receivable from its foreign buyers and USD 41.49 lacs and Pound 0.04 lacs is payable to its foreign suppliers. In nutshell, there are foreign buyers and creditors standing in the financials of STC which have not been revalued in the FY 2024-25.

Thus, the Company has not complied with Ind AS 21 (regarding Effects of Changes in Foreign Exchange) by not revaluing the carrying amounts, in most cases, of foreign currency receivables and payables, which are under litigation/disputed.

Therefore, we are unable to ascertain the potential impact on the financial statements, if any.

4. Other Current Assets

- i. Refer Note No. 14 - "Other Current Assets for non-provisioning in respect of Duties and taxes recoverable, CST (coal) amounting to Rs. 6.89 lacs which is non recoverable and still not written off.
- ii. Refer Note No. 11- Other Financial Assets -Claims Recoverable: For non-provisioning in respect of Claims Recoverable o/s since more than 3 years amounting to Rs.3157.74 lacs where no present status is ascertained by the management of the Company and still not written off.

This is non-compliance of IND AS -36 as no provision has been made for impaired assets.

All these current assets are being reflected at their carrying amounts instead of on Realization values.

This has resulted into overstatement of Current assets by Rs. 3157.74 lacs and overstatement of profit by Rs.3157.74 lacs.

5. Provisions

Refer Note No. 38, for non-provision of a demand of Rs. 4,743 lacs out of total demand received from Land and Development Office - New Delhi amounting to Rs. 13,283 lacs (for the period March,2004 to July, 2018) which has resulted in overstatement of profit by Rs 4,743 lacs and understatement of liabilities. However, it has been shown as contingent liability. Also, company has not provided for interest accruing on the said demand amount (to be calculated at the rate of 10%) approx. Profits are overstated and liabilities are understated by the amount yet to be ascertained by Management.

Director General of Audit has intimated short provision of Rs.75.92 cr towards interest (calculated @10% p.a. on Rs.132.83 cr from 14th July 2018 upto 31st March 2024) which will further cumulate till final payment to L&DO. Profits are overstated and liabilities are understated by the amount yet to be ascertained by Management.

Further, Company has not ascertained liability/ provisional liability for Non-compliance of the various conditions of the Lease deed (including non-deposit of 25% of the gross rent received by STC from its tenants) payable to L&DO for the period August 2018 to March 2025, and the interest thereon. Amount is unascertained by the management. Profits are overstated and liabilities are understated by the amount yet to be ascertained by Management.

6. Trade Payables

Refer Note No.21, All the trade payables amounting to Rs. 1,09,654.70 lacs are without any balance confirmation and are outstanding for more than 3 financial years.

No amount is payable to these parties as these are suppliers who have entered into legal agreement with STC wherein no amount is payable to them until and unless the amount is recovered from the buyer. Thus, the management has not accorded any treatment to these trade payables and to that extent, liabilities are overstated.

7. Statutory Dues

GST

Refer Note No.14, The GST input receivable and payable balances are not reconciled by the Company as on March 31,2025. GST input Rs 54.21 lacs - non claimable but no provision has been made. Profit of the company is overstated by the same amount.

Tax Deducted at Source

TDS deducted will be reconciled with form 26AS at the time of submitting Income Tax return, as on the date of report the complete information is not available.

No provision has been made for TDS default of Rs 7.29 lacs pending, submission of correction statements

8. Investments (Refer Note No.8)

9. Other Equity (Refer Note No.19):

An amount of "Exchange Fluctuation Reserves: Rs.649.53 lacs" & "Bonus Reserve: Rs.0.33 lacs" are appearing in the books of accounts since long. As confirmed by management, these reserves are created long back and details shall be provided in next financial year. We are unable to ascertain its possible impact, if any, on the standalone financial statements of the Company.

10. Other Observations

- i. Refer Note No. 24, customer at credit includes amount payable to U.P. Government amounting to Rs.603 lacs. As informed by the management, the company has made various other claims on U.P Government and accordingly dues of Rs. 3382.23 lacs is recoverable from U.P. Government for which debit note dated March 10, 2014 was raised. However, the said claim was not recognized in the standalone financial statements of the company till date, as its ultimate collection was not certain. In absence of information on acceptability of the said claim by the UP Government, we are unable to ascertain its possible impact, if any, on the standalone financial statements of the Company.

ii. The impact of the following observations is not ascertainable: -

- a. Refer to Cases and Disputes and matters under Litigation and amounts covered under Contingent Assets and Contingent Liabilities, since majority of the matters are subjudice, it is not possible to quantify the liabilities and the interest obligation if any on these cases.

Refers to Note No.38, in respect of litigation matters, their present status and provisioning, if any, required and on-going investigations into the alleged irregularities; further, the Company's past operations have exposed it to the risk of extensive litigation and contractual claims from third parties with increased litigation costs not fully provided for. Due to the range of potential outcomes, voluntary retirement of employees dealing with these cases and the significant uncertainty around the resolution of various claims, the amount of ultimate liabilities, if any, to be recorded in the statements as provision is not ascertainable.

- b. Refer to Claims recoverable from HHEC & CCIC, co-owner to the property at Jawahar Vyapar Bhawan, who have not paid their share of expenses to STC since last many years amounting to Rs. 2693.54 lacs (Rs. 687.69 lacs for HHEC & Rs.2005.85lacs for CCIC) as on March 31,2025. The matter is said to be under correspondence with HHEC & CCIC.

STC received a demand of Rs. 8,002 Lacs from NDMC during 2016-17 towards property tax for the period from 1999-2000 to 2016-17 and the same has been allocated proportionately to CCIC & HHEC. Out of total demand of Rs. 8,002 Lacs, STC has paid Rs. 2,212 Lacs during 2016-17 against which CCIC has paid its share of Rs. 115 Lacs. However, HHEC has not paid its share, hence provision to the extent of share of HHEC out of payment of Rs. 2,212 Lacs has already been made. The matter was pending at Patiala House Court, Delhi, which has vide its order dated 24.03.2025.

HHEC in pursuance to its Board approval dtd. 29.01.2024 submitted a proposal for surrendering back its share of 4.5% office space in JVB and 64 staff quarters at STC housing colony at zero cost to STC in lieu of outstanding dues payable to STC.

Accordingly, STC's Board on 08.08.2024 accorded approval to their offer and HHEC has handed over second floor annexe (3,795.21 sq.ft.) out of 12,667sq.ft. to STC on 26.03.2025.

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Company and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

However, it is to point out that there are no Full Time Working Directors in the Company as on 31st March, 2025 and the Company is functioning only with the assistance of Independent Directors and Director (Finance) on Additional Charge.

Auditors' Responsibilities for the Audit of the Standalone Financial Statements

Our objectives are to obtain reasonable assurance about whether the standalone financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtained an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Company has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Concluded on the appropriateness of management's use of the non-going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Company's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Company to cease to continue as a going concern.

- Evaluated the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

However the financial statements of the Company have been prepared on non-going concern basis as decided by the Board of Directors.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance and importance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

“Annexure B” to INDEPENDENT AUDITOR’S REPORT

Referred to Clause (vii) of Paragraph 2 under the heading of “Report on Other Legal and Regulatory Requirements” of Independent Auditor’s Report of even date to the members of The State Trading Corporation of India Limited on the Standalone Financial Statements for the year ended 31st March 2025.

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of The State Trading Corporation of India Limited (“the Company”) as of March 31, 2024 in conjunction with our audit of the standalone financial statements of the Company for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Company’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to company’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Company’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Company’s internal financial controls system over financial reporting

Meaning of Internal Financial Controls over Financial Reporting

A company’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A company’s internal financial control over financial reporting includes those policies and procedures that

- (1) pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the company;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the company are being made only in accordance with authorizations of management and directors of the company; and
- (3) provide reasonable assurance regarding prevention or timely detection of un-authorized acquisition, use, or disposition of the company’s assets that could have a material effect on the financial statements.

Inherent Limitations of Internal Financial Controls over Financial Reporting (IFCFR)

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and

not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

- a) Company is maintaining "Performance Management System", Payroll Software and "Leave Management System" which are not interfaced with each other as well as the accounting software. As a result of above, Manual Accounting entries are being made on periodical basis in the Tally Prime, Accounting software used by company.
- b) Lack of effective scrutiny of accounting ledgers as far as o/s liabilities/Claims recoverable/Security Deposits is seen as they are not updated.
- c) Manner of maintenance of Fixed Assets Schedule & register (Assets Held for Sale) need to be strengthened.
- d) Lack of proper contract management is noticed. Irrespective of completion of contracts the EMD/Security deposits are still being withheld in the books by the company.
- e) Lack of control over the renewal of Rent/lease Agreements on timely basis. There are numerous of agreements which have not been renewed over a long period.
- f) Ineffective implementation of accounting policy in balance confirmation of trade receivable & vendor balance, is noticed. The balances outstanding in the trade receivable account cannot be reconciled in customers' books as balance confirmations are not obtained and available for these customers.
- g) As there are no proper Full Time working Directors in the Company, and there is also lack of Senior management personnel in the Company, all decisions and matters requiring immediate attention are kept on hold and there is ineffective management control in the Company.

A 'material weakness' is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Company's annual or interim financial statements will not be prevented or detected on a timely basis.

Qualified Opinion

In our opinion, (including the basis for the qualified opinion) the Company has, except for effects of the material weaknesses described above on achievement objectives of the control criteria, in all material respects, an adequate internal financial controls system over financial reporting and such internal financials controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Company considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have, to the extent possible, considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2024 standalone financial statements of the Company, and these material weaknesses are not likely to affect our opinion on the standalone financial statements of the Company.

iv) Operating cycle & classification of Current & Non-Current:

The Company had been in Trading Business, and there was no specific operating cycle; however, 12 months period has been adopted as "the Operating Cycle" in-terms of the provisions of Schedule III to the Companies Act 2013. Accordingly, current liabilities and current assets include the current portion of non-current financial liabilities and assets. Considering the administrative ministry and the Board's decision there will be no further business activities except the pending contracts and in so far as may be required to realise the assets and settle the liabilities. Therefore, from Financial Year 2021-22 onwards, a general Operating Cycle of 12 months has been adopted.

v) Functional Currency:

The standalone financial statements are presented in Indian Rupee (INR) which is company's presentation and functional currency, and all values are in nearest Crores (up to two decimal) unless otherwise stated.

3. Significant Accounting Policies:

3.1. Property, Plant & Equipment (PPE):

- Till the FY 2020-21, the cost of an item of PPE was being recognized as an asset if it were probable that future economic benefits associated with the items will flow to the company and the cost of the item can be measured reliably.

The cost of an item of PPE is comprised of:

- i. Purchase price, including import duties and non-refundable purchase taxes, after deducting tax recoverable, trade discounts and rebates.
 - ii. Costs directly attributable to bringing the PPE to the location and condition necessary for it to be capable of operating in the manner intended by management.
 - iii. Initial estimate of the costs of dismantling and removing the item and restoring the site on which it was located, the obligation for which the company incurred either when the PPE was acquired or as a consequence of having used the PPE during a particular period for purposes other than to produce inventories during that period.
- b) Subsequent expenditure related to an item of PPE was added to its book value only if it increased the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing items of PPE, including day-to-day repair and maintenance expenditure, were charged to the statement of profit and loss for the period during which such expenses were incurred.
 - c) Gains or losses arising from de-recognition of items of PPE were measured as the difference between the net disposal proceeds and the carrying amount of the asset and were recognized in the statement of profit and loss when the asset was derecognized.
 - d) The company has elected to continue with carrying value of PPE from the date of transition.
 - e) The financial statements for the year 2021-22 onward have been prepared on realization basis and the assets have been classified as "Held for Sale". It is probable that future economic benefits associated with the PPEs will not flow to the company in the normal course of business. Therefore, the PPEs have been carried based at their estimated realisable values. Any decrease in the carrying amount owing to such estimates have been charged to revaluation reserve to the extent the reserve created for the respective asset. The difference over and above the revalued amount is recognised in Statement of Profit or Loss under other comprehensive income.

3.2. Intangible Assets:

- a) Till FY 2020-21 all identifiable intangible assets were recognized when the company controlled the asset, it was probable that future economic benefits expected with the respective assets will flow to the company for more than one economic period, and the cost of the asset could be measured reliably.
- b) Intangible assets acquired separately were measured on initial recognition at cost. Cost comprised purchase price, import duties, non-refundable purchase tax, after deducting tax recoverable, trade discount, rebate, and any cost directly attributable to bringing the asset to location and condition necessary for it to be capable of operating in the manner intended by Management. Following initial recognition, intangible assets were carried at cost less accumulated amortization and accumulated impairment losses, if any.
- c) All Intangible Assets (Computer Software's) were stated at carrying value from the date of transition.

The financial statements for the year 2021-22 onward have been prepared on realization basis and the assets have been classified as "Held for Sale". It is probable that future economic benefits associated with the Intangible Assets will not flow to the company in the normal course of business. Therefore, the Intangible Assets have been carried based at their estimated realisable values. Any change in the carrying amount owing to such estimates has been charged to revaluation reserve to the extent the reserve was created for the respective asset. The difference over and above the revalue amount is recognised in Statement of Profit or Loss under other comprehensive income

3.3. Investment Property:

Investment Properties are properties held to earn rentals and / or for capital appreciation. Till FY 2020-21, Investment properties were being measured initially at cost including transaction cost. Subsequently, Investment property was being stated at cost less accumulated depreciation and impairment losses, if any. Depreciation was being provided as per policy of the company for the same. Any gain or loss on disposal was being recognized in Statement of Profit & Loss.

The financial statements for the year 2021-22 have been prepared on realization basis and the assets have been classified as "Held for Sale". It is probable that the company may not be able to earn rentals in the normal course of business. Therefore, the Investment Properties have been carried based at the estimated realisable values. Any decrease in the carrying amount owing to such estimates has been charged to revaluation reserve to the extent the reserve was created for the respective asset. The difference over and above the revalue amount is recognised in Statement of Profit or Loss under other comprehensive income

3.4. Depreciation / Amortization:

Till FY 2020-21, Depreciation was provided on Straight Line Method over the useful life of assets as per Schedule II of Companies Act 2013, keeping a residual value of 5% of the original cost except for the assets in mentioned below:

- Intangible items were depreciated / amortized over a period of 2.5 years.
- Land on perpetual lease was not amortised.
- In case, life was not prescribed under Schedule II of the Companies Act, the same was determined by technically qualified person and approved by the Board of Directors keeping a residual value of 5% of the original cost. The details of such assets & estimated useful life are as under:

S.No.	Description of Assets	Estimated life in years
1.	Components: HVAC plant :-	
a)	Chiller Unit	15
b)	Piping work	15
c)	Air handling wo.	10
d)	Other components	15

- Lease hold assets were amortised over the lease period.

Depreciation method, useful lives, and residual value were reviewed by the management at each year end.

The financial statements for the year 2021-22 onward have been prepared on realization basis and PPEs and Intangible Assets have been classified as "Held for Sale". Hence no depreciation shall be charged on the same and impairment owing to such re-classification has been charged to revaluation reserve to the extent the reserve was created for the respective asset. The difference over and above the revalued amount is charged to profit or loss.

Land on perpetual lease have been revalued, based on the legal rights of the Company in case of termination, and any change in carrying amount has been charged to revaluation reserve to the extent the reserve was created for the respective asset. The difference over and above the revalued amount is charged to profit or loss.

3.5. Impairment of Non-Financial Assets:

If the recoverable amount of an asset (or cash- generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash- generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

At the end of each reporting period, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

3.6. Leases:

W.e.f. 01.04.2019, Ind AS 116 "Leases" was applicable for accounting of leases: -

1. As a Lessee: -

a. Right to use asset: -

- Initial Recognition and treatment- on the date of commencement of lease, the right of use (ROU) asset is measured at present value of lease payments discounted at the interest rate implicit in the incremental borrowing rate.
- Subsequent measurement and treatment- The ROU asset is depreciated as per the depreciation requirements in Ind AS 16 Property, Plant & Equipment. If the ownership is transferred by the company at the end of the lease term or if there is a certainty that the purchase option is exercised by the company, the ROU asset is depreciated over the useful life of the asset. In any other case, the ROU asset is depreciated over the useful life of the asset or the lease term whichever is shorter. Depreciation on the ROU asset is reflected as a charge in the profit & loss account.
- The financial statements for the year 2021-22 have been prepared on realization basis. It is probable that the assets taken on lease by Company may be surrendered within 12 months from the balance sheet date. Therefore, estimated lives of the ROU asset have been re-estimated and depreciation re-calculated accordingly. Any change in the Accumulated Depreciation owing to such re-estimation has been recognised in profit or loss.

b. Lease Liability: -

- Initial Recognition and treatment- on the date the of commencement of lease, the company measures the lease liability at present value of lease payments discounted at the interest rate implicit in the lease or the incremental borrowing rate.
- Subsequent measurement and treatment- The carrying amount of the lease liability will increase by the amount of interest accrued on the lease liability. The carrying amount will be reduced on account of the payments made towards the lease liability. The interest expense on lease liability, being a component of finance cost will be presented separately as a charge in the profit & loss account.

2. As a Lessor: -

Lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

1. Financial Lease: -

- i. Recognition of the asset- Assets held under financial lease are presented as a receivable at an amount equal to the net investment in the lease, increased / decreased by changes in the valuations done at regular intervals. Any increase / decrease in the valuations is recognised in the profit or loss account.
- ii. Recognition of the income- Finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the company's net investment in the lease.

2. Operating Lease: -

- i. Recognition of the asset- Assets held under operating lease are capitalised in the books. The financial statements for FY 2021-22 onward have been prepared on a non-going concern basis. Therefore, such assets have been reinstated at the lower of net realisable value or the depreciated amount, whichever is lower.
- ii. Recognition of the income- The lease payments from operating leases shall have to be recognised as income on either a straight-line basis or another systematic basis. The lessor shall apply another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.
- iii. Recognition of expenses- the expenses associated with earning of lease income, like depreciation shall have to be recognised as expense

3.7. Inventories:

Inventories are carried at lower of cost and net realizable value. Cost is determined as under.

- a) Inventories are valued at lower of net realisable value or the cost, whichever is lower.
- b) Goods-in-transit are valued at lower of net realisable value or CIF cost, whichever is lower.

- c) Cost of inventory comprises cost of purchases, cost of conversion and other cost incurred including manufacturing overheads net of recoverable taxes incurred in bringing them in their present location and condition.
- d) Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of completion and the estimated costs necessary to make the sale. Estimates of net realisable value are based on the most reliable evidence available at the time of estimation as to the amount the inventories are expected to realize

3.8. Revenue Recognition:

IND AS 115 addresses the recognition of revenue from customer contracts and impacts on the amounts and timing of the recognition of such revenue.

Revenue from sale of goods, commodities and any other products are recognised when all following conditions are satisfied :

- i. Neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold is retained.
- ii. Significant risk and rewards of ownership of the goods have been transferred to the buyer.
- iii. The amount of revenue is measured reliably.
- iv. It is probable that the economic benefits associated with the transactions will flow to the company.
- v. The cost incurred or to be incurred in respect of transaction can be measured reliably.
- vi. If there are any trade discounts and volume rebate, with respect to revenues from the sale products and commodities are deducted from revenues.
- vii. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

a) Revenue from Operating Activities:

- Revenues from operating activities include revenues relating to various trading transactions in which the company acts as principal, carries commodity inventories. These revenues are mainly from sale of fertilisers, food grains, metals and other products.
- Margins on Operating Transactions: Margins on operating transactions also include revenue from various trading activities in which company acts as a principal or an agent. Through its trading activities, the company facilitates its customers' purchase and sale of commodities/bullion and other products and charge a fixed margin as agreed.
- The company also facilitates conclusion of the contracts between suppliers / manufacturers and customers and delivery of the products between suppliers and customers. Revenue from such activities is recognised when the contracted services are rendered / goods are supplied to third parties / customers pursuant to the agreements.

IND AS 115 introduced a five-step approach to revenue recognition – identifying the contract; identifying the performance obligations in the contract; determining the transaction price; allocating that transaction price to the performance obligations; and finally recognising the revenue as those performance obligations are satisfied

i. Dividend and Interest Income

Dividend income is recognised when the company's right to receive dividend is established.

Interest income from financial assets is recognised using the effective interest rate (EIR) method.

ii. Claims

Claims (including interest on outstanding) are recognised at cost when there is a reasonable certainty regarding its ultimate collection.

iii. Revenue Recognition on Actual Realization

Income and expenses are accounted for on accrual basis except the following which are recognised on cash basis:

- a) export benefits
- b) interest realizable from the items handled on government account.

3.9 Foreign Currencies:

Transactions in foreign currencies are recorded at the exchange rate prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange difference which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalised as cost of assets. Additionally, exchange gains or losses on foreign currency borrowings taken prior to April 11, 2016 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost off such assets.

Non-monetary items that are measured in terms of historical costs in a foreign currency are recorded using the exchange rates at the date of the transaction.

Non-monetary items measured at fair value in foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation off non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively.)

3.10 Borrowing Costs:

Finance costs include exchange differences arising from foreign currency borrowing to the extent they are regarded as an adjustment to the interest cost.

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing cost directly attributable to the acquisition and construction qualifying asset that necessarily takes substantial time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

A qualifying asset is an asset that necessarily takes substantial time to get ready for its intended use or sale

3.11 Employee Benefits:

i. Short term employee benefits expected to be paid are recognised at their undiscounted amount in the accounting period in which they are incurred keeping the basis of estimates for actuarial calculation on non-going concern basis.

ii. Post-retirement benefits:

a. Defined contribution plan:

Employees' benefit, under defined contribution plan comprising of provident fund (administered through separate trust) and pension fund (administered through defined contribution to LIC) are recognised based on the undiscounted obligation of the company to contribute to the plan in the period in which the employee renders the related service. The same is paid to funds administered through separate trust.

b. Defined Benefit plan:

- i. iProvision for gratuity, leave encashment and half pay leave are determined on the basis of actuarial valuation using the projected unit credit method.
- ii. Liability towards post-retirement medical benefit is provided based on actuarial valuation as at the year end.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to Statement of Profit or Loss.

3.12 Financial Instruments:

Non derivative financial instruments

Non derivative financial instruments consist of:

- I. Financial assets which include cash and cash equivalents, trade receivables, unbilled revenues, finance lease

receivables, employee and other advances, investments in equity and debt securities and eligible current and non-current assets;

- II. Financial liabilities, which include long and short-term loans and borrowings, bank overdrafts, trade payables, eligible current and non-current liabilities.

Initial recognition

Non Derivative financial instruments are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are derecognised when substantial risks and rewards of ownership of the financial assets have been transferred. In cases where substantial risks and rewards of ownership of the financial assets are neither transferred nor retained, financial assets are derecognised only when the company has not retained control over the financial assets.

Subsequent measurement

Subsequent to initial recognition, non-derivative financial instruments are measured as described below:

i. Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents include cash in hand, at banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system. In the statement of financial position, bank overdrafts are presented under borrowings within current liabilities.

- ii. Investments in liquid mutual funds, equity securities (other than subsidiaries, joint ventures, and associates) are valued at their fair value. These instruments are measured at fair value and changes therein, other than important losses, are recognised in statement of profit and loss and presented with in equity, net of taxes. The impairment losses, if any, are reclassified from equity into statement of income. When an available for sale financial asset is derecognised, the related cumulative gain or loss recognised in equity is transferred to the statement of income.

iii. Loans and receivables

loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current financial assets. Loans and receivables are initially. *Recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price.* Loans and receivables comprise trade receivables, unbilled revenues, and other assets.

The company estimates the collectability or otherwise of accounts receivable by analysing historical payment patterns, customer concentrations, customer credit worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

iv. Security deposits

Security deposits are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method, less any impairment losses.

v. Trade and other payables:

Trade and other payables are initially recognised at fair value and subsequently carried at amortised cost using the effective interest method. For these financial instruments, the carrying amounts approximate fair value due to the short-term maturity of these instruments

vi. Investment in subsidiaries, associates and joint ventures:

The Company accounts investment in subsidiary, joint ventures, and associates at cost. An entity controlled by the Company is considered as a subsidiary of the Company. Investments in subsidiary companies outside India are translated at the rate of exchange prevailing on the date of acquisition. Investments where the Company has significant influence are classified as associates. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is neither control nor joint control over these policies. A joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arranged is classified as joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities required unanimous consent of the parties sharing control.

Impairment of financial assets

Financial assets, other than those at Fair Value through Profit and Loss (FVTPL), are assessed for the indicators of impairment at the end of each reporting period. Financial assets are impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected. For available for sale (AFS) equity investments, a significant or prolonged decline in the fair value of the security below its cost is considered to be objective evidence of impairment.

For all other financial assets, objective evidence of impairment could include :

- Significant financial difficulty of the issuer or counterparty;
- Breach of contract, such as a default or delinquency in interest or principal payments;
- It becoming probable that the borrower will enter bankruptcy or financial reorganization; or the disappearance of an active market for that financial asset because of financial difficulties.

For certain categories of financial assets, such as trade receivables, assets are assessed for impairment on individual basis. Objective evidence of impairment for a portfolio of receivables could include Company's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of 0 days, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets that are carried at cost the amount of impairment loss is measured as the difference between the assets carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets except for trade receivables; such impairment losses reduced through the use of an allowance account for respective financial asset. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off or credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not being recognised.

De-recognition of financial assets

The company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and subsequently all the risks and rewards of ownership of the asset to another party. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains significantly all the risks and rewards of the ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds received.

On the recognition of financial assets in its entirety, the difference between the assets carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

3.13 Taxation:

Tax expense: -

Tax expense for the period comprises current tax and deferred tax. Tax recognised in statement of profit and loss, except to the extent that it relates to the items recognised in other comprehensive income or directly in equity in which case the tax is also recognised in other comprehensive income or equity.

1. Current Tax

Current tax comprises the accepted tax payable/receivable only taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates and loss enacted or substantially enacted at the reporting rate.

Current tax assets and liabilities are offset only if, the Company;

- a. As a legally enforceable right to set off the recognised amounts and
- b. Intends either to settle on a net basis, over to realise the assets and settle the liability simultaneously.

2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statement and corresponding tax basis used in computation of taxable profits.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that has been enacted or substantively enacted by the end of the reporting period.

Deferred tax items are recognised in correlation to the underlying transaction either in profit or loss, other comprehensive income or directly in equity.

The breakup of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after settling off deferred tax assets and liabilities where the company have a legally enforceable right to set off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

The DTA over and above the DTL recognized till 31.03.21 has not been carried forward and further, no DTA shall be recognized in view of the non-going concern basis of accounting.

3.14 Provisions, Contingent Liabilities and Contingent Assets:

General:

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probable that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects when appropriate, the risk specific to the liability. When discounting is used, the increase in provision due to passage of time is recognised as a finance cost.

Contingent liabilities:

Contingent liabilities are not recognised but disclosed in Notes to Accounts when the Company has possible obligation due to past events and existence of the obligation depends upon occurrence or non-occurrence of future events not wholly within the control of the Company or when estimates cannot be made of the amount of the obligations.

Contingent liabilities are assessed continuously to determine whether outflow of economic resources have become probable. If the outflow becomes probable, then relative provision is recognised in the financial statements.

Where an entity is jointly and severally liable for an obligation, the part of the obligation that is expected to be met by other parties is treated as a contingent liability. The entity recognises a provision for the part of the obligation which an outflow of resources embodying economic benefits is probable, except in the extremely rare circumstances where no reliable estimate can be made.

Contingent assets:

Contingent assets are not recognised in the financial statements. Such contingent assets are assessed continuously and are disclosed in notes when the inflow of economic benefits become probable or if it is virtually certain that inflow of economic benefits will arise then such assets and the relative income will be recognised in the financial statements.

3.15 Earnings per share:

The Basic earnings per equity is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and the

weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares.

3.16. Segment Information:

The chief operational decision maker monitors the operating results of its business segments separately for the purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on their revenue growth and operating income.

The company has identified its operating segments as exports, imports and domestic. The asset and liability is used in companies business to any of the operating segments that are not identified are shown as unallocated assets/liabilities.

* STC has a wholly owned subsidiary, namely STCL Limited, based at Bangalore. The Union Cabinet in its meeting held on 13th August, 2013 had approved the winding up of STCL Limited, in view of extraordinary losses suffered by it, leading to erosion of its net worth and in view of the remote possibility of turnaround of the company in the foreseeable future. Accordingly, STCL filed the winding up petition on 26.11.2013 in the High Court of Karnataka. However, the winding up petition continues to be pending in the High Court of Karnataka due to objections raised by lender Banks and a few others.

STCL has a negative net worth of Rs. 4,559 crore (as on 31.03.2024) due to accumulation of interest on bank borrowings.

Subsequent to the winding up decision, all the business activities of STCL were stopped and there is no source of income of STCL presently. However, the company is attending to all the administrative matters, pending legal cases and ongoing recovery processes (including ED and CBI matters).

In view of the default by the company in paying due interest amount to the banks, STC was declared NPA. The lender banks have initiated DRT proceedings against the company and Canara Bank (Erstwhile Syndicate bank) had also initiated NCLT proceedings. The company is in the process of finalizing the OTS proposal with the lender banks and the amount crystalized with the Joint Lender Forum (JLF) is RS. 1,90,624 lacs as on 31.12.2018. A part payment of Rs 110000 lacs has already been made to Canara Bank (Erstwhile Syndicate bank), The leader of JLF on 29.03.2019(Rs. 90,000 lacs) and on 27.05.2019 (Rs. 20,000 lacs).

The leader of JLF has withdrawn the NCLT proceeding against STC on 11.12.2019. Further, we are in the process of finalizing the OTS proposal with the lender banks wherein, STC is pursuing alternative course of settlement for payment of Rs. 5,000 lacs upfront and Rs. 625 lacs as monthly instalment for 24 months to lender banks instead of transfer of immovable properties & formal proposal submitted to the lender banks which is under consideration with lender bank. The same has been updated in DRT proceeding & the next date of hearing is 15.07.2025. NFRA circular dated 28.11.2022, states that interest has to be recognized on its borrowings even if classified as NPA by lender banks and OTS is being negotiated with them. STC is expecting the OTS will be concluded in F.Y. 2025-26. Hence, the appropriate treatment in books shall be done at that time.

All the MCA charges as not satisfying are related to OTS with bank. As the OTS yet to be signed with banks. The same cannot be modified / satisfied untill OTS is signed with Banks. Details of charges not satisfied with MCA is hereunder :

** M/s Tanzania Commodities Pvt. Ltd. raised a claim of Rs. 2,446 lacs towards short supply of sugar through the associate M/s Mehek Overseas. The case is pending before the Bombay High Court. Refer note no. 39 (3) for details of M/s Mehek Overseas.

* M/s Mediterranean Shipping raised a claim of Rs. 729 Lacs towards non-payment of Demurrage and storage charges by M/s Mehek Overseas in two separate cases. The cases are pending before the Bombay High Court.

Demand of Rs. 132.83 Crore was raised by L&DO vide its letter no. L&DDO/LS2A/9225/133 dated 26th March 2018 from 2004-05 onwards for non-compliance of various conditions of the Lease Deed (including non-deposits of 25% of the gross rent received by STC from its tenants). However, the company has disputed the demand and the matter is yet to be resolved. On the observation of CAG audit, the firm liability of Rs. 8,540 lacs has been created in the books of accounts for the F.Y. 2021-22. Further, STC through its various letters has been regularly following up with L&DO for providing details of outstanding dues and the latest reminder letter dated 20.05.2025 has been issued by STC requesting L&DO to provide details of outstanding dues, as on date and the reply is still awaited.

*Provision as on 31.03.2025 includes Rs. 1,342.74 lacs (after considering EMD Rs. 199 lacs available with STC) in respect of contract entered into by the company for import of goods from foreign supplier M/s Synergic Industrial Marketing Services (SIMS), Singapore/ Malaysia, on behalf of the Indian buyer M/s Millennium Wires Pvt. Ltd. The documents tendered by the foreign supplier were forged and fabricated. Hence, STC approached its banker (Allahabad Bank) not to release the payment to Foreign Bank against these LCs. Foreign Bank of supplier has approached Delhi High Court for release of payment against LCs. As per court order, Allahabad Bank has deposited decretal amount with court. As a result of this, Allahabad bank debited the account of STC, now Delhi High Court has passed its Judgment in the matter between Allahabad Bank & the Malayan Bank, upholding the decision of single bench against Allahabad Bank to pay the decreed amount (Rs. 1,079.69 lacs along with pendente lite & future simple interest till realization @ 9% p.a.) to Malayan Bank. Subsequent to the Hon'ble Delhi High Court Judgment dated 25.11.2019, STC received a Claim Letter dated 16.01.2020 from Allahabad Bank for an amount of Rs. 1,621.61 lacs along with future interest @ 9.65% p.a.w.m.r. towards all 4 LCs (1 LC was not accepted by STC, but Delhi High Court declared it against UCP 600).

Further, STC has also referred the matter to different legal forums. STC has made a provision of Rs. 1,342.74 lacs (net of EMD Rs.199 lacs available with STC) in respect of three LCs documents accepted by STC. Since STC has refuted the demand raised by Allahabad Bank, hence the balance amount of Rs. 515 lacs has been shown as Contingent liability. Further, lender institutions of the Indian buyer (M/s Millennium Wires Pvt. Ltd) have initiated NCLT proceedings. STC had also filed its claim for an amount of Rs. 1,491 lacs in compliance with Orders of the NCLT, Chandigarh Bench before the liquidator to the same extent of amount claimed by bank from STC at the date of filing claim before liquidator, However. The Liquidator has vide email dated 26.05.2020 rejected STC's claim of amount Rs. 1,491 Lacs. After STC's appeal before NCLT, Chandigarh, which disposed of the matter by ordering the liquidator to reconsider the claim of STC on merit, the liquidator informed that he has admitted claim of STC as unsecured Financial Creditor for Rs. 1,247.64 lacs after adjusting EMD and associated interest.

Notes to accounts for the year ended March 31, 2025

The Liquidator has recorded in the Minutes of the 19th Stakeholders Committee Meeting dated 18.09.2023 that STC has been included in the Stakeholders Committee as Unsecured Financial Creditor with Voting Share Percentage of 20.45%. Liquidation is proceeding as per norms of IBC 2016. Further, Indian Bank (earlier Allahabad Bank) has filed before Debt Recovery Tribunal 2 (DRT 2), New Delhi claiming an amount of Rs. 1,740 lacs approx.. STC has denied and contested this claim. The matter is presently at the stage of Argument. STC had filed a complaint with CBI New Delhi and an FIR NO.: RC2192022E0001 dated 08.02.2022 has been registered by CBI, New Delhi and investigation is underway in the matter."

(iii) **Litigation Settlements:**

- 1 M/s J.K. International (a foreign supplier) had a claim due to abrogation of contract by STC for import of pulses during 2008-09. The claim was disputed by STC on the ground that contract for import of Pulses was on the direction of Ministry of Consumer Affairs and the said Ministry directed STC to abrogate any balance quantity under the said contract. However, the supplier had invoked Arbitration clause and Award of Arbitral Tribunal was in favour of the supplier for Rs. 6,805 lacs plus interest from 01.12.2009. The company filed an appeal against the Tribunal award before the single bench of the Hon'ble Delhi High Court. The judgment was in favour of supplier for an amount of Rs. 5,703 lacs plus interest, which STC has filed an appeal before the Division bench of the Hon'ble Delhi High Court. M/s J. K. international aggrieved by the reduction of amount by Hon'ble Single Bench also filed appeal before Division Bench of Hon'ble High Court. Meantime, M/s. J.K. International filed an SLP against STC at Hon'ble Supreme Court and under order of Hon'ble Supreme Court, STC has paid a sum of Rs. 20 Crore to J.K. International. The matters are still pending before the Delhi High Court Division Bench and are Arguments stage. The matters were last listed on 01.04.2025, however, same could not be heard due to paucity of time. The matters are now scheduled to be heard on 24.07.2025.
- 2 "The company has appropriated an amount of Rs. 2,789 Lacs recoverable from M/s Lichen Metals Pvt. Ltd. (the party) against the deposits of its holding company viz. M/s Edelweiss Pvt. Ltd. due to this, the holding co. of party had gone for arbitration and award was in their favour for the refund of Rs. 2,789 Lacs plus interest @8% p.a. by STC excluding cost of arbitration. Against the same STC has filed an appeal before the Hon'ble High Court. Meanwhile, as per the High Court's direction STC has deposited Rs. 3,192 Lacs with the High Court of Calcutta. The amount has been kept as a Security in the form of FD with High Court, pending appeal.
The money was withdrawn by M/s Edelweiss by submitting a Bank Guarantee of equivalent amount and a sum of Rs. 277 Lacs is left which is the amount of interest accrued over a period of time. Due to prevailing situation caused by the pandemic, the case has not progressed to any decisive stage, due to non-hearing of regular matters. After consultation with AOR in the aforesaid matter, RO is in the process of filing urgent hearing application so that the appearance of the said matter be regularised and the case may be decided on its merit.
- 3 M/s Helm did not accept the invocation of PBG by STC for recovering the differential/less amount in the transaction and approached the High Court of Delhi who referred the matter to ICA, New Delhi. The majority arbitration award was not in favour of STC. Subsequently, STC fought cases at legal forums to protect GOI's interests, however, both High Court and Supreme Court passed an order in favour of Helm indicating that M/s Helm was not contractually bound to restrict the quantity or price the additional quantity at a reduced rate and was contractually right to supply the additional quantity at the contracted price. Accordingly, as per the Court order, STC has paid the arbitral award amount of Rs. 92.05 crore approx. to M/s Helm. It is pertinent to mention here that Canara Bank (STC's bank who encashed Helm's PBG on STC's instructions) is seeking compensation for losses suffered by them for the period they were deprived of the PBG amount i.e. 2009-2011 as the Majority Arbitration Award did not delve upon Canara Bank's claim for interest for the period it was out of pocket (2009-2011) for the amount of PBG.
Canara Bank initiated Arbitration Case: DIAC/5984(1)/01-23 in Delhi International Arbitration Centre (DIAC) against M/s Helm and STC. In the said Arbitration Petition Former Judge, Supreme Court of India i.e. Abhay Manohar Sapre is appointed as Sole Arbitrator to arbitrate the disputes between the parties. During last hearing, arguments from Advocate for M/s Helm were heard. STC had been requesting DOF for payment of the arbitral award amount and losses suffered by STC as the said transaction was handled by the company on behalf and as per the instructions of DOF only.
During the hearing held on 21.03.2025 Ms. Aishwarya Bhati, Ld. ASG appearing for STC advanced arguments on behalf of STC and against the counter claims filed against STC and concluded arguments. Further, Ld. Counsel for Canara Bank sought three weeks' time to advance his reply arguments. Therefore Ld. Counsel for M/s Helm also requested time gap to advance his rejoinder arguments.
Further with the consent of the Ld. Consel for the parties, the schedule of hearing of arguments on behalf of claimant shall be on 29.07.2025 and 30.07.2025."

- 4 STC had hired the Office Premises at Maker Chambers IV, Nariman Point Mumbai on lease basis for the period of 20 years from 01.01.1982 to 01.01.2002 on rental basis. There were a total of 17 landlords. After the expiry of tenancy period of 20 years, STC couldn't hand over the possession of premises on due dated as STC was undertaking critical Govt. supplies of essential commodities and alternate office space was being searched for. However, as per the terms of rent agreement, STC paid the rent for the extended period of stay to the respective landlords.

However, the landlords of the said premises initiated legal action against STC in the year 2002 for vacation of their premises. The legal matter was contested by STC till Supreme Court and STC had handed over the possession of half of the premises in the year 2007 and the other half during August 2012 to the respective landlords.

The landlords have filed various cases for recovery of Mesne profits for the extended period of stay. Out of these cases 6 nos. cases have been dismissed for non-prosecution in the year 2019, in favour of STC. 11 cases are pending before High Court of Bombay and STC has also filed SLP and review petition at Supreme Court in certain case matters. Credit risk refers to the risk of default on its obligation by the counterparty resulting in a financial loss. The maximum exposure to the credit risk at the reporting date is primarily from trade receivables and unbilled revenue. Accordingly, credit risk from trade receivables has been separately evaluated from all other financial assets in the following paragraphs.

Trade Receivables & Unbilled Revenue

(₹ in Lacs)

Particulars	31.03.2025	31.03.2024
Trade Receivables	1,69,710.16	1,69,688.11
Unbilled Revenue	-	-

Trade receivables and unbilled revenue are both secured & unsecured and are derived from revenue earned from customers. On account of adoption of Ind-AS 109, the company uses expected credit loss model to assess the impairment loss or gain. The company uses a provision matrix to compute the expected credit loss allowance for trade receivables and unbilled revenues. The provision matrix takes into account available external and internal credit risk factors such as credit default swap quotes, credit ratings from international credit rating agencies and the company's historical experience for customers.

Credit risk exposure

An analysis of age of trade receivables and unbilled receivables at each reporting date is summarized as follows:

(₹ in Lacs)

Particulars	March 31, 2025		March 31, 2024	
	Gross	Impairment	Gross	Impairment
Not past due	-	-	-	-

Total	1,69,710.16	62,727.62	1,69,688.11	62,727.62

The company considers that all the above financial assets that are not impaired and past due for each reporting dates under review are of good credit quality.

Other Financial Assets

Credit risk relating to cash and cash equivalents is considered negligible because our counterparties are banks. We consider the credit quality of term deposits with such banks that are majority owned by the Government of India and subject to the regulatory oversight of the Reserve Bank of India to be good, and we review these banking relationships on an ongoing basis. Credit risk related to employee loans are considered negligible since loan is secured against the property/guarantee for which loan is granted to the employees. There are no impairment provisions as at each reporting date against these financial assets. We consider all the above financial assets as at the reporting dates to be of good credit quality (Note if any impairment provisions are made against these financial assets then information to be provided)

c) Liquidity Risk

Our liquidity needs are monitored on the basis of monthly and yearly projections. The company's principal sources of liquidity are cash and cash equivalents, cash generated from operations and credit facilities from banks

We manage our liquidity needs by continuously monitoring cash inflows and by maintaining adequate cash and cash equivalents. Net cash requirements are compared to available cash in order to determine any shortfalls.

Short term liquidity requirements consists mainly of sundry creditors, expense payable, employee dues arising during the normal course of business as of each reporting date. We maintain a sufficient balance in cash and cash equivalents to meet our short term liquidity requirements.

Consequent upon the decision taken in the meeting held on 29.08.2019, by the administrative ministry an further decision of the Board in its 639th meeting dated 05.04.2021, it has been resolved that STC to continue as a non-operating company for the time being and to prepare the accounts from the F.Y. 2021-22 onward on non-going concern basis. Due to uncertainty of continuation of operations, the company has not made provision of rent equilisation reserve, pre-paid and prior period expenses.

- 57.** STC had a lease on a plot of land at Mallet Bunder belonging to MBPT, which expired on 17.10.2016. STC initially sought an extension of the lease but later decided to surrender the plots due to a decision to non-viability and stopping trade activities. Subsequently, the said plot was surrendered and surrender certificate was executed on 12.11.2021. MBPT had filed two cases against STC before the H'ble estate officer, but they were withdrawn after a meeting between the two parties, and outstanding issues/ disputes (if any) shall be resolved under the provisions of AMRCD mechanism. The assets handed over to MBPT installed at Mallet Bunder have been surveyed by MBPT, and the value of the Tank farms, machinery way leave, pipelines and other assets will be adjusted against outstanding dues of STC. As per the opinion of legal counsel and GST consultant, STC is liable to pay differential rent i.e. after adjustment of amount paid by STC against the compensation for the use of occupation beyond the lease period to the tune of Rs. 9.20 lac per mensem as per clause no. 24 of the lease agreement dated 30.07.1984 along with applicable GST. Further to above, the auction of the STC assets was conducted by MBPT on 11.06.2024 and the assets were ultimately sold for Rs. 355 lacs, with the previously forfeited EMD of Rs. 25 Lacs. STC calculated its total receivables from MBPT at Rs. 418 lacs which includes the sale proceeds, EMD and deposits. STC to set off this amount against the Rs. 257 lacs Lease rent payable, (amount yet to be reconciled with MBPT) resulting in a net receivable of Rs. 161 lacs from MBPT.
- 58.** Pursuant to circular no. NF-25011/1/2023-O/o Secy-NFRA (National Financial Reporting Authority) dated 29.03.2023 on "Instances of non-compliance with Indian Accounting Standards (Ind ASs) on accounting policies for measurement of Revenue form Contracts with Customers and Trade Receivables" has been revised and approved by Board Dtd. 08.11.2023 which is duly changed and incorporated in note no 3.8 & 3.12 respectively. Since there are no such transactions in STC therefore the financial figure are not affected as on 01.04.2022, 31.03.2023, 31.03.2024 & 31.03.2025 due to the said changes in Accounting policy.

MANAGEMENT REPLIES TO THE OBSERVATION OF STATUTORY AUDITORS ON THE STANDALONE FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR 2024-25

S. No.	Observation of the Statutory Auditor	Management Replies
A.	Basis for Qualified Opinion	
1	Non -Current Assets held for Sale i. Refer to Note No.4(a) of Standalone Financial Statements, non-availability of title deeds in the name of the company in respect of following properties namely: a) Leasehold Building i. Leasehold land at Jawahar Vyapar Bhawan valued at Rs. 55,929 lacs ii. Leasehold land at Housing Colony at Aurobindo Marg valued at Rs. 12,394 lacs b) Freehold Building i. 8 Residential Flats at Asian Games Village Complex, allotted by DDA amounting to Rs. 2720 lacs ii. 7 apartments in different locations of Mumbai amounting to Rs. 1918 lacs iii. Flats at Ahemdabad	a) Leasehold Building (i & ii) Memorandum of Agreement (MOA) are available. Lease deeds have not yet been executed. There are some dues payable to L&DO and DDA. However efforts are being made to settle the same under the directions of MOC&I. Moreover, MOC&I is also taking up the matter directly with L&DO. Title deeds once executed shall be made available. iii. Kindly refer reply to sl.no. 1(ii) b) Freehold Building i. Letter of allotment from DDA are available. ii. Certified True copies duly stamped by Registrar are available
	<p>Further, lease period for plot at Mallet Bunder, Mumbai Port Trust has already expired and the land has been handed over to Mumbai Port Trust. Surrender certificate has been executed on 12.11.2021. But this still continues to be shown as non-current assets held for sale. Thus, non-current assets held for sale has been overstated by Rs. 11.67 lacs. It will also have consequential impact on the Statement of Profit and Loss account resulting into overstatement of profit by Rs. 11.67 lacs.</p> <p>Further the farm tanks installed at Mallet Bunder amounting to Rs. 14.84 lacs have also been handed over on as is where is basis. The company has not raised any debit note for the same and thus non-current assets are being overstated by Rs. 14.84 lacs.</p> <p>Further to this, the auction of the STC assets was conducted by MBPT on 11.06.2024 and the assets were ultimately sold for Rs. 355 lacs, with the previously forfeited EMD of Rs. 25 Lacs. STC calculated its total receivables from MBPT at Rs. 418 lacs which includes the sale proceeds, EMD and deposits. STC to set off this amount against the Rs. 257 lacs Lease rent payable, (amount yet to be reconciled with MBPT) resulting in a net receivable of Rs. 161 lacs from MBPT. Refer Note 57.</p>	<p>STC had a lease on a plot of land at Mallet Bunder belonging to MBPT, which expired on 17.10.2016. STC initially sought an extension of the lease but later decided to surrender the plots due to a decision to non-viability and stopping trade activities. The assets handed over to MBPT installed at Mallet Bunder have been surveyed by MBPT, and the value of the land and farms, machinery way leave, pipelines, and other assets will be adjusted against outstanding dues of STC.</p> <p>In accordance with the opinion of legal counsel and GST consultant, STC is liable to pay differential rent i.e. after adjustment of amount paid by STC against the compensation for the use of occupation beyond the lease period to the tune of Rs. 9.20 lac per month as per clause no. 24 of the lease agreement dated 30.07.1984 along with applicable GST. MBPT informed that the sale of STC's assets at Mallet Bunder, carried out by MBPT, to the tune of Rs. 3.55 crore (excluding GST) Further to this, the reconciliation with MBPT is still to be completed. Accordingly, appropriate treatment will be effected upon reconciliation.</p>

		As per the opinion of legal counsel and GST consultant, STC is liable to pay differential rent i.e. after adjustment of amount paid by STC against the compensation for the use of occupation beyond the lease period to the tune of Rs. 9.20 lac per month as per clause no. 24 of the lease agreement dated 30.07.1984 along with applicable GST. The reconciliation with MBPT is pending. Accordingly, appropriate treatment will be effected upon reconciliation.
	<p>ii. Refer Note No. 4, for non-adjustment of value/area in Fixed Assets Register against areas acquired by Delhi Metro Rail Corporation (DMRC) for construction of Metro Station & by L&DO for widening of the Road during Asian Games, as well as the flats/area of land sold by the company to The Handicrafts and Handloom Exports Corporation of India Limited (HHEC) for its Housing colony. Management is in correspondence with DMRC and concerned departments.</p> <p>This has resulted into overstatement of non-current assets held for sale and consequential impact on profit of the company, the amount whereof could not be quantified in absence of complete data from the Company.</p>	<p>This observation has been repeated since previous years. 325.685 square meters taken by NDMC for widening of roads during Asian Games and 388.91 square meters taken by DMRC for construction of Metro / Metro Station out of the total leasehold land allotted by L&DO to STC for construction of office building at (Jawahar Vyapar Bhawan) Tolstoy Marg, Janpath, New Delhi. The Company has taken up the matter with L&DO for reduction of both the area and the records will be updated in Fixed Assets register/Schedule in respect of its area & value once the final outcome in the matter is arrived at.</p> <p>As per STC's Board's decision dated 31.01.1975, 64 nos. of flats were sold to HHEC. The necessary accounting treatment was done in the year 1975-76 itself.</p>
2	<p>Trade Receivables</p> <p>All trade receivables amounting to 1,69,710.16 lacs as per Note No. 9 have been outstanding for more than 3 years. The Company has made provision for bad and doubtful debts amounting to Rs. 62,727.62 lacs and another sum of Rs. 1,06,982.54 lacs have been shown as "Having Significant increase in credit risk" since the same is under litigation. As per Note No.9, it is explained that no provision has been made for the same since the relevant creditors will be paid only after recovery of these trade receivables, though in most of the cases agreements are not tripartite.</p> <p>Further there has been no recovery during the Financial Year 2024-25 and there is no major update of legal cases which are pending at various forums. Thus trade receivable are not stated at realizable value less cost to be incurred to recover these trade receivables. There is also no balance confirmation available for these trade receivables as on 31.03.2025 and hence we are unable to comment upon the genuineness and effect of the same on the financial statements, if any.</p> <p>We are of the view that all trade receivables amounting to 1,69,710.16 lacs are considered doubtful of recovery resulting into short provision for doubtful debts amounting to Rs. 1,06,982.54 lacs. Thus the provision for bad and doubtful debts has been understated by Rs. 1,06,982.54 lacs and consequential impact on the statement of profit and Loss account resulting into overstatement of profit by Rs. 1,06,982.54 lacs.</p>	<p>Out of the total trade receivable of Rs. 1,69,710.16 lacs includes Rs. 1,06,982.54 lacs "having significant increase in credit risk" being under dispute/litigation.</p> <p>The company feels that even if no amount would eventually be recovered, no credit impairment is required for the credit risk since the creditor will be paid by the company only to the extent the amount is realized from the debtors. Most of the agreements are back to back.</p> <p>Further, this is a trading arrangement continuing since last many years. Since STC has already lodged its claim in the court and the matter are sub-judice, required provision shall be made after decision of the court.</p> <p>Balances of trade receivables, trade payables and liabilities are being reconciled after completion of each transaction and the accounts are settled with the party.</p>

	<p>Further in case of M/s Rajat Pharmaceuticals Ltd (RPL), under note no.39, Pt.No.4, who drew bills of exchange on STC which were accepted upon receipt of overseas buyer's pre-acceptance to STC's bills of exchange. However, the foreign buyers defaulted in making payments against the export bills and have gone into liquidation. A sum of Rs.52786 lacs has been admitted by the liquidator of one of the foreign buyer's i.e. Loben Trading Co. Pte. Ltd, Singapore. A Decree of Rs 6247 lacs approx. has been passed by Hon'ble Bombay High Court in favour of STC against the dues from another foreign buyer i.e Sweetland Trading Pte Ltd., Singapore. As of current date, RPL has gone into liquidation and official liquidator is appointed by Hon'ble High Court of Bombay. The matter is also under investigation by CBI. Banks & Financial institutions have filed legal suit against RPL before DRT/High Court Mumbai, making STC also a party to the case claiming Rs. 47647 lacs.</p> <p>STC has filed non-money claim suit before different Courts at Delhi & Mumbai for declaring Bills of Exchanges of STC as null and void and unenforceable against STC which were conditionally accepted by STC on back-to-back basis i.e. STC will make payment to Rajat/Banks only upon receipt of export proceeds from the foreign buyers.</p> <p>STC had filed 272 Criminal Complaints u/s 138 of N.I Act in New Delhi in 2009 which were transferred from MM Court, Patiala House District Court, New Delhi to the 33rd MM Court, Ballard Pier, Mumbai. Now the matters have been again transferred to M.M. Court, Mazgaon, Bombay. STC is claiming an amount or Rs.45,635 lacs from M/s Rajat towards cheque bounce. Cases are at the stage of issuing of summons/arguments on issuing of summons</p>	<p>This observation has been repeated since previous years. Trade receivables include Rs.56,844 Lacs (approx.) on account of export of pharma products to foreign buyers purchase from M/s Rajat Pharmaceuticals Ltd". (RPL). RPL drew bills of exchange on STC which were also accepted upon receipt of overseas buyers pre-acceptance to STC's bills of exchange. The foreign buyers i.e. M/s Loben Trading and M/s Sweetland, defaulted in making payment against the export bills. As of current date, RPL has gone into liquidation and official liquidator is appointed by Hon'ble High Court Mumbai. The matter is also under investigation by CBI.</p> <p>Since it was a back to back transaction, therefore, no provision is required against the same. Banks & Financial institutions have filed legal suit against RPL before DRT making STC also a party to the case claiming Rs. 47,647 Lacs, which STC is adequately defending.</p> <p>STC has filed non-money claim suit before different Courts at Delhi & Mumbai for declaring Bills of Exchanges of STC as null and void and unenforceable against STC which were conditionally accepted by STC on back to back basis i.e STC will make payment to Rajat/Banks only upon receipt of export proceeds from the foreign buyers.</p> <p>STC had filed 272 Criminal Complaints u/s 138 of N.I Act in New Delhi in 2009 which were transferred from MM Court, Patiala House District Court, New Delhi to the 33rd MM Court, Ballard Pier, Mumbai. Final Order dated 11.06.2025 has been passed by the Hon'ble Debts Recovery Tribunal-II, Delhi. As per the orders Court has directed defendants no. 1 to 4 which includes STC, Rajat Pharma and its 2 Directors to pay Jointly and severally to the applicant bank within 30 days from the date of order, a sum of Rs.26,55,35,824.50/-along with cost, expenses and interest @18% from the date of filing of the OA (May 2009).</p> <p>STC against the order dated 11.06.2025 STC has filed Appeal before the Hon'ble DART on 25.07.2025.</p>

3	<p>Foreign Currency Receivables and Payables</p> <p>Currently, as per books of accounts, USD 3,149.35 lacs and Euros 20.90 lacs is receivable from its foreign buyers and USD 41.49 lacs and Pound 0.04 lacs is payable to its foreign suppliers. In nutshell, there are foreign buyers and creditors standing in the financials of STC which have not been revalued in the FY 2024-25.</p> <p>Thus, the Company has not complied with Ind AS 21 (regarding Effects of Changes in Foreign Exchange) by not revaluing the carrying amounts, in most cases, of foreign currency receivables and payables, which are under litigation/disputed.</p> <p>Therefore, we are unable to ascertain the potential impact on the financial statements, if any.</p>	<p>This observation has been repeated since previous years. The company has complied the requirements of IND AS 21, regarding effects of changes in foreign currency as on balance sheet date. However, this pertains to cases under litigation and had been fully provided in earlier years and the carrying amounts are under dispute. The company has filed legal cases for such outstanding balances for both receivables and payables.</p>
4	<p>Other Current Assets</p> <p>i. 5	<p>Provisions</p> <p>Refer Note No. 38, for non-provision of a demand of Rs. 4,743 lacs out of total demand received from Land and Development Office - New Delhi amounting to Rs. 13,283 lacs (for the period March,2004 to July, 2018) which has resulted in overstatement of profit by Rs 4,743 lacs and understatement of liabilities. However, it has been shown as contingent liability. Also, company has not provided for interest accruing on the said demand amount (to be calculated at the rate of 10%) approx. Profits are overstated and liabilities are understated by the amount yet to be ascertained by Management.</p> <p>Director General of Audit has intimated short provision of Rs.75.92 cr towards interest (calculated @10% p.a. on Rs.132.83 cr from 14th July 2018 upto 31st March 2024) which will further cumulate till final payment to L&DO. Profits are overstated and liabilities are understated by the amount yet to be ascertained by Management.</p> <p>Further, Company has not ascertained liability/provisional liability for Non-compliance of the various conditions of the Lease deed (including non-deposit of 25% of the gross rent received by STC from its tenants) payable to L&DO for the period August 2018 to March 2025, and the interest thereon. Amount is unascertained by the management. 6	<p>Trade Payables</p> <p>Refer Note No.21, All the trade payables amounting to Rs. 1,09,654.70 lacs are without any balance confirmation and are outstanding for more than 3 financial years.</p> <p>No amount is payable to these parties as these are suppliers who have entered into legal agreement with STC wherein no amount is payable to them until and unless the amount is recovered from the buyer. Thus, the management has not accorded any treatment to these trade payables and to that extent, liabilities are overstated</p>	<p>This observation has been repeated since previous years. The company feels that the creditor will be paid by the company only to the extent the amount is realized from the debtors. Most of the agreements are back to back and are under litigation.</p>

As confirmed by management, these reserves are created long back and details shall be provided in next financial year. We are unable to ascertain its possible impact, if any, on the standalone financial statements of the Company.	<p>Exchange Fluctuation Reserve was created in F.Y. 2004-05, which represents exchange fluctuation gains on treasury operations set aside to meet future losses, if any. Since STC still has outstanding payable in foreign currency, the said reserve is retained.</p> <p>Bonus Reserve represents "Set On" available under the Payment of Bonus Act, 1965.</p> <p>Under the Payment of Bonus Act, 1965, "set on" refers to the process of carrying forward any excess allocable surplus (profits) from an accounting year to the next, to be used for bonus payments if the company's profits in the subsequent year are insufficient to cover the minimum bonus.</p> <p>The same will be reviewed in the next financial year.</p>
10	Other Observations	
	i. Refer Note No. 24, customer at credit includes amount payable to U.P. Government amounting to Rs.603 lacs. As informed by the management, the company has made various other claims on U.P. Government and accordingly dues of Rs. 3382.23 lacs is recoverable from U.P. Government for which debit note dated March 10, 2014 was raised. However, the said claim was not recognized in the standalone financial statements of the company till date, as its ultimate collection was not certain. In absence of information on acceptability of the said claim by the UP Government, we are unable to ascertain its possible impact, if any, on the standalone financial statements of the Company.	STC has already filed its claim dtd 28.01.2022 through AMRCD mechanism. Last AMRCD meeting was held on 14.11.2024 wherein AMRCD Committee had directed to carry out reconciliation between STC and UPGEWC. Accordingly, STC vide letter dated 28.02.2025 has sent the documents/information in support of our claim to UPGEWC. Further, reminders dtd. 13.05.2025 & 09.06.2025 have been sent to UPGEWC by STC. STC has been regularly taking up with UPGEWC for their response on STC's letters and for a meeting to carry out reconciliation as directed by AMRCD Committee
The impact of the following observations is not ascertainable		
	a) Refer to Cases and Disputes and matters under Litigation and amounts covered under Contingent Assets and Contingent Liabilities, since majority of the matters are subjudice, it is not possible to quantify the liabilities and the interest obligation if any on these cases..	Since majority of the matters are subjudice, it is not possible to exactly quantify at the litigation stage. However, the same are reviewed continuously.
	Refers to Note No.38, in respect of litigation matters, their present status and provisioning, if any, required and on-going investigations into the alleged irregularities; further, the Company's past operations have exposed it to the risk of extensive litigation and contractual claims from third parties with increased litigation costs not fully provided for. Due to the range of potential outcomes, voluntary retirement of employees dealing with these cases and the significant uncertainty around the resolution of various claims, the amount of ultimate liabilities, if any, to be recorded in the statements as provision is not ascertainable.	<p>The cases under litigation /investigation etc. are being appropriately disclosed under contingent liability. Each case is being assessed at the end of the reporting period on the basis of its merit. The suitable treatment in books of accounts will be made based on the outcome of the ongoing litigation.</p> <p>In case of any material changes arising in the factual position, the same shall be reviewed appropriately.</p>

	<p>b) Refer to Claims recoverable from HHEC & CCIC, co-owner to the property at Jawahar Vyapar Bhawan, who have not paid their share of expenses to STC since last many years amounting to Rs. 2693.54 lacs (Rs. 687.69 lacs for HHEC & Rs.2005.85lacs for CCIC) as on March 31,2025. The matter is said to be under correspondence with HHEC & CCIC.</p> <p>STC received a demand of Rs. 8,002 Lacs from NDMC during 2016-17 towards property tax for the period from 1999-2000 to 2016-17 and the same has been allocated proportionately to CCIC & HHEC. Out of total demand of Rs. 8,002 Lacs, STC has paid Rs. 2,212 Lacs during 2016-17 against which CCIC has paid its share of Rs. 115 Lacs. However, HHEC has not paid its share, hence provision to the extent of share of HHEC out of payment of Rs. 2,212 Lacs has already been made. The matter was pending at Patiala House Court, Delhi, which has vide its order dated 24.03.2025.</p> <p>HHEC in pursuance to its Board approval dtd. 29.01.2024 submitted a proposal for surrendering back its share of 4.5% office space in JVB and 64 staff quarters at STC housing colony at zero cost to STC in lieu of outstanding dues payable to STC.</p> <p>Accordingly, STC's Board on 08.08.2024 accorded approval to their offer and HHEC has handed over second floor annexe (3,795.21 sq.ft.) out of 12,667sq.ft.to STC on 26.03.2025.</p> <p>Since separate valuation of the 2nd floor annex is not available and the total dues pending from HHEC is yet to be reconciled, the necessary accounting entries shall be passed in the books of accounts only upon vacation/handing of the entire share as mentioned above by HHEC. Refer Note No. 39</p>	<p>STC has been pursuing CCIC & HHEC since long for the recovery of the pending payments. However, the pendency still persists.</p> <p>In this regard, instructions were received from the Audit Committee of Directors to take up the matter through AMRCD mechanism. Accordingly, STC vide its letter dated 03.06.2024, referred the matter pertaining to the recovery of dues from CCIC to the Administrative Ministry (MoC&I) for resolution through AMRCD mechanism. Subsequently, a meeting was held with AS&FA, MOC&I on 10.07.2024 and briefed the case to AS&FA. Matter is under process.</p> <p>As regards recovery from HHEC, in pursuance to its Board approval dtd. 29.01.2024 submitted a proposal for surrendering back its share of 4.5% office space in JVB and 64 staff quarters at STC housing colony at zero cost to STC in lieu of outstanding dues payable to STC.</p> <p>Accordingly, STC's Board on 08.08.2024 accorded approval to their offer and HHEC has handed over second floor annexe (3,795.21 sq.ft.) out of 12,740 sq.ft. to STC on 26.03.2025.</p> <p>Since separate valuation of the 2nd floor annex is not available and the total dues pending from HHEC is yet to be reconciled, the necessary accounting entries shall be passed in the books of accounts only upon vacation/handing of the entire share as mentioned above by HHEC</p>
	<p>c) Borrowings</p> <p>Refer to Note No. 20, the view of the default by the company in paying due to interest amount to the banks, STC was declared NPA. The lender banks have initiated DRT proceedings against the company. The memorandum of the OTS (MOTS) proposal with lender banks is still in progress</p> <p>Borrowings have been reflected at Rs.80623.24 lacs. Further, STC is in the process of finalizing the OTS proposal with the lender banks wherein, STC is pursuing alternative course of settlement for payment of Rs. 5,000 lacs upfront and Rs. 625 lacs as monthly instalment for 24 months to lender banks instead of transfer of immovable properties & formal proposal submitted to the lender banks which is under consideration with lender bank. The same has been updated in DRT proceeding & the next date of hearing is 15.07.2025. The amount of liability is subject to final settlement / court order/Approval from Board of Director of the company.</p> <p>NFRA circular dated 28.11.2022, states that interest has to be recognized on its borrowings even if classified as NPA by lender banks and OTS is being negotiated with them. STC is expecting the OTS will be concluded during FY 2025-26. Hence, the appropriate treatment in books shall be done at that time. Impact of OTS proceedings and interest liability on borrowing is not quantified by management.</p>	<p>The Company continued to follow-up with the lender banks for expediting the finalization of One Time Settlement (OTS) for settling their remaining dues in line with the decision taken during the high level meeting chaired by Hon'ble CIM on 29.08.2019 regarding One Time Settlement of dues of STC with the Banks. An amount of Rs. 1100 crore has already been paid to the lender banks and as per decision of the high level meeting, STC's identified immovable properties worth Rs.300 crore (approx.) were to be transferred to Banks on as is where is basis as full and final settlement under the OTS. However, in view of the complexities involved in transferring the said properties, STC pursued to settle the Loan with Rs. 200 Crore as an alternative course of settlement with lender banks instead of transfer of immovable properties and the formal proposal was submitted to the lender banks, which has been accepted by all the six lender banks.</p> <p>STC paid Rs. 200 crore in one go to Lead banker Canara Bank after signing of the Debt Settlement Agreement (DSA) and No dues certificate /Settlement Certificate by all the six lender banks on 11.07.2025 in order to complete the One time settlement (OTS) with the lender Banks. Further, The case filed by Lead banker Canara Bank in DRT (case no. TA/18/2022) has been withdrawn on 15.07.2025. The status of completion of OTS and withdrawal of case in DRT has also been informed to MOC&I.</p>

b.	Lack of effective scrutiny of accounting ledgers as far as o/s liabilities/Claims recoverable/Security Deposits is seen as they are not updated.	This observation has been repeated since previous years. In certain cases where the matter is under litigation/ subjudice in the court.
c.	Manner of maintenance of Fixed Assets Schedule & register (Assets Held for Sale) need to be strengthened.	The company is in the process of strengthening the same.
d.	Lack of proper contract management is noticed. Irrespective of completion of contracts the EMD/Security deposits are still being withheld in the books by the company	There is proper Contract Management and after completion of each contract the EMD/ security deposits are settled as per the contractual terms. As regards the security deposits and EMD's in hand the contracts which could not be undertaken, the Company is in process of refund the same consequent upon decision taken for STC being a non- operative company from the F.Y.2021-22 and onwards.
e.	Lack of control over the renewal of Rent/lease Agreements on timely basis. There are numerous of agreements which have not been renewed over a long period.	All of the rent/lease agreements except IRCTC, STCL and SBI ground Floor have been renewed with the tenants. The renewal of agreement with SBI Ground floor is under process and with IRCTC is being pursued on regular basis
f.	Ineffective implementation of accounting policy in balance confirmation of trade receivable & vendor balance, is noticed. The balances outstanding in the trade receivable account cannot be reconciled in customers' books as balance confirmations are not obtained and available for these customers.	This observation has been repeated since previous years. STC has ceased business operations. Since majority of the outstanding trade receivables and trade payables are under litigation and hence balance confirmation is not taken in view of any adverse effect on the ongoing cases
g.	As there are no proper Full Time working Directors in the Company, and there is also lack of Senior management personnel in the Company, all decisions and matters requiring immediate attention are kept on hold and there is ineffective management control in the Company.	<p>STC is a Govt. company under the administrative control of Ministry of Commerce & Industry. Nominee Directors. The independent Directors are yet to be appointed by the administrative ministry.</p> <p>Two committees namely COSO and COMSO have been constituted with approval of STC's Board of Directors.</p> <p>COSO deliberates and decides on matters having financial implication of upto Rs 5 lakhs and matters not in purview of COSO is taken up by COMSO. We have audited the accompanying Consolidated financial statements of The State Trading Corporation of India Limited ("the Parent") and its subsidiary "STCL Limited", the parent and its subsidiary are together referred to as "the Group" which comprise the Balance Sheet as at 31st March, 2025, the Statement of Profit and Loss (including Other Comprehensive Income), the statement of changes in Equity and the Consolidated Cash Flow Statement for the year then ended, notes to the Consolidated financial statements including a summary of the significant accounting policies and other explanatory information (hereinafter referred to as "The Consolidated Financial Statements").

Qualified Opinion

In our opinion and because of the various issues as mentioned in the Basis for Qualified Opinion paragraphs, the aforesaid Consolidated Financial Statements except for the qualified opinion give the information required by the Companies Act 2013 ("the Act") in the manner so required and present a true and fair view in conformity with the Indian Accounting Standards prescribed under Section 133 of the Act read with the Companies (Indian Accounting Standards) Rule 2015 as amended, ("Ind AS") and other accounting principles generally accepted in India, of the state of affairs of the Group as at 31st March 2025 and its net profit and other comprehensive income, changes in equity and its cash flows for the year ended on that date.

Basis for Qualified Opinion

1. Non -Current Assets held for Sale

- i. Refer to Note No.4(a) of Consolidated Financial Statements, non-availability of title deeds in the name of the Group in respect of following properties namely:
 - a) **Leasehold Building**
 - i. Leasehold land at Jawahar Vyapar Bhawan valued at Rs. 55,929 lacs
 - ii. Leasehold land at Housing Colony at Aurobindo Marg valued at Rs. 12,394 lacs
 - b) **Freehold Building**
 - i. 8 Residential Flats at Asian Games Village Complex, allotted by DDA amounting to Rs. 2720 lacs
 - ii. 7 apartments in different locations of Mumbai amounting to Rs. 1918 lacs
 - iii. Flats at Ahmedabad

Further, lease period for plot at Mallet Bunder, Mumbai Port Trust has already expired and the land has been handed over to Mumbai Port Trust. Surrender certificate has been executed on 12.11.2021. But this still continues to be shown as non-current assets held for sale. Thus, non-current assets held for sale has been overstated by Rs. 11.67 lacs. It will also have consequential impact on the Statement of Profit and Loss account resulting into overstatement of profit by Rs. 11.67 lacs.

Further the farm tanks installed at Mallet Bunder amounting to Rs. 14.84 lacs have also been handed over on as is where is basis. The Group has not raised any debit note for the same and thus non-current assets are being overstated by Rs. 14.84 lacs.

Further to this, the auction of the STC assets was conducted by MBPT on 11.06.2024 and the assets were ultimately sold for Rs. 355 lacs, with the previously forfeited EMD of Rs. 25 Lacs. STC calculated its total receivables from MBPT at Rs. 418 lacs which includes the sale proceeds, EMD and deposits. STC to set off this amount against the Rs. 257 lacs Lease rent payable, (amount yet to be reconciled with MBPT) resulting in a net receivable of Rs. 161 lacs from MBPT. Refer Note 57.

Further, Group has not amortized the value of the leasehold properties according to the IND AS 116 for the period expired till 31.03.2025 resulting into overstatement of non-current assets held for sale and consequential impact on profit of the Group, the amount whereof could not be quantified in absence of complete data from the Group..

- ii. Refer Note No. 4, for non-adjustment of value/area in Fixed Assets Register against areas acquired by Delhi Metro Rail Corporation (DMRC) for construction of Metro Station & by L&DO for widening of the Road during Asian Games, as well as the flats/area of land sold by the Group to The Handicrafts and Handloom Exports Corporation of India

Limited (HHEC) for its Housing colony. Management is in correspondence with DMRC and concerned departments. This has resulted into overstatement of non-current assets held for sale and consequential impact on profit of the Group, the amount whereof could not be quantified in absence of complete data from the Group.

2. Trade Receivables

All trade receivables amounting to 1,72,533.71 lacs as per Note No. 9 have been outstanding for more than 3 years. The Group has made provision for bad and doubtful debts amounting to Rs. 65,551.17 lacs and another sum of Rs. 1,06,982.54 lacs have been shown as **"Having Significant increase in credit risk"** since the same is under litigation. As per Note No.9, it is explained that no provision has been made for the same since the relevant creditors will be paid only after recovery of these trade receivables, though in most of the cases agreements are not tripartite.

Further there has been no recovery during the Financial Year 2024-25 and there is no major update of legal cases which are pending at various forums. Thus, trade receivable are not stated at realizable value less cost to be incurred to recover these trade receivables. There is also no balance confirmation available for these trade receivables as on 31.03.2025 and hence we are unable to comment upon the genuineness and effect of the same on the financial statements, if any.

We are of the view that all trade receivables amounting to 1,72,533.71 lacs are considered doubtful of recovery resulting into short provision for doubtful debts amounting to Rs. 1,06,982.54 lacs. Thus the provision for bad and doubtful debts has been understated by Rs. 1,06,982.54 lacs and consequential impact on the statement of profit and Loss account resulting into overstatement of profit by Rs. 1,06,982.54lacs.

Further in case of M/s Rajat Pharmaceuticals Ltd (RPL), under note no.39, Pt.No.4, who drew bills of exchange on STC which were accepted upon receipt of overseas buyer's pre-acceptance to STC's bills of exchange. However, the foreign buyers defaulted in making payments against the export bills and have gone into liquidation. A sum of Rs.52786 lacs has been admitted by the liquidator of one of the foreign buyer's i.e. Loben Trading Co. Pte. Ltd, Singapore. A Decree of Rs 6247 lacs approx. has been passed by Hon'ble Bombay High Court in favour of STC against the dues from another foreign buyer i.e Sweetland Trading Pte Ltd., Singapore. As of current date, RPL has gone into liquidation and official liquidator is appointed by Hon'ble High Court of Bombay. The matter is also under investigation by CBI. Banks & Financial institutions have filed legal suit against RPL before DRT/High Court Mumbai, making STC also a party to the case claiming Rs. 47647 lacs.

STC has filed non-money claim suit before different Courts at Delhi & Mumbai for declaring Bills of Exchanges of STC as null and void and unenforceable against STC which were conditionally accepted by STC on back-to-back basis i.e. STC will make payment to Rajat/Banks only upon receipt of export proceeds from the foreign buyers.

STC had filed 272 Criminal Complaints u/s 138 of N.I Act in New Delhi in 2009 which were transferred from MM Court, Patiala House District Court, New Delhi to the 33rd MM Court, Ballard Pier, Mumbai. Now the matters have been again transferred to M.M. Court, Mazgaon, Bombay. STC is claiming an amount of Rs.45,635 lacs from M/s Rajat towards cheque bounce. Cases are at the stage of issuing of summons/arguments on issuing of summons.

In the case of ICICI Bank Ltd. (Bank of Rajasthan Ltd.) v. The State Trading Corporation of India Ltd. & Ors related to M/s Rajat Pharmaceuticals Ltd., as per the final order dated 11.06.2025 passed by the Hon'ble Debts Recovery Tribunal-II, Delhi, STC has been directed to deposit a sum of Rs. 2,655 lacs within 30 days from the date of order. However, STC has challenged the DRT, Delhi Award and has filed an appeal before DRAT, Delhi on 25.07.2025. STC is hopeful of getting relief, hence no provision (being of contingent nature) has been made. Profit of the company is overstated and the liabilities are understated by the same amount.

Also refer to Note No. 39, for matters other than RPL, as all these matters are sub-judice and/or under investigation of CBI and we are unable to comment upon the genuineness and effect of the same on the Financial Statements..

3. Foreign Currency Receivables and Payables

Currently, as per books of accounts, USD 3,149.35 lacs and Euros 20.90 lacs is receivable from its foreign buyers and USD 41.49 lacs and Pound 0.04 lacs is payable to its foreign suppliers. In nutshell, there are foreign buyers and creditors standing in the financials of STC which have not been revalued in the FY 2024-25.

Thus, the Group has not complied with Ind AS 21 (regarding Effects of Changes in Foreign Exchange) by not revaluing the carrying amounts, in most cases, of foreign currency receivables and payables, which are under litigation/disputed.

Therefore, we are unable to ascertain the potential impact on the financial statements, if any

4. Other Current Assets

- i. Refer Note No. 14 - "Other Current Assets for non-provisioning in respect of Duties and taxes recoverable, CST (coal) amounting to Rs. 6.89 lacs which is non recoverable and still not written off.

- ii. Refer Note No. 11- Other Financial Assets -Claims Recoverable: For non-provisioning in respect of Claims Recoverable o/s since more than 3 years amounting to Rs.3157.74 lacs where no present status is ascertained by the management of the Group and still not written off.

This is non-compliance of IND AS -36 as no provision has been made for impaired assets.

All these current assets are being reflected at their carrying amounts instead of on Realization values.

This has resulted into overstatement of Current assets by Rs.3157.74 lacs and overstatement of profit by Rs.3157.74 lacs.

5. Provisions

Refer Note No. 38, for non-provision of a demand of Rs. 4,743 lacs out of total demand received from Land and Development Office - New Delhi amounting to Rs. 13,283 lacs (for the period March,2004 to July, 2018) which has resulted in overstatement of profit by Rs 4,743 lacs and understatement of liabilities. However, it has been shown as contingent liability. Also, company has not provided for interest accruing on the said demand amount (to be calculated at the rate of 10%) approx. Profits are overstated and liabilities are understated by the amount yet to be ascertained by Management.

Director General of Audit has intimated short provision of Rs.75.92 cr towards interest (calculated @10% p.a. on Rs.132.83 cr from 14th July 2018 upto 31st March 2024) which will further cumulate till final payment to L&DO. Further, STC vide letter dated 20.05.2025 requested L&DO to provide outstanding dues as on date and the reply is still awaited. Profits are overstated and liabilities are understated by the amount yet to be ascertained by Management.

Further, Company has not ascertained liability/ provisional liability for Non-compliance of the various conditions of the Lease deed (including non-deposit of 25% of the gross rent received by STC from its tenants) payable to L&DO for the period August 2018 to March 2025, and the interest thereon. Amount is unascertained by the management. Profits are overstated and liabilities are understated by the amount yet to be ascertained by Management.

6. Trade Payables

Refer Note No.21, All the trade payables amounting to Rs. 1,09,778.77 lacs are without any balance confirmation and are outstanding for more than 3 financial years.

No amount is payable to these parties as these are suppliers who have entered into legal agreement with STC wherein no amount is payable to them until and unless the amount is recovered from the buyer. Thus, the management has not accorded any treatment to these trade payables and to that extent, liabilities are overstated.

7. Statutory Dues

GST

Refer Note No.14, The GST input receivable and payable balances are not reconciled by the Group as on March 31,2025. GST input Rs 54.21 lacs - non claimable but no provision has been made. Profit of the Group is overstated by the same amount.

Tax Deducted at Source

TDS deducted will be reconciled with form 26AS at the time of submitting Income Tax return, as on the date of report the complete information is not available.

No provision has been made for TDS default of Rs 11.11 lacs pending, submission of correction statements.

8. Penalty Provisions (Refer Note No.7):

STC could not comply with Regulation 17,18,19,20&21 of SEBI (LODR), 2015 due to non-appointment of Independent Directors on the Board of STC and Regulation 33 due to non-submission of consolidated annual financial results for FY 2024-25 due to non-receipt of financial statement from STCL Limited i.e. wholly owned subsidiary company of STC Limited. Consequently, both the stock exchanges i.e BSE and NSE levied a cumulative fine of Rs. 45.17 Lakhs (approx.) on STC for non-compliance of Reg 17,18,19,20,21 & 33 of SEBI (LODR) Regulation, 2015. and STC has taken up the matter with regarding the said non-compliances with its Administrative Ministry and also with the Stock Exchanges to avoid/waive off the penalties imposed in this regard. Based on precedence, STC is hopeful of getting waiver, hence no provision (being of contingent nature) has been made. Profit of the company is overstated and the liabilities are understated by the same amount.

11. Other Observations

- Refer Note No. 24, customer at credit includes amount payable to U.P. Government amounting to Rs 603 lacs. As informed by the management, the The State Trading Corporation of India Limited has made various other claims on U.P Government and accordingly dues of Rs. 3382.23 lacs is recoverable from U.P. Government for which debit note dated March 10, 2014 was raised. However, the said claim was not recognized in the Consolidated financial statements of the Group till date, as its ultimate collection was not certain. In absence of information on acceptability of the said claim by the UP Government, we are unable to ascertain its possible impact, if any, on the Consolidated financial statements of the Group.

ii. The impact of the following observations is not ascertainable: -

- Refer to Cases and Disputes and matters under Litigation and amounts covered under Contingent Assets and Contingent Liabilities, since majority of the matters are subjudice, it is not possible to quantify the liabilities and the interest obligation if any on these cases.

Refers to Note No.38, in respect of litigation matters, their present status and provisioning, if any, required and on-going investigations into the alleged irregularities; further, the Group's past operations have exposed it to the risk of extensive litigation and contractual claims from third parties with increased litigation costs not fully provided for. Due to the range of potential outcomes, voluntary retirement of employees dealing with these cases and the significant uncertainty around the resolution of various claims, the amount of ultimate liabilities, if any, to be recorded in the statements as provision is not ascertainable.

- Refer to Claims recoverable from HHEC & CCIC, co-owner to the property at Jawahar Vyapar Bhawan, who have not paid their share of expenses to STC since last many years amounting to Rs. 2693.54 lacs (Rs. 687.69 lacs for HHEC & Rs.2005.85 lacs for CCIC) as on March 31,2025. The matter is said to be under correspondence with HHEC & CCIC.

STC received a demand of Rs. 8,002 Lacs from NDMC during 2016-17 towards property tax for the period from 1999-2000 to 2016-17 and the same has been allocated proportionately to CCIC & HHEC. Out of total demand of Rs. 8,002 Lacs, STC has paid Rs. 2,212 Lacs during 2016-17 against which CCIC has paid its share of Rs. 115 Lacs. However, HHEC has not paid its share, hence provision to the extent of share of HHEC out of payment of Rs. 2,212 Lacs has already been made. The matter was pending at Patiala House Court, Delhi, which has vide its order dated 24.03.2025.

HHEC in pursuance to its Board approval dtd. 29.01.2024 submitted a proposal for surrendering back its share of 4.5% office space in JVB and 64 staff quarters at STC housing colony at zero cost to STC in lieu of outstanding dues payable to STC.

Accordingly, STC's Board on 08.08.2024 accorded approval to their offer and HHEC has handed over second floor annexe (3,795.21 sq.ft.) out of 12,667sq.ft.to STC on 26.03.2025.

Since separate valuation of the 2nd floor annex is not available and the total dues pending from HHEC is yet to be reconciled, the necessary accounting entries shall be passed in the books of accounts only upon vacation/handing

of the entire share as mentioned above by HHEC. Refer Note No. 39

With respect to the subsidiary company (as reported by its Auditor is reproduced below):

1. Non-Current assets held for disposal

1. Non-Current assets held for disposal

Attention is drawn to Note No.4 of Notes to financial statements which states that non-current assets held for disposal. As per Note NO.3.1(e) in the notes to accounts it is further stated that the financials statements for the year 2024-25 have been prepared on realization basis (non-going concern assumption) and the current assets have been classified as held for disposal. Therefore, all the assets held for disposal have been carried at their estimated realizable values. However, all the non-current assets held for disposal i.e. Property, Plant and Equipment in absence of any report for realizable value has been stated at their respective historical values/carrying values as per books of accounts as on 31.03.2025 and not on realization basis. ***This is non-compliance of the accounting policy, and we are unable to comment on the impact of the same on financial statements.***

Further there is also non-compliance of requirements of IND AS-105

As per IND AS-105, "Non-Current Assets held for sale and discontinued Operations". It requires that assets that meet the criteria to be held for sale should be measured at lower of carrying amount and fair value less costs to sell and to be separately presented in the Balance sheet and also result of discontinued operations to be presented separately in the statement of Profit and Loss.

However, no fair value estimation of the non-current assets held for sale have been carried out as on 31st march, 2025. Thus, there is also non-compliance of IND AS-105 applicable to the Group

2. Borrowings

Refer to Note NO.20, the view of the default by the STCL in paying due to interest amount to the banks, STCL was declared as NPA. The consortium of lenders has taken over the symbolic possession of the assets of the company during the year 2011-12 and initiated legal proceedings against the company for recovery of dues and legal proceedings are pending before the DRT. The company has accounted for interest payable on the borrowing till FY 2018-19 and disclosed as other financial liabilities as interest accrued but not due on borrowings.

The company has not provided interest from FY 2018-19 on Cash Credit and Packing Credit advances availed from the consortium of banks on the ground that the prevailing rate of interest is low in comparison to interest provided in earlier years and confirmation of balance from the banks has not been received by the company. Due to non-provision of interest, the loss has been understated by Rs.1,10,14,54,58,452 /- with consequential reduction in bank liabilities. However, the company has shown the above amount as a contingent liability in the notes to accounts no 39.3.

3. Other current Assets

Further the party has gone for an appeal before Hon'ble High Court of Karnataka which is pending for disposal. We have adjusted money received to the existing debit balances and hence balances are nil as on date. Out of the total Rs.8 crores, Rs.5.61 crores was appropriated towards amounts receivable by the banks, while Rs.1.87 crores was allocated to the company for operating expenses.
7. Attention is drawn to Note No 24(d), Grant has been received from VITC (Visvesvaraiya Industrial Trade Centre) under ASIDE Scheme amounting Rs.1,20,00,000/- for Export Promotion during the year 2006-07 towards Chillyftds Processing Centre-Byadgi. The company has amortized depreciation on assets for which grants were received, at WDV method and has reduced the same from the grants. However, from the FY 2019-20 no grants has been amortized since the possession of such assets for such grant availed has been taken over by the consortium of lenders.

Due to non-availability of conditions relating to disposal or compulsory acquisition, we are unable to opine on the treatment given by the company in the financial statement on the un-amortized portion of grant to the tune of Rs.1,10,09,432.

8. The impact of the following observations is not ascertainable:

- i. Refer to Cases and Disputes and matters under Litigation and amounts covered under Contingent Assets and Contingent Liabilities, since majority of the matters are subjudice, it is not possible to quantify the liabilities and the interest obligation if any on these cases.

ii. Material Uncertainty Related to Going Concern

We draw Attention to Note No. 1 of the notes to financial statements, which states that, the accounts of the Company are prepared based on the assumption that the Company is not a going concern due to following reasons:

- a. The Shareholders of the Company in their Extraordinary General Meeting held on 12.09.2013 had approved winding up of the Company under 433 (a) of the Companies Act, 1956.
- b. Department of Commerce, Ministry of Commerce and Industry vide its letter dated 26.08.2013 had conveyed

approval of the Union Cabinet for winding up of the Company and to offer Voluntary Separation Scheme (VSS) to the Employees.

- c. Company had filed winding up petition before the Hon'ble High Court of Karnataka on 26.11.2013.

Accordingly, the Company has drawn the accounts on Liquidation basis i.e., assets have been revalued on realizable basis, whereas the liabilities towards the bank have been stated at book value, in view of legal cases initiated by the banks against the Company for recovery of their dues and all other liabilities at their settlement value.

These events or conditions indicate that a material uncertainty exists that may cast significant doubt on the company's ability to continue as a going concern. Our opinion is not modified in respect of this matters.

We conducted our audit in accordance with the Standards on Auditing (SAs) specified under section 143(10) of the Companies Act, 2013. Our responsibilities under those Standards are further described in the Auditor's Responsibilities for the Audit of the Consolidated Financial Statements section of our report. We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for opinion (including the basis for the qualified opinion)

Key Audit Matters:

Key audit matters are those matters that, in our professional judgment, were of most significance in our audit of the consolidated financial statements of the current period. These matters were addressed in the context of our audit of the financial statements as a whole, and in forming our opinion thereon, and we do not provide a separate opinion on these matters.

Emphasis of Matter.

The legal proceedings are pending before the DRT. Subsequently during the financial year 2019-20. However, the value at which the banks are likely to auction/receive the bids for the above assets were not known at that point of time. Hence company had reduced the value of assets at book value and also reduced the same from borrowings to Consortium of banks on 31st March 2020. However, during the financial year 2020-21, the company obtained the exact value at which the assets were auctioned was made available. The Management Discussion and Analysis, Annual Report on CSR activities, Report on Corporate Governance, Secretarial Auditor's Report is expected to be made available to us after the date of this auditors' report.

Our opinion on the Consolidated financial statements does not cover the other information and we do not express any form of assurance conclusion thereon.

In connection with our audit of the Consolidated financial statements, our responsibility is to read the other information identified above when it becomes available to us and, in doing so, consider whether the other information is materially inconsistent with the Consolidated financial statements or our knowledge obtained during the course of our audit or otherwise appears to be materially misstated.

Responsibilities of Management and Those Charged with Governance for the Consolidated Financial Statements

This responsibility also includes maintenance of adequate accounting records in accordance with the provisions of the Act for safeguarding of the assets of the Group and for preventing and detecting frauds and other irregularities; selection and application of appropriate implementation and maintenance of accounting policies; making judgments and estimates that are reasonable and prudent; and design, implementation and maintenance of adequate internal financial controls, that were operating effectively for ensuring the accuracy and completeness of the accounting records, relevant to the preparation and presentation of the financial statement that give a true and fair view and are free from material misstatement, whether due to fraud or error.

Management has prepared these financial statements on non-going concern basis as per decision of the Board of Directors.

However, it is to point out that there are no Full Time Working Directors in the Group as on 31st March, 2025 and the Group is functioning only with the assistance of Independent Directors and Director (Finance) on Additional Charge.

Auditors' Responsibilities for the Audit of the Consolidated Financial Statements

Our objectives are to obtain reasonable assurance about whether the Consolidated financial statements as a whole are free from material misstatement, whether due to fraud or error, and to issue an auditor's report that includes our opinion. Reasonable assurance is a high level of assurance, but is not a guarantee that an audit conducted in accordance with SAs will always detect a material misstatement when it exists. Misstatements can arise from fraud or error and are considered material if, individually or in the aggregate, they could reasonably be expected to influence the economic decisions of users taken on the basis of these financial statements.

As part of an audit in accordance with SAs, we exercise professional judgment and maintain professional skepticism throughout the audit. We also:

- Identified and assessed the risks of material misstatement of the financial statements, whether due to fraud or error, design and perform audit procedures responsive to those risks, and obtain audit evidence that is sufficient and appropriate to provide a basis for our opinion. The risk of not detecting a material misstatement resulting from fraud is higher than for one resulting from error, as fraud may involve collusion, forgery, intentional omissions, misrepresentations, or the override of internal control.
- Obtained an understanding of internal financial controls relevant to the audit in order to design audit procedures that are appropriate in the circumstances. Under section 143(3)(i) of the Act, we are also responsible for expressing our opinion on whether the Group has adequate internal financial controls system in place and the operating effectiveness of such controls.
- Evaluated the appropriateness of accounting policies used and the reasonableness of accounting estimates and related disclosures made by management.
- Concluded on the appropriateness of management's use of the non-going concern basis of accounting and, based on the audit evidence obtained, whether a material uncertainty exists related to events or conditions that may cast significant doubt on the Group's ability to continue as a going concern. If we conclude that a material uncertainty exists, we are required to draw attention in our auditor's report to the related disclosures in the financial statements or, if such disclosures are inadequate, to modify our opinion. Our conclusions are based on the audit evidence obtained up to the date of our auditor's report. However, future events or conditions may cause the Group to cease to continue as a going concern.
- Evaluated the overall presentation, structure and content of the financial statements, including the disclosures, and whether the financial statements represent the underlying transactions and events in a manner that achieves fair presentation.

However the financial statements of the Group have been prepared on non-going concern basis as decided by the Board of Directors.

We communicate with those charged with governance regarding, among other matters, the planned scope and timing of the audit and significant audit findings, including any significant deficiencies in internal control that we identify during our audit.

We also provide those charged with governance with a statement that we have complied with relevant ethical requirements regarding independence, and to communicate with them all relationships and other matters that may reasonably be thought to bear on our independence, and where applicable, related safeguards.

From the matters communicated with those charged with governance, we determine those matters that were of most significance and importance in the audit of the financial statements of the current period and are therefore the key audit matters. We describe these matters in our auditor's report unless law or regulation precludes public disclosure about the matter or when, in extremely rare circumstances, we determine that a matter should not be communicated in our report because the adverse consequences of doing so would reasonably be expected to outweigh the public interest benefits of such communication.

Other Matters:

- We did not audit the financial statements of subsidiary namely STCL Limited included in the financials of the Group where financial statements reflect total assets of Rs. 134.41 lacs as at Mar 31, 2025, total revenue of Rs.1.19 lacs and net cash outflows amounting to Rs.62.94 lacs for the year ended on that date, as considered in the consolidated financial statements. - Statutory Committee: As confirmed by STC management, the Group is unable to re-constitute the Statutory Committees i.e. Audit Committee, Stakeholders Relationship Committee, Nomination & Remuneration Committee, CSR Committee and Risk management Committee due to non-availability of Independent Directors on the Board of the Group

“Annexure A” to INDEPENDENT AUDITOR’S REPORT

Referred to Clause (vii) of Paragraph 2 under the heading of “Report on other Legal and Regulatory Requirements” of Independent Auditor’s Report of even date to the members of the State Trading Corporation of India Limited on the Consolidated Financial Statements for the year ended 31st March 2025

Report on the Internal Financial Controls under Clause (i) of Sub-section 3 of Section 143 of the Companies Act, 2013 (“the Act”)

We have audited the internal financial controls over financial reporting of **The State Trading Corporation of India Limited** (“the Group”) as of March 31, 2025 in conjunction with our audit of the consolidated financial statements of the Group for the year ended on that date.

Management’s Responsibility for Internal Financial Controls

The Group’s management is responsible for establishing and maintaining internal financial controls based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls over Financial Reporting issued by the Institute of Chartered Accountants of India (‘ICAI’). These responsibilities include the design, implementation and maintenance of adequate internal financial controls that were operating effectively for ensuring the orderly and efficient conduct of its business, including adherence to Group’s policies, the safeguarding of its assets, the prevention and detection of frauds and errors, the accuracy and completeness of the accounting records, and the timely preparation of reliable financial information, as required under the Companies Act, 2013.

Auditors’ Responsibility

Our responsibility is to express an opinion on the Group’s internal financial controls over financial reporting based on our audit. We conducted our audit in accordance with the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting (the “Guidance Note”) and the Standards on Auditing, issued by ICAI and deemed to be prescribed under section 143(10) of the Companies Act, 2013, to the extent applicable to an audit of internal financial controls, both applicable to an audit of Internal Financial Controls and, both issued by the Institute of Chartered Accountants of India. Those Standards and the Guidance Note require that we comply with ethical requirements and plan and perform the audit to obtain reasonable assurance about whether adequate internal financial controls over financial reporting was established and maintained and if such controls operated effectively in all material respects.

Our audit involves performing procedures to obtain audit evidence about the adequacy of the internal financial controls system over financial reporting and their operating effectiveness. Our audit of internal financial controls over financial reporting included obtaining an understanding of internal financial controls over financial reporting, assessing the risk that a material weakness exists, and testing and evaluating the design and operating effectiveness of internal control based on the assessed risk. The procedures selected depend on the auditor’s judgment, including the assessment of the risks of material misstatement of the financial statements, whether due to fraud or error.

We believe that the audit evidence we have obtained is sufficient and appropriate to provide a basis for our audit opinion on the Group’s internal financial controls system over financial reporting.

Meaning of Internal Financial Controls over Financial Reporting

A Group’s internal financial control over financial reporting is a process designed to provide reasonable assurance regarding the reliability of financial reporting and the preparation of financial statements for external purposes in accordance with generally accepted accounting principles. A Group’s internal financial control over financial reporting includes those policies and procedures that

- (1) Pertain to the maintenance of records that, in reasonable detail, accurately and fairly reflect the transactions and dispositions of the assets of the Group;
- (2) provide reasonable assurance that transactions are recorded as necessary to permit preparation of financial statements in accordance with generally accepted accounting principles, and that receipts and expenditures of the Group are being made only in accordance with authorizations of management and directors of the Group; and
- (3) Provide reasonable assurance regarding prevention or timely detection of un-authorized acquisition, use, or disposition of the Group’s assets that could have a material effect on the financial statements

Inherent Limitations of Internal Financial Controls over Financial Reporting (IFCFR)

Because of the inherent limitations of internal financial controls over financial reporting, including the possibility of collusion or improper management override of controls, material misstatements due to error or fraud may occur and not be detected. Also, projections of any evaluation of the internal financial controls over financial reporting to future

periods are subject to the risk that the internal financial control over financial reporting may become inadequate because of changes in conditions, or that the degree of compliance with the policies or procedures may deteriorate.

Basis for Qualified Opinion

- a) Sa)STC is maintaining “Performance Management System”, Payroll Software and “Leave Management System” which are not interfaced with each other as well as the accounting software. As a result of above, Manual Accounting entries are being made on periodical basis in the Tally ERP, Accounting software used by Parent Company and its subsidiary.
- b) Lack of effective scrutiny of accounting ledgers as far as o/s liabilities/Claims recoverable/Security Deposits is seen as they are not updated.
- c) Manner of maintenance of Fixed Assets Schedule & register need to be strengthened.
- d) Lack of proper contract management is noticed. Irrespective of completion of contracts the EMD/Security deposits are still being withheld in the books by the Parent Company and its subsidiary.
- e) Lack of control over the renewal of Rent/lease Agreements on timely basis. There are numerous of agreements which have not been renewed over a long period.
- f) Ineffective implementation of accounting policy in balance confirmation of trade receivable & vendor balance, is noticed. The balances outstanding in the trade receivable account cannot be reconciled in customers’ books as balance confirmations are not available for these customers.
- g) As there are no proper Full Time working Directors in the Parent Company and its subsidiary, and there is also lack of senior management personnel in the Group, all decisions and matters requiring immediate attention are kept on hold and there is ineffective management control in the Parent Company and its subsidiary.

A ‘material weakness’ is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of the Group’s annual or interim financial statements will not be prevented or detected on a timely basis.

With respect to subsidiary company (as reported by its Auditor is reproduced below):

- i. The Company did not have appropriate Internal control with respect to reconciliation of Trade Receivables, Trade Payables, other creditors and Business Associates, which could result in the material misstatement in books of accounts.
- ii. The lease rent of steam sterilization unit located in Chindwara, Madhya Pradesh was terminated on 03.02.2018 w.e.f. 31.01.2015 due to non-performance. The Company has initiated legal process for recovery of its dues.
- iii. The Board of Directors of the Company had delegated certain powers to the managing director of the company vide 107th board resolution dated 27th January 2006. However, no review of the same has been made subsequently till date. Presently, a General Manager is looking after the activities of the Company and reporting to the board of Directors of the Company.
- iv. The company has not provided interest during the year on Cash Credit and Packing Credit advances availed from the consortium of banks on the ground that the prevailing rate of interest is low in comparison to interest provided in earlier years and confirmation of balance from the banks has not been received by the company. Due to non-provision of interest, the loss has been understated by Rs. 39,73,57,33,294 /- with consequential reduction in bank liabilities.

A ‘material weakness’ is a deficiency, or a combination of deficiencies, in internal financial control over financial reporting, such that there is a reasonable possibility that a material misstatement of company’s annual or interim financial statements will not be prevented or detected on a timely basis.

In our opinion, except for the possible effects of material weaknesses described above on the achievement of objectives of control criteria, the company has maintained, in all material respects, an adequate internal financial control over financial reporting and such internal financial control over financial reporting were operating effectively as at March 31, 2025, based on the internal financial control over financial reporting criteria established by the company considering the essential of internal control stated in the Guidance Note on Audit of internal financial controls over Financial reporting issued by the Institute of Chartered Accountants of India..

Qualified Opinion

In our opinion, (including the basis for the qualified opinion), the Group has, except for effects of the material weaknesses described above on achievement objectives of the control criteria, in all material respects, an adequate internal financial controls system over financial reporting and such internal financial controls over financial reporting were operating effectively as at 31st March, 2025, based on the internal control over financial reporting criteria established by the Group considering the essential components of internal control stated in the Guidance Note on Audit of Internal Financial Controls Over Financial Reporting issued by the Institute of Chartered Accountants of India.

We have, to the extent possible, considered the material weaknesses identified and reported above in determining the nature, timing, and extent of audit tests applied in our audit of the March 31, 2025 Consolidated financial statements of the Group, and these material weaknesses are not likely to affect our opinion on the Consolidated financial statements of the Group.

Significant Accounting Policy

Non-going concern basis

1. Corporate Information:

The State Trading Corporation of India Ltd. (STC) is a public limited company registered in India under the provisions of Companies Act applicable in India. Its shares are listed in two recognised stock exchanges in India. The registered office of the company is located at Jawahar Vyapar Bhawan, Tolstoy Marg, New Delhi- 110001. The Company has been engaged in the Trading Business i.e., import and export in bulk commodities of rice, wheat, sugar, pulses, edible oils, fertilisers, coal, bullion, etc., on behalf of Government/s or Private parties.

2. Basis of Preparation of Financial statement:

i) Statement of Compliance:

The financial statements have been prepared in accordance with Indian Accounting Standards (IND AS) notified under the Companies (Indian Accounting Standards) Rules comply in all material aspects with the relevant provisions of the Companies Act 2013 and other accounting principle generally accepted in India.

ii) Basis of measurement:

Consequent upon the decisions taken in the meeting held on 29.08.2019, by the administrative ministry and further decision of the Board in its 639th meeting dated 05.04.2021, it has been resolved that STC to continue as a non-operating company for the time being and to prepare the accounts from the F.Y. 20221-22 onward on non-going concern basis. Appropriate changes to reflect this have been made in the Significant Accounting Policies and presentation of the financial statements.

iii) Critical Accounting Estimates/Judgements:

In preparing these standalone financial statements, management has made judgments, estimates and assumptions that affect the application of accounting policies and the reported amounts of assets, liabilities, income and expenses and actual results may differ from these estimates. Estimates and underlying assumptions are reviewed on an ongoing basis. Revisions to accounting estimates where necessary are recognized prospectively.

Significant areas of estimation and judgments (as stated in the respective Accounting Policies) that have the most significant effect on the Financial Statements are as follows :

- a. Impairment of Assets.
- b. Measurement of useful life and residual values of property, plant and equipment and the assessment as to which components of the cost may be capitalized.
- c. Recognition and measurement of defined benefit obligations.
- d. Measurement of Fair Values and Expected Credit Loss (ECL)
- e. Judgment is required to ascertain whether it is probable or not that an outflow of resources embodying economic benefits will be required to settle the taxation disputes and legal claim.

iv) Operating cycle & classification of Current &Non-Current:

The Company had been in Trading Business, and there was no specific operating cycle; however, 12 months period has been adopted as "the Operating Cycle" in-terms of the provisions of Schedule III to the Companies Act 2013. Accordingly, current liabilities and current assets include the current portion of non-current financial liabilities and assets. Considering the administrative ministry and the Board's decision there will be no further business activities except the pending contracts and in so far as may be required to realise the assets and settle the liabilities. Therefore, from Financial Year 2021-22 onwards, a general Operating Cycle of 12 months has been adopted.

v) Functional Currency:

The standalone financial statements are presented in Indian Rupee (INR) which is company's presentation and functional currency, and all values are in nearest Crores (up to two decimal) unless otherwise stated.

3. Significant Accounting Policies:

3.1. Property, Plant & Equipment (PPE):

- a) Till the FY 2020-21, the cost of an item of PPE was being recognized as an asset if it were probable that future economic benefits associated with the items will flow to the company and the cost of the item can be measured reliably.

The cost of an item of PPE is comprised of:

- i. Purchase price, including import duties and non-refundable purchase taxes, after deducting tax recoverable, trade discounts and rebates.
 - ii. Costs directly attributable to bringing the PPE to the location and condition necessary for it to be capable of operating in the manner intended by management.
 - iii. Initial estimate of the costs of dismantling and removing the item and restoring the site on which it was located, the obligation for which the company incurred either when the PPE was acquired or as a consequence of having used the PPE during a particular period for purposes other than to produce inventories during that period.
- b) Subsequent expenditure related to an item of PPE was added to its book value only if it increased the future benefits from the existing asset beyond its previously assessed standard of performance. All other expenses on existing items of PPE, including day-to-day repair and maintenance expenditure, were charged to the statement of profit and loss for the period during which such expenses were incurred.
 - c) Gains or losses arising from de-recognition of items of PPE were measured as the difference between the net disposal proceeds and the carrying amount of the asset and were recognized in the statement of profit and loss when the asset was derecognized.
 - d) The company has elected to continue with carrying value of PPE from the date of transition.
 - e) The financial statements for the year 2021-22 onward have been prepared on realization basis and the assets have been classified as "Held for Sale". It is probable that future economic benefits associated with the PPEs will not flow to the company in the normal course of business. Therefore, the PPEs have been carried based at their estimated realisable values. Any decrease in the carrying amount owing to such estimates have been charged to revaluation reserve to the extent the reserve created for the respective asset. The difference over and above the revalued amount is recognised in Statement of Profit or Loss under other comprehensive income.

3.2. Intangible Assets:

- a) Till FY 2020-21 all identifiable intangible assets were recognized when the company controlled the asset, it was probable that future economic benefits expected with the respective assets will flow to the company for more than one economic period, and the cost of the asset could be measured reliably.
- b) Intangible assets acquired separately were measured on initial recognition at cost. Cost comprised purchase price, import duties, non-refundable purchase tax, after deducting tax recoverable, trade discount, rebate, and any cost directly attributable to bringing the asset to location and condition necessary for it to be capable of operating in the manner intended by Management. Following initial recognition, intangible assets were carried at cost less accumulated amortization and accumulated impairment losses, if any.
- c) All Intangible Assets (Computer Software's) were stated at carrying value from the date of transition.

The financial statements for the year 2021-22 onward have been prepared on realization basis and the assets have been classified as "Held for Sale". It is probable that future economic benefits associated with the Intangible Assets will not flow to the company in the normal course of business. Therefore, the Intangible Assets have been carried based at their estimated realisable values. Any change in the carrying amount owing to such estimates has been charged to revaluation reserve to the extent the reserve was created for the respective asset. The difference over and above the revalue amount is recognised in Statement of Profit or Loss under other comprehensive income

3.3. Investment Property:

Investment Properties are properties held to earn rentals and / or for capital appreciation. Till FY 2020-21, Investment properties were being measured initially at cost including transaction cost. Subsequently, Investment property was being stated at cost less accumulated depreciation and impairment losses, if any. Depreciation was being provided as per policy of the company for the same. Any gain or loss on disposal was being recognized in Statement of Profit & Loss.

The financial statements for the year 2021-22 have been prepared on realization basis and the assets have been classified as "Held for Sale". It is probable that the company may not be able to earn rentals in the normal course of business. Therefore, the Investment Properties have been carried based at the estimated realisable values. Any decrease in the carrying amount owing to such estimates has been charged to revaluation reserve to the extent the reserve was created for the respective asset. The difference over and above the revalue amount is recognised in Statement of Profit or Loss under other comprehensive income.

3.4. Depreciation / Amortization:

Till FY 2020-21, Depreciation was provided on Straight Line Method over the useful life of assets as per Schedule II of Companies Act 2013, keeping a residual value of 5% of the original cost except for the assets in mentioned below:

- i. Intangible items were depreciated / amortized over a period of 2.5 years.
- ii. Land on perpetual lease was not amortised.
- iii. In case, life was not prescribed under Schedule II of the Companies Act, the same was determined by technically qualified person and approved by the Board of Directors keeping a residual value of 5% of the original cost. The details of such assets & estimated useful life are as under :

S. No.	Description of Assets	Estimated life in years
1	Components: HVAC plant:-	
a)	Chiller Unit	15
b)	Piping work	15
c)	Air handling work	10
d)	Other components	15

- iv. Lease hold assets were amortised over the lease period.

Depreciation method, useful lives, and residual value were reviewed by the management at each year end.

The financial statements for the year 2021-22 onward have been prepared on realization basis and PPEs and Intangible Assets have been classified as "Held for Sale". Hence no depreciation shall be charged on the same and impairment owing to such re-classification has been charged to revaluation reserve to the extent the reserve was created for the respective asset. The difference over and above the revalued amount is charged to profit or loss.

Land on perpetual lease have been revalued, based on the legal rights of the Company in case of termination, and any change in carrying amount has been charged to revaluation reserve to the extent the reserve was created for the respective asset. The difference over and above the revalued amount is charged to profit or loss.

3.5. Impairment of Non-Financial Assets:

If the recoverable amount of an asset (or cash- generating unit) is estimated to be less than its carrying amount, the carrying amount of the asset (or cash-generating unit) is reduced to its recoverable amount. An impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the impairment loss is treated as a revaluation decrease.

Recoverable amount is the higher of fair value less costs of disposal and value in use. In assessing value in use, the estimated future cash flows are discounted to their present value using a pre-tax discount rate that reflects current market assessments of the time value of money and the risks specific to the asset for which the estimates of future cash flows have not been adjusted.

When an impairment loss subsequently reverses, the carrying amount of the asset (or a cash- generating unit) is increased to the revised estimate of its recoverable amount, but so that the increased carrying amount does not exceed the carrying amount that would have been determined had no impairment loss been recognized for the asset (or cash-generating unit) in prior years. A reversal of an impairment loss is recognized immediately in profit or loss, unless the relevant asset is carried at a revalued amount, in which case the reversal of the impairment loss is treated as a revaluation increase.

At the end of each reporting period, the company reviews the carrying amounts of its tangible and intangible assets to determine whether there is any indication that those assets have suffered an impairment loss. If any such indication exists, the recoverable amount of the asset is estimated in order to determine the extent of the impairment loss (if any). When it is not possible to estimate the recoverable amount of an individual asset, the Company estimates the recoverable amount of the cash-generating unit to which the asset belongs.

Intangible assets with indefinite useful lives and intangible assets not yet available for use are tested for impairment at least annually, and whenever there is an indication that the asset may be impaired.

3.6. Leases:

W.e.f. 01.04.2019, Ind AS 116 "Leases" was applicable for accounting of leases: -

1. As a Lessee: -

a. Right to use asset: -

- Initial Recognition and treatment– on the date of commencement of lease, the right of use (ROU) asset is measured at present value of lease payments discounted at the interest rate implicit in the incremental borrowing rate.
- Subsequent measurement and treatment- The ROU asset is depreciated as per the depreciation requirements in Ind AS 16 Property, Plant & Equipment. If the ownership is transferred by the company at the end of the lease term or if there is a certainty that the purchase option is exercised by the company, the ROU asset is depreciated over the useful life of the asset. In any other case, the ROU asset is depreciated over the useful life of the asset or the lease term whichever is shorter. Depreciation on the ROU asset is reflected as a charge in the profit & loss account.
- The financial statements for the year 2021-22 have been prepared on realization basis. It is probable that the assets taken on lease by Company may be surrendered within 12 months from the balance sheet date. Therefore, estimated lives of the ROU asset have been re-estimated and depreciation re-calculated accordingly. Any change in the Accumulated Depreciation owing to such re-estimation has been recognised in profit or loss.

b. Lease Liability: -

- Initial Recognition and treatment– on the date the of commencement of lease, the company measures the lease liability at present value of lease payments discounted at the interest rate implicit in the lease or the incremental borrowing rate.
- Subsequent measurement and treatment- The carrying amount of the lease liability will increase by the amount of interest accrued on the lease liability. The carrying amount will be reduced on account of the payments made towards the lease liability. The interest expense on lease liability, being a component of finance cost will be presented separately as a charge in the profit & loss account.

2. As a Lessor: -

Lease is classified as a finance lease if it transfers substantially all the risks and rewards incidental to ownership. A lease is classified as an operating lease if it does not transfer substantially all the risks and rewards incidental to ownership.

1. Financial Lease: -

- Recognition of the asset- Assets held under financial lease are presented as a receivable at an amount equal to the net investment in the lease, increased / decreased by changes in the valuations done at regular intervals. Any increase / decrease in the valuations is recognised in the profit or loss account.
- Recognition of the income- Finance income over the lease term, based on a pattern reflecting a constant periodic rate of return on the company's net investment in the lease.

2. Operating Lease: -

- Recognition of the asset- Assets held under operating lease are capitalised in the books. The financial statements for FY 2021-22 onward have been prepared on a non-going concern basis. Therefore, such assets have been reinstated at the lower of net realisable value or the depreciated amount, whichever is lower.
- Recognition of the income- The lease payments from operating leases shall have to be recognised as income on either a straight-line basis or another systematic basis. The lessor shall apply another systematic basis if that basis is more representative of the pattern in which benefit from the use of the underlying asset is diminished.
- Recognition of expenses- the expenses associated with earning of lease income, like depreciation shall have to be recognised as expense.

3.7 Inventories:

Inventories are carried at lower of cost and net realizable value. Cost is determined as under :

- Inventories are valued at lower of net realisable value or the cost, whichever is lower.
- Goods-in-transit are valued at lower of net realisable value or CIF cost, whichever is lower.
- Cost of inventory comprises cost of purchases, cost of conversion and other cost incurred including manufacturing overheads net of recoverable taxes incurred in bringing them in their present location and condition.
- Net realisable value is the estimated selling price in the ordinary course of business less the estimated costs of

completion and the estimated costs necessary to make the sale. Estimates of net realisable value are based on the most reliable evidence available at the time of estimation as to the amount the inventories are expected to realize.

3.8 Revenue Recognition:

IND AS 115 addresses the recognition of revenue from customer contracts and impacts on the amounts and timing of the recognition of such revenue.

Revenue from sale of goods, commodities and any other products are recognised when all following conditions are satisfied:

- i. Neither continuing managerial involvement to the degree usually associated with ownership nor effective control over the goods sold is retained.
- ii. Significant risk and rewards of ownership of the goods have been transferred to the buyer.
- iii. The amount of revenue is measured reliably.
- iv. It is probable that the economic benefits associated with the transactions will flow to the company.
- v. The cost incurred or to be incurred in respect of transaction can be measured reliably.
- vi. If there are any trade discounts and volume rebate, with respect to revenues from the sale products and commodities are deducted from revenues.
- vii. Revenue towards satisfaction of a performance obligation is measured at the amount of transaction price (net of variable consideration) allocated to that performance obligation. The transaction price of goods sold and services rendered is net of variable consideration on account of various discounts and schemes offered by the Company as part of the contract.

a) Revenue from Operating Activities:

- Revenues from operating activities include revenues relating to various trading transactions in which the company acts as principal, carries commodity inventories. These revenues are mainly from sale of fertilisers, food grains, metals and other products.
- Margins on Operating Transactions: Margins on operating transactions also include revenue from various trading activities in which company acts as a principal or an agent. Through its trading activities, the company facilitates its customers' purchase and sale of commodities/bullion and other products and charge a fixed margin as agreed.
- The company also facilitates conclusion of the contracts between suppliers / manufacturers and customers and delivery of the products between suppliers and customers. Revenue from such activities is recognised when the contracted services are rendered / goods are supplied to third parties / customers pursuant to the agreements

IND AS 115 introduced a five-step approach to revenue recognition – identifying the contract; identifying the performance obligations in the contract; determining the transaction price; allocating that transaction price to the performance obligations; and finally recognising the revenue as those performance obligations are satisfied.

i. Dividend and Interest Income

Dividend income is recognised when the company's right to receive dividend is established.

Interest income from financial assets is recognised using the effective interest rate (EIR) method

ii. Claims

Claims (including interest on outstanding) are recognised at cost when there is a reasonable certainty regarding its ultimate collection.

iii. Revenue Recognition on Actual Realization

Income and expenses are accounted for on accrual basis except the following which are recognised on cash basis:

- a) export benefits
- b) interest realizable from the items handled on government account.

3.9 Foreign Currencies:

Transactions in foreign currencies are recorded at the exchange rate prevailing at the dates of the transactions. Monetary assets and liabilities denominated in foreign currencies are translated at the functional currency closing rates of exchange at the reporting date.

Exchange differences arising on settlement or translation of monetary items are recognised in Statement of Profit and Loss except to the extent of exchange difference which are regarded as an adjustment to interest costs on foreign currency borrowings that are directly attributable to the acquisition or construction of qualifying assets, are capitalised as cost of assets. Additionally, exchange gains or losses on foreign currency borrowings taken prior to April 11, 2016 which are related to the acquisition or construction of qualifying assets are adjusted in the carrying cost off such assets.

Non-monetary items that are measured in terms of historical costs in a foreign currency are recorded using the exchange rates at the date of the transaction.

Non-monetary items measured at fair value in foreign currency are translated using the exchange rates at the date when the fair value was measured. The gain or loss arising on translation off non-monetary items measured at fair value is treated in line with the recognition of the gain or loss on the change in fair value of the item (i.e., translation differences on items whose fair value gain or loss is recognised in OCI or Statement of Profit and Loss are also recognised in OCI or Statement of Profit and Loss, respectively.)

3.10 Borrowing Costs:

Finance costs include exchange differences arising from foreign currency borrowing to the extent they are regarded as an adjustment to the interest cost.

Borrowing cost includes interest and amortization of ancillary costs incurred in connection with the arrangement of borrowings.

Borrowing cost directly attributable to the acquisition and construction qualifying asset that necessarily takes substantial time to get ready for its intended use or sale are capitalised as part of the cost of the respective asset. All other borrowing costs are expensed in the period they occur.

A qualifying asset is an asset that necessarily takes substantial time to get ready for its intended use or sale.

3.11 Employee Benefits:

i. Short term employee benefits expected to be paid are recognised at their undiscounted amount in the accounting period in which they are incurred keeping the basis of estimates for actuarial calculation on non-going concern basis.

ii. Post-retirement benefits:

a. **Defined contribution plan:** Employees' benefit, under defined contribution plan comprising of provident fund (administered through separate trust) and pension fund (administered through defined contribution to LIC) are recognised based on the undiscounted obligation of the company to contribute to the plan in the period in which the employee renders the related service. The same is paid to funds administered through separate trust

b. Defined Benefit plan:

i. Provision for gratuity, leave encashment and half pay leave are determined on the basis of actuarial valuation using the projected unit credit method.

ii. Liability towards post-retirement medical benefit is provided based on actuarial valuation as at the year end.

Re-measurement, comprising actuarial gains and losses, the effect of the changes to the asset ceiling (if applicable) and the return on plan assets (excluding interest), is reflected immediately in the statement of financial position with a charge or credit recognised in other comprehensive income in the period in which they occur. Re-measurement recognised in other comprehensive income is reflected immediately in retained earnings and will not be reclassified to Statement of Profit or Loss.

3.12 Financial Instruments:

Non derivative financial instruments

Non derivative financial instruments consist of:

I. Financial assets which include cash and cash equivalents, trade receivables, unbilled revenues, finance lease receivables, employee and other advances, investments in equity and debt securities and eligible current and non-current assets;

II. Financial liabilities, which include long and short-term loans and borrowings, bank overdrafts, trade payables, eligible current and non-current liabilities.

Initial recognition

Non Derivative financial instruments are recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset.

Financial assets are derecognised when substantial risks and rewards of ownership of the financial assets have been transferred. In cases where substantial risks and rewards of ownership of the financial assets are neither transferred nor retained, financial assets are derecognised only when the company has not retained control over the financial assets

Subsequent measurement

Subsequent to initial recognition, non-derivative financial instruments are measured as described below:

i. Cash and cash equivalents

For the purposes of the cash flow statement, cash and cash equivalents include cash in hand, at banks and demand deposits with banks, net of outstanding bank overdrafts that are repayable on demand and are considered part of the Company's cash management system. In the statement of financial position, bank overdrafts are presented under borrowings within current liabilities.

ii. Investments in liquid mutual funds, equity securities (other than subsidiaries, joint ventures, and associates)

are valued at their fair value. These instruments are measured at fair value and changes therein, other than important losses, are recognised in statement of profit and loss and presented with in equity, net of taxes. The impairment losses, if any, are reclassified from equity into statement of income. When an available for sale financial asset is derecognised, the related cumulative gain or loss recognised in equity is transferred to the statement of income.

iii. Loans and receivables

loans and receivables are non-derivative financial assets with fixed or determinable payments that are not quoted in an active market. They are presented as current financial assets. Loans and receivables are initially. Recognized initially at fair value, plus in the case of financial assets not recorded at fair value through profit or loss (FVTPL), transaction costs that are attributable to the acquisition of the financial asset. However, trade receivables that do not contain a significant financing component are measured at transaction price. Loans and receivables comprise trade receivables, unbilled revenues, and other assets.

The company estimates the collectability or otherwise of accounts receivable by analysing historical payment patterns, customer concentrations, customer credit worthiness and current economic trends. If the financial condition of a customer deteriorates, additional allowances may be required.

iv. Security deposits

Security deposits are initially recognised at fair value plus directly attributable transaction costs and subsequently measured at amortised cost using the effective interest method, less any impairment losses.

v. Trade and other payables:

Trade and other payables are initially recognised at fair value and subsequently carried at amortised cost using the effective interest method. For these financial instruments, the carrying amounts approximate fair value due to the short-term maturity of these instruments.

vi. Investment in subsidiaries, associates and joint ventures:

The Company accounts investment in subsidiary, joint ventures, and associates at cost. An entity controlled by the Company is considered as a subsidiary of the Company. Investments in subsidiary companies outside India are translated at the rate of exchange prevailing on the date of acquisition. Investments where the Company has significant influence are classified as associates. Significant influence is the power to participate in the financial and operating policy decisions of the investee but is neither control nor joint control over these policies. A joint arrangement whereby the parties that have joint control of the arrangement have rights to the net assets of the joint arranged is classified as joint venture. Joint control is the contractually agreed sharing of control of an arrangement, which exists only when decisions about the relevant activities required unanimous consent of the parties sharing control.

Impairment of financial assets

Financial assets, other than those at Fair Value through Profit and Loss (FVTPL), are assessed for the indicators of impairment at the end of each reporting period. Financial assets are impaired when there is objective evidence that, as a result of one or more events that occurred after the initial recognition of the financial asset, the estimated future cash flows of the investment have been affected. For available for sale (AFS) equity investments, a significant or prolonged decline in the fair value of the security below its cost is considered to be objective evidence of

impairment.

For all other financial assets, objective evidence of impairment could include :

- Significant financial difficulty of the issuer or counterparty;
- Breach of contract, such as a default or delinquency in interest or principal payments;
- It becoming probable that the borrower will enter bankruptcy or financial reorganization; or the disappearance of an active market for that financial asset because of financial difficulties.

For certain categories of financial assets, such as trade receivables, assets are assessed for impairment on individual basis. Objective evidence of impairment for a portfolio of receivables could include Company's past experience of collecting payments, an increase in the number of delayed payments in the portfolio past the average credit period of 0 days, as well as observable changes in national or local economic conditions that correlate with default on receivables.

For financial assets that are carried at cost the amount of impairment loss is measured as the difference between the assets carrying amount and the present value of the estimated future cash flows discounted at the current market rate of return for a similar financial asset. Such impairment loss will not be reversed in subsequent periods.

The carrying amount of the financial asset is reduced by the impairment loss directly for all financial assets except for trade receivables; such impairment losses reduced through the use of an allowance account for respective financial asset. When a trade receivable is considered uncollectible, it is written off against the allowance account. Subsequent recoveries of amounts previously written off or credited against the allowance account. Changes in the carrying amount of the allowance account are recognised in profit or loss.

For financial assets measured at amortised cost, if, in a subsequent period, the amount of the impairment loss decreases and the decrease can be related objectively to an event occurring after the impairment was recognised, the previously recognised impairment loss is reversed through profit or loss to the extent that the carrying amount of the investment at the date the impairment is reversed does not exceed what the amortised cost would have been had the impairment not being recognised.

De-recognition of financial assets

The company derecognises a financial asset when the contractual rights to the cash flows from the asset expire, or when it transfers the financial asset and subsequently all the risks and rewards of ownership of the asset to another party. If the company neither transfers nor retains substantially all the risks and rewards of ownership and continues to control the transferred asset, the company recognises its retained interest in the asset and an associated liability for amounts it may have to pay. If the Company retains significantly all the risks and rewards of the ownership of a transferred financial asset, the Company continues to recognise the financial asset and also recognises a collateralized borrowing for the proceeds received.

On the recognition of financial assets in its entirety, the difference between the assets carrying amount and the sum of the consideration received and receivable and the cumulative gain or loss that had been recognised in other comprehensive income and accumulated in equity is recognised in profit or loss.

3.13 Taxation:

Tax expense: -

Tax expense for the period comprises current tax and deferred tax. Tax recognised in statement of profit and loss, except to the extent that it relates to the items recognised in other comprehensive income or directly in equity in which case the tax is also recognised in other comprehensive income or equity.

1. Current Tax

Current tax comprises the accepted tax payable/receivable only taxable income or loss for the year and any adjustment to the tax payable or receivable in respect of previous years. It is measured using tax rates and loss enacted or substantially enacted at the reporting rate.

Current tax assets and liabilities are offset only if, the Company;

- a. As a legally enforceable right to set off the recognised amounts and
- b. Intends either to settle on a net basis, over to realise the assets and settle the liability simultaneously.

2. Deferred tax

Deferred tax is recognised on temporary differences between the carrying amounts of assets and liabilities in the financial statement and corresponding tax basis used in computation of taxable profits.

The carrying amount of deferred tax assets is reviewed at each reporting date and reduced to the extent

that it is no longer probable that sufficient taxable profits will be available to allow all or part of the asset to be utilised. Unrecognised deferred tax assets are reassessed at each reporting date and are recognised to the extent that it has become probable that future taxable profits will allow the deferred tax assets to be recovered.

Deferred tax liabilities and assets are measured at the tax rates that are expected to apply in the period in which the liability is settled or the asset is realised, based on tax rates (and tax laws) that has been enacted or substantively enacted by the end of the reporting period.

Deferred tax items are recognised in correlation to the underlying transaction either in profit or loss, other comprehensive income or directly in equity.

The breakup of the major components of the deferred tax assets and liabilities as at balance sheet date has been arrived at after settling off deferred tax assets and liabilities where the company have a legally enforceable right to set off assets against liabilities and where such assets and liabilities relate to taxes on income levied by the same governing taxation laws.

The DTA over and above the DTL recognized till 31.03.21 has not been carried forward and further, no DTA shall be recognized in view of the non-going concern basis of accounting.

3.14 Provisions, Contingent Liabilities and Contingent Assets:

General:

Provisions are recognised when the company has a present obligation (legal or constructive) as a result of a past event, it is probably that an outflow of economic benefits will be required to settle the obligation and a reliable estimate can be made of the amount of the obligation.

If the effect of the time value of money is material, provisions are discounted using a current pre tax rate that reflects when appropriate, the risk specific to the liability. When discounting is used, the increase in provision due to passage of time is recognised as a finance cost.

Contingent liabilities:

Contingent liabilities are not recognised but disclosed in Notes to Accounts when the Company has possible obligation due to past events and existence of the obligation depends upon occurrence or non-occurrence of future events not wholly within the control of the Company or when estimates cannot be made of the amount of the obligations.

Contingent liabilities are assessed continuously to determine whether outflow of economic resources have become probable. If the outflow becomes probable, then relative provision is recognised in the financial statements.

Where an entity is jointly and severally liable for an obligation, the part of the obligation that is expected to be met by other parties is treated as a contingent liability. The entity recognises a provision for the part of the obligation which an outflow of resources embodying economic benefits is probable, except in the extremely rare circumstances where no reliable estimate can be made.

Contingent assets:

Contingent assets are not recognised in the financial statements. Such contingent assets are assessed continuously and are disclosed in notes when the inflow of economic benefits become probable or if it is virtually certain that inflow of economic benefits will arise then such assets and the relative income will be recognised in the financial statements.

Provision for doubtful debts/advances/claims

Provision for doubtful debts / advances / claims is made where there is uncertainty of realization irrespective of the period of its dues. For dues outstanding over three years (except government dues), provision is made unless the amount is considered realizable as per management estimate..

3.15 Earnings per share:

The Basic earnings per equity is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares outstanding during the period. Diluted earnings per equity share is computed by dividing the net profit attributable to the equity holders of the company by the weighted average number of equity shares considered for deriving basic earnings per equity share and the weighted average number of equity shares that could have been issued upon conversion of all dilutive potential equity shares..

3.16 Segment Information:

The chief operational decision maker monitors the operating results of its business segments separately for the

purpose of making decisions about resource allocation and performance assessment. Segment performance is evaluated based on their revenue growth and operating income.

The company has identified its operating segments as exports, imports and domestic. The asset and liability is used in companies business to any of the operating segments that are not identified are shown as unallocated assets/liabilities

“Notes of Holding Company

- * STC has a wholly owned subsidiary, namely STCL Limited, based at Bangalore. The Union Cabinet in its meeting held on 13th August, 2013 had approved the winding up of STCL Limited, in view of extraordinary losses suffered by it, leading to erosion of its net worth and in view of the remote possibility of turnaround of the company in the foreseeable future. Accordingly, STCL filed the winding up petition on 26.11.2013 in the High Court of Karnataka. However, the winding up petition continues to be pending in the High Court of Karnataka due to objections raised by lender Banks and a few others.

STCL has a negative net worth of Rs. 4,560 crore (as on 31.03.2025) due to accumulation of interest on bank borrowings.

Subsequent to the winding up decision, all the business activities of STCL were stopped and there is no source of income of STCL presently. However, the company is attending to all the administrative matters, pending legal cases and ongoing recovery processes (including ED and CBI matters)."

However, it is to mention that as per Reg 33 of SEBI (LODR), 2015, every listed company which is having subsidiary company is required to approve its consolidated financial accounts within 60 days from the end of financial year, and in case of non-compliance of Reg 33 of SEBI (LODR), 2015, a penalty of Rs. 5000 + GST per day will be levied on STC by each of the stock exchanges separately.

However, the company has disputed the demand and the matter is yet to be resolved. On the observation of CAG audit, the firm liability of Rs. 8,540 lacs has been created in the books of accounts upto 31.07.2018 in the F.Y. 2021-22. Further, STC vide letter dated 20.05.2025, has requested L&DO to provide outstanding dues as on date and the reply as to demand amount is still awaited. Ltd. The documents tendered by the foreign supplier were forged and fabricated. Hence, STC approached its banker (Allahabad Bank) not to release the payment to Foreign Bank against these LCs. Foreign Bank of supplier has approached Delhi High Court for release of payment against LCs. As per court order, Allahabad Bank has deposited decretal amount with court. As a result of this, Allahabad bank debited the account of STC, now Delhi High Court has passed its Judgment in the matter between Allahabad Bank & the Malayan Bank, upholding the decision of single bench against Allahabad Bank to pay the decreed amount (Rs. 1,079.69 lacs along with pendente lite & future simple interest till realization @ 9% p.a.) to Malayan Bank. STC has made a provision of Rs. 1,342.74 lacs (net of EMD Rs. 199 lacs available with STC) in respect of three LCs documents accepted by STC. Since STC has refuted the demand raised by Allahabad Bank, hence the balance amount of Rs. 515 lacs has been shown as Contingent liability. Further, lender institutions of the Indian buyer (M/s Millennium Wires Pvt. Ltd) have initiated NCLT proceedings. STC had also filed its claim for an amount of Rs. 1,491 lacs in compliance with Orders of the NCLT, Chandigarh Bench before the liquidator to the same extent of amount claimed by bank from STC at the date of filing claim before liquidator, However. The Liquidator has vide email dated 26.05.2020 rejected STC's claim of amount Rs. 1,491 Lacs. Liquidation is proceeding as per norms of IBC 2016. Further, Indian Bank (earlier Allahabad Bank) has filed before Debt Recovery Tribunal 2 (DRT 2), New Delhi claiming an amount of Rs. 1,740 lacs approx. STC has denied and contested this claim. The matter is presently at the stage of Argument. Notes of Holding Company

- 38.21 M/s J.K. International (a foreign supplier) had a claim due to abrogation of contract by STC for import of pulses during 2008-09. The claim was disputed by STC on the ground that contract for import of Pulses was on the direction of Ministry of Consumer Affairs and the said Ministry directed STC to abrogate any balance quantity under the said contract. However, the supplier had invoked Arbitration clause and Award of Arbitral Tribunal was in favour of the supplier for Rs. 6,805 lacs plus interest from 01.12.2009. The company filed an appeal against the Tribunal award before the single bench of the Hon'ble Delhi High Court. The judgment was in favour of supplier for an amount of Rs. 5,703 lacs plus interest, which STC has filed an appeal before the Division bench of the Hon'ble Delhi High Court. M/s J. K. international aggrieved by the reduction of amount by Hon'ble Single Bench also filed appeal before Division Bench of Hon'ble High Court. Meantime, M/s. J.K. International filed an SLP against STC at Hon'ble Supreme Court and under order of Hon'ble Supreme Court, STC has paid a sum of Rs. 20 Crore to J.K. International. The matters are still pending before the Delhi High Court Division Bench and are Arguments stage. The matters were last listed on 01.04.2025, however, same could not be heard due to paucity of time. The matters are now scheduled to be heard on 24.07.2025.
- 38.22 "The company has appropriated an amount of Rs. 2,789 Lacs recoverable from M/s Lichen Metals Pvt. Ltd. (the party) against the deposits of its holding company viz. M/s Edelweiss Pvt. Ltd. due to this, the holding co. of party had gone for arbitration and award was in their favour for the refund of Rs. 2,789 Lacs plus interest @8% p.a. by STC excluding cost of arbitration. The amount has been kept as a Security in the form of FD with High Court, pending appeal. The money was withdrawn by M/s Edelweiss by submitting a Bank Guarantee of equivalent amount and a sum of Rs.277 Lacs is left which is the amount of interest accrued over a period of time. Due to prevailing situation caused by the pandemic, the case has not progressed to any decisive stage, due to non-hearing of regular matters. After consultation with AOR in the aforesaid matter, RO is in the process of filing urgent hearing application so that the appearance of the said matter be regularised and the case may be decided on its merit."
- 38.23 "M/s Helm did not accept the invocation of PBG by STC for recovering the differential/less amount in the transaction and approached the High Court of Delhi who referred the matter to ICA, New Delhi. The majority arbitration award was not in favour of STC. Subsequently, STC fought cases at legal forums to protect GOI's interests, however, both High Court and Supreme Court passed an order in favour of Helm indicating that M/s Helm was not contractually bound to restrict the quantity or price the additional quantity at a reduced rate and was contractually right to supply the additional quantity at the contracted price. Accordingly, as per the Court order, STC has paid the arbitral award amount of Rs. 92.05 crore approx. to M/s Helm. It is pertinent to mention here that Canara Bank (STC's bank who encashed Helm's PBG on STC's instructions) is seeking compensation for losses suffered by them for the period they were deprived of the PBG amount i.e. 2009-2011 as the Majority Arbitration Award did not delve upon Canara Bank's claim for interest for the period it was out of pocket (2009-2011) for the amount of PBG. Canara Bank initiated Arbitration Case: DIAC/5984(1)/01-23 in Delhi International Arbitration Centre (DIAC) against M/s Helm and STC. In the said Arbitration Petition Former Judge, Supreme Court of India i.e. Abhay Manohar Sapre is appointed as Sole Arbitrator to arbitrate the disputes between the parties. During last hearing, arguments from Advocate for M/s Helm were heard. STC had been requesting DOF for payment of the arbitral award amount and losses suffered by STC as the said transaction was handled by the company on behalf and as per the instructions of DOF only. During the hearing held on 21.03.2025 Ms. Aishwarya Bhati, Ld. ASG appearing for STC advanced arguments on behalf of STC and against the counter claims filed against STC and concluded arguments. Further, Ld. Counsel for Canara Bank sought three weeks' time to advance his reply arguments. Therefore Ld. Counsel for M/s Helm also requested time gap to advance his rejoinder arguments. Further with the consent of the Ld. Counsel for the parties, the schedule of hearing of arguments on behalf of claimant shall be on 29.07.2025 and 30.07.2025."

There were a total of 17 landlords. After the expiry of tenancy period of 20 years, STC couldn't hand over the possession of premises on due dated as STC was undertaking critical Govt. supplies of essential commodities and alternate office space was being searched for. However, as per the terms of rent agreement, STC paid the rent for the extended period of stay to the respective landlords. However, the landlords of the said premises initiated legal action against STC in the year 2002 for vacation of their premises. The legal matter was contested by STC till Supreme Court and STC had handed over the possession of half of the premises in the year 2007 and the other half during August 2012 to the respective landlords.

The landlords have filed various cases for recovery of Mesne profits for the extended period of stay. Out of these cases 6 nos. cases have been dismissed for non-prosecution in the year 2019, in favour of STC. 11 cases are pending before High Court of Bombay and STC has also filed SLP and review petition at Supreme Court in certain case matters. Trade Receivables & Unbilled Revenue

(₹ in Lacs)

Particulars	March 31, 2025	March 31, 2024
Trade Receivables	1,72,533.71	1,72,511.66
Unbilled Revenue	-	-

Notes of Subsidiary Company

Trade receivables and unbilled revenue are both secured & unsecured and are derived from revenue earned from customers. On account of adoption of Ind-AS 109, the company uses expected credit loss model to assess the impairment loss or gain. The company uses a provision matrix to compute the expected credit loss allowance for

trade receivables and unbilled revenues. The provision matrix takes into account available external and internal credit risk factors, such as credit default swap quotes, credit ratings from international credit rating agencies and the company's historical experience for customers.

Credit risk exposure

An analysis of age of trade receivables and unbilled receivables at each reporting date is summarized as follows:

(₹ in Lacs)

Particulars	March 31, 2025		March 31, 2024	
	Gross	Impairment	Gross	Impairment
Not past due	-	-	-	-

Total	1,72,533.71	65,551.17	1,72,511.66	65,551.17

Trade receivables are impaired when recoverability is considered doubtful based on the recovery analysis performed by the company for individual trade receivables. The company considers that all the above financial assets that are not impaired and past due for each reporting dates under review are of good credit quality.

Other Financial Assets

Credit risk relating to cash and cash equivalents is considered negligible because our counterparties are banks. We consider the credit quality of term deposits with such banks that are majority owned by the Government of India and subject to the regulatory oversight of the Reserve Bank of India to be good, and we review these banking relationships on an ongoing basis. Credit risk related to employee loans are considered negligible since loan is secured against the property/guarantee for which loan is granted to the employees. There are no impairment provisions as at each reporting date against these financial assets. We consider all the above financial assets as at the reporting dates to be of good credit quality (Note if any impairment provisions are made against these financial assets then information to be provided)

c) Liquidity Risk

Our liquidity needs are monitored on the basis of monthly and yearly projections. The company's principal sources of liquidity are cash and cash equivalents, cash generated from operations and credit facilities from banks

We manage our liquidity needs by continuously monitoring cash inflows and by maintaining adequate cash and cash equivalents. Net cash requirements are compared to available cash in order to determine any shortfalls.

Short term liquidity requirements consists mainly of sundry creditors, expense payable, employee dues arising during the normal course of business as of each reporting date. We maintain a sufficient balance in cash and cash equivalents to meet our short term liquidity requirements.

We assess long term liquidity requirements on a periodical basis and manage them through internal accruals.

56. Non-Going Concern

Consequent upon the decision taken in the meeting held on 29.08.2019, by the administrative ministry an further decision of the Board in its 639th meeting dated 05.04.2021, it has been resolved that STC to continue as a non-operating company for the time being and to prepare the accounts from the F.Y. 2021-22 onward on non-going concern basis. Due to uncertainty of continuation of operations, the company has not made provision of rent equalisation reserve, pre-paid and prior period expenses.

57. STC had a lease on a plot of land at Mallet Bunder belonging to MBPT, which expired on 17.10.2016. STC initially sought an extension of the lease but later decided to surrender the plots due to a decision to non-viability and stopping trade activities. Subsequently, the said plot was surrendered and surrender certificate was executed on 12.11.2021. MBPT had filed two cases against STC before the H'ble estate officer, but they were withdrawn

after a meeting between the two parties, and outstanding issues/ disputes (if any) shall be resolved under the provisions of AMRCD mechanism. The assets handed over to MBPT installed at Mallet Bunder have been surveyed by MBPT, and the value of the Tank farms, machinery way leave, pipelines and other assets will be adjusted against outstanding dues of STC.

As per the opinion of legal counsel and GST consultant, STC is liable to pay differential rent i.e. after adjustment of amount paid by STC against the compensation for the use of occupation beyond the lease period to the tune of Rs. 9.20 lac per mensem as per clause no. 24 of the lease agreement dated 30.07.1984 along with applicable GST. Further to above, the auction of the STC assets was conducted by MBPT on 11.06.2024 and the assets were ultimately sold for Rs. 355 lacs, with the previously forfeited EMD of Rs. 25 Lacs. STC calculated its total receivables from MBPT at Rs. 418 lacs which includes the sale proceeds, EMD and deposits. STC to set off this amount against the Rs. 257 lacs Lease rent payable, (amount yet to be reconciled with MBPT) resulting in a net receivable of Rs. 161 lacs from MBPT.

MANAGEMENT REPLIES TO THE OBSERVATION OF STATUTORY AUDITORS ON THE CONSOLIDATED FINANCIAL STATEMENTS FOR THE FINANCIAL YEAR 2024-25

S. No.	Observation of the Statutory Auditor	Management Replies
A.	Basis for Qualified Opinion	
1.	<p>Non -Current Assets held for Sale</p> <p>Refer to Note No.4(a) of Consolidated Financial Statements, non-availability of title deeds in the name of the Group in respect of following properties namely:</p> <p>a) Leasehold Building</p> <p>i.) Leasehold land at Jawahar Vyapar Bhawan valued at Rs. 55,929 lacs</p> <p>ii.) Leasehold land at Housing Colony at Aurobindo Marg valued at Rs. 12,394 lacs</p> <p>b) Freehold Building</p> <p>i. 8 Residential Flats at Asian Games Village Complex, allotted by DDA amounting to Rs. 2720 lacs</p> <p>ii. 7 apartments in different locations of Mumbai amounting to Rs. 1918 lacs</p> <p>iii. Flats at Ahmedabad</p>	<p>a) Leasehold Building</p> <p>(i & ii) Memorandum of Agreement (MOA) are available. Lease deeds have not yet been executed. There are some dues payable to L&DO and DDA. However efforts are being made to settle the same under the directions of MOC&I. Moreover, MOC&I is also taking up the matter directly with L&DO. Title deeds once executed shall be made available.</p> <p>iii. Kindly refer reply to sl.no. 1(ii)</p> <p>b.) Freehold Building</p> <p>i.) Letter of allotment from DDA are available.</p> <p>ii.) Certified True copies duly stamped by Registrar are available.</p>
	<p>Further, lease period for plot at Mallet Bunder, Mumbai Port Trust has already expired and the land has been handed over to Mumbai Port Trust. Surrender certificate has been executed on 12.11.2021. But this still continues to be shown as non-current assets held for sale. Thus, non- current assets held for sale has been overstated by Rs. 11.67 lacs. It will also have consequential impact on the Statement of Profit and Loss account resulting into overstatement of profit by Rs. 11.67 lacs.</p> <p>Further the farm tanks installed at Mallet Bunder amounting to Rs. 14.84 lacs have also been handed over on as is where is basis. The Group has not raised any debit note for the same and thus non-current assets are being overstated by Rs. 14.84 lacs.</p> <p>Further to this, the auction of the STC assets was conducted by MBPT on 11.06.2024 and the assets were ultimately sold for Rs. 355 lacs, with the previously forfeited EMD of Rs. 25 Lacs. STC calculated its total receivables from MBPT at Rs. 418 lacs which includes the sale proceeds, EMD and deposits. STC to set off this amount against the Rs. 257 lacs Lease rent payable, (amount yet to be reconciled with MBPT) resulting in a net receivable of Rs. 161 lacs from MBPT. Refer Note 57.</p> <p>Further, Group has not amortized the value of the leasehold properties according to the IND AS 116 for the period expired till 31.03.2025 resulting into</p>	<p>STC had a lease on a plot of land at Mallet Bunder belonging to MBPT, which expired on 17.10.2016. STC initially sought an extension of the lease but later decided to surrender the plots due to a decision to non-viability and stopping trade activities. Subsequently, the said plot was surrendered and surrender certificate was executed on 12.11.2021. MBPT had filed two cases against STC before the H'ble estate officer, but they were withdrawn after a meeting between the two parties, and outstanding issues/ disputes (if any) shall be resolved under the provisions of AMRCD mechanism. The assets handed over to MBPT installed at Mallet Bunder have been surveyed by MBPT, and the value of the and farms, machinery way leave, pipelines, and other assets will be adjusted against outstanding dues of STC.</p> <p>In accordance with the opinion of legal counsel and GST consultant, STC is liable to pay differential rent i.e. after adjustment of amount paid by STC against the compensation for the use of occupation beyond the lease period to the tune of Rs. 9.20 lac per month as per clause no. 24 of the lease agreement dated 30.07.1984 along with applicable GST. MBPT informed that the sale of STC's assets at Mallet Bunder, carried out by MBPT, to the tune of Rs. 3.55 crore (excluding GST) Further to this, the reconciliation with MBPT is still to be completed. Accordingly, appropriate treatment will be effected upon reconciliation.</p>

	of non-current assets held for sale and consequential impact on profit of the Group, the amount whereof could not be quantified in absence of complete data from the Group.	
	<p>ii. Refer Note No. 4, for non-adjustment of value/ area in Fixed Assets Register against areas acquired by Delhi Metro Rail Corporation (DMRC) for construction of Metro Station & by L&DO for widening of the Road during Asian Games, as well as the flats/area of land sold by the Group to The Handicrafts and Handloom Exports Corporation of India Limited (HHEC) for its Housing colony. Management is in correspondence with DMRC and concerned departments.</p> <p>This has resulted into overstatement of non-current assets held for sale and consequential impact on profit of the Group, the amount whereof could not be quantified in absence of complete data from the Group.</p>	<p>This observation has been repeated since previous years. 325.685 square meters taken by NDMC for widening of roads during Asian Games and 388.91 square meters taken by DMRC for construction of Metro / Metro Station out of the total leasehold land allotted by L&DO to STC for construction of office building at (Jawahar Vyapar Bhawan) Tolstoy Marg, Janpath, New Delhi. The Company has taken up the matter with L&DO for reduction of both the area and the records will be updated in Fixed Assets register/ Schedule in respect of its area & value once the final outcome in the matter is arrived at.</p> <p>As per STC's Board's decision dated 31.01.1975, 64 nos. of flats were sold to HHEC. The necessary accounting treatment was done in the year 1975-76 itself.</p>
2.	<p>Trade Receivables</p> <p>All trade receivables amounting to 1,72,533.71 lacs as per Note No. 9 have been outstanding for more than 3 years. The Group has made provision for bad and doubtful debts amounting to Rs. 65,551.17 lacs and another sum of Rs. 1,06,982.54 lacs have been shown as "Having Significant increase in credit risk" since the same is under litigation. As per Note No.9, it is explained that no provision has been made for the same since the relevant creditors will be paid only after recovery of these trade receivables, though in most of the cases agreements are not tripartite. Further there has been no recovery during the Financial Year 2024-25 and there is no major update of legal cases which are pending at various forums. Thus, trade receivable are not stated at realizable value less cost to be incurred to recover these trade receivables. There is also no balance confirmation available for these trade receivables as on 31.03.2025 and hence we are unable to comment upon the genuineness and effect of the same on the financial statements, if any.</p> <p>We are of the view that all trade receivables amounting to 1,72,533.71 lacs are considered doubtful of recovery resulting into short provision for doubtful debts amounting to Rs. 1,06,982.54 lacs. Thus the provision for bad and doubtful debts has been understated by Rs. 1,06,982.54 lacs and consequential impact on the statement of profit and Loss account resulting into overstatement of profit by Rs. 1,06,982.54lacs.</p> <p>Further in case of M/s Rajat Pharmaceuticals Ltd (RPL), under note no.39, Pt.No.4, who drew bills of exchange on STC which were accepted upon</p>	<p>Out of the total trade receivable of Rs. 1,69,710.16 lacs includes Rs. 1,06,982.54 lacs "having significant increase in credit risk" being under dispute/litigation.</p> <p>The company feels that even if no amount would eventually be recovered, no credit impairment is required for the credit risk since the creditor will be paid by the company only to the extent the amount is realized from the debtors. Most of the agreements are back to back.</p> <p>Further, this is a trading arrangement continuing since last many years. Since STC has already lodged its claim in the court and the matter are sub-judice, required provision shall be made after decision of the court.</p> <p>Balances of trade receivables, trade payables and liabilities are being reconciled after completion of each transaction and the accounts are settled with the party.</p> <p>This observation has been repeated since previous years. Trade receivables include Rs.56,844 Lacs (approx.) on account of export of pharma products to foreign buyers purchase from M/s Rajat Pharmaceuticals Ltd". (RPL). RPL drew bills of exchange on STC which were also accepted upon receipt of overseas buyers pre-acceptance to STC's bills of exchange. The foreign buyers i.e. M/s Loben Trading and M/s Sweetland, defaulted in making payment against the export bills. A claim of Rs.52,786 Lacs has been admitted by the liquidator of one of the foreign buyer i.e. Loben Trading Co.Pte Ltd, Singapore . A Decree of Rs 6,247 Lacs has been passed by Hon'ble Mumbai High Court</p>

receipt of overseas buyer's pre-acceptance to STC's bills of exchange. However, the foreign buyers defaulted in making payments against the export bills and have gone into liquidation. A sum of Rs.52786 lacs has been admitted by the liquidator of one of the foreign buyer's i.e. Loben Trading Co. Pte. Ltd, Singapore. A Decree of Rs 6247 lacs approx. has been passed by Hon'ble Bombay High Court in favour of STC against the dues from another foreign buyer i.e Sweetland Trading Pte Ltd., Singapore. As of current date, RPL has gone into liquidation and official liquidator is appointed by Hon'ble High Court of Bombay. The matter is also under investigation by CBI. Banks & Financial institutions have filed legal suit against RPL before DRT/High Court Mumbai, making STC also a party to the case claiming Rs. 47647 lacs.

STC has filed non-money claim suit before different Courts at Delhi & Mumbai for declaring Bills of Exchanges of STC as null and void and unenforceable against STC which were conditionally accepted by STC on back-to-back basis i.e. STC will make payment to Rajat/Banks only upon receipt of export proceeds from the foreign buyers.

STC had filed 272 Criminal Complaints u/s 138 of N.I Act in New Delhi in 2009 which were transferred from MM Court, Patiala House District Court, New Delhi to the 33rd MM Court, Ballard Pier, Mumbai. Now the matters have been again transferred to M.M. Court, Mazgaon, Bombay. STC is claiming an amount of Rs.45,635 lacs from M/s Rajat towards cheque bounce. Cases are at the stage of issuing of summons/arguments on issuing of summons.

In the case of ICICI Bank Ltd. (Bank of Rajasthan Ltd.) v. The State Trading Corporation of India Ltd. & Ors related to M/s Rajat Pharmaceuticals Ltd., as per the final order dated 11.06.2025 passed by the Hon'ble Debts Recovery Tribunal-II, Delhi, STC has been directed to deposit a sum of Rs. 2,655 lacs within 30 days from the date of order. However, STC has challenged the DRT, Delhi Award and has filed an appeal before DRAT, Delhi on 25.07.2025. STC is hopeful of getting relief, hence no provision (being of contingent nature) has been made. Profit of the company is overstated and the liabilities are understated by the same amount.

Also refer to Note No. 39, for matters other than RPL, as all these matters are sub-judice and/or under investigation of CBI and we are unable to comment upon the genuineness and effect of the same on the Financial Statements.

in favour of STC against the dues from foreign buyer i.e. Sweetland Trading Pte Ltd. As of current date, RPL has gone into liquidation and official liquidator is appointed by Hon'ble High Court Mumbai. The matter is also under investigation by CBI.

Since it was a back to back transaction, therefore, no provision is required against the same. Banks & Financial institutions have filed legal suit against RPL before DRT making STC also a party to the case claiming Rs. 47,647 Lacs, which STC is adequately defending.

STC has filed non-money claim suit before different Courts at Delhi & Mumbai for declaring Bills of Exchanges of STC as null and void and unenforceable against STC which were conditionally accepted by STC on back to back basis i.e STC will make payment to Rajat/Banks only upon receipt of export proceeds from the foreign buyers.

STC had filed 272 Criminal Complaints u/s 138 of N.I Act in New Delhi in 2009 which were transferred from MM Court, Patiala House District Court, New Delhi to the 33rd MM Court, Ballard Pier, Mumbai. Now the matters have been again transferred to M.M. Court, Mazgaon, Bombay. STC is claiming an amount of Rs.4563541727/- from M/s Rajat towards cheque bounce. Cases are the stage of issuing of summons/arguments on issuing of summons.

Final Order dated 11.06.2025 has been passed by the Hon'ble Debts Recovery Tribunal-II, Delhi. As per the orders Court has directed defendants no. 1 to 4 which includes STC, Rajat Pharma and its 2 Directors to pay Jointly and severally to the applicant bank within 30 days from the date of order, a sum of Rs.26,55,35,824.50/-along with cost, expenses and interest @18% from the date of filing of the OA (May 2009).

STC against the order dated 11.06.2025 STC has filed Appeal before the Hon'ble DART on 25.07.2025.

3	<p>Foreign Currency Receivables and Payables</p> <p>Currently, as per books of accounts, USD 3,149.35 lacs and Euros 20.90 lacs is receivable from its foreign buyers and USD 41.49 lacs and Pound 0.04 lacs is payable to its foreign suppliers. In nutshell, there are foreign buyers and creditors standing in the financials of STC which have not been revalued in the FY 2024-25.</p> <p>Thus, the Group has not complied with Ind AS 21 (regarding Effects of Changes in Foreign Exchange) by not revaluing the carrying amounts, in most cases, of foreign currency receivables and payables, which are under litigation/disputed.</p> <p>Therefore, we are unable to ascertain the potential impact on the financial statements, if any.</p>	<p>This observation has been repeated since previous years. The company has complied the requirements of IND AS 21, regarding effects of changes in foreign currency as on balance sheet date. However, this pertains to cases under litigation and had been fully provided in earlier years and the carrying amounts are under dispute. The company has filed legal cases for such outstanding balances for both receivables and payables.</p>
4	<p>Other Current Assets</p> <p>Refer Note No. 14 -“Other Current Assets for non-provisioning in respect of Duties and taxes recoverable, CST (coal) amounting to Rs. 6.89 lacs which is non recoverable and still not written off.</p> <p>Refer Note No. 11- Other Financial Assets -Claims Recoverable: For non-provisioning in respect of Claims Recoverable o/s since more than 3 years amounting to Rs.3157.74 lacs where no present status is ascertained by the management of the Group and still not written off.</p> <p>This is non-compliance of IND AS -36 as no provision has been made for impaired assets.</p> <p>All these current assets are being reflected at their carrying amounts instead of on Realization values.</p> <p>This has resulted into overstatement of Current assets by Rs.3157.74 lacs and overstatement of profit by Rs.3157.74 lacs.</p>	<p>The matter pertains to Sales Tax (CST-Coal) refund amount of Rs 6.89 lacs for the FY-2010-11, the order for refund has been issued by Sales Tax department on final assessment in 2015. However, it has been shown as contingent liability. Also, company has not provided for interest accruing on the said demand amount (to be calculated at the rate of 10%) approx. Profits are overstated and liabilities are understated by the amount yet to be ascertained by Management.</p> <p>Director General of Audit has intimated short provision of Rs.75.92 cr towards interest (calculated @10% p.a. on Rs.132.83 cr from 14th July 2018 upto 31st March 2024) which will further cumulate till final payment to L&DO. Further, STC vide letter dated 20.05.2025 requested L&DO to provide outstanding dues as on date and the reply is still awaited. Profits are overstated</p>	<p>Demand of Rs. 132.83 Crore was raised by L&DO vide its letter no. L&DDO/LS2A/9225/133 dated 26th March 2018 from 2004-05 onwards for non-compliance of various conditions of the Lease Deed (including non-deposits of 25% of the gross rent received by STC from its tenants). 	<p>and liabilities are understated by the amount yet to be ascertained by Management.</p> <p>Further, Company has not ascertained liability/provisional liability for Non-compliance of the various conditions of the Lease deed (including non-deposit of 25% of the gross rent received by STC from its tenants) payable to L&DO for the period August 2018 to March 2025, and the interest thereon. The reply from L&DO in this regard is yet to be received.</p> <p>STC is continuously following up with L&DO for JVB and DDA for housing colony. Necessary provisioning shall be made in case any further demand arises.</p>
6	<p>Trade Payables</p> <p>Refer Note No.21, All the trade payables amounting to Rs. 1,09,778.77 lacs are without any balance confirmation and are outstanding for more than 3 financial years.</p> <p>No amount is payable to these parties as these are suppliers who have entered into legal agreement with STC wherein no amount is payable to them until and unless the amount is recovered from the buyer. Thus, the management has not accorded any treatment to these trade payables and to that extent, liabilities are overstated.</p>	<p>This observation has been repeated since previous years. The company feels that the creditor will be paid by the company only to the extent the amount is realized from the debtors. Most of the agreements are back to back and are under litigation.</p>

8.	<p>Penalty Provisions (Refer Note No.7):</p> <p>STC could not comply with Regulation 17,18,19,20 & 21 of SEBI (LODR), 2015 due to non-appointment of Independent Directors on the Board of STC and Regulation 33 due to non-submission of consolidated annual financial results for FY 2024-25 due to non-receipt of financial statement from STCL Limited i.e. wholly owned subsidiary company of STC Limited. Consequently, both the stock exchanges i.e BSE and NSE levied a cumulative fine of ₹ 45.17 Lakhs (approx.) on STC for non-compliance of Reg 17,18,19,20,21 & 33 of SEBI (LODR) Regulation, 2015. and STC has taken up the matter with regarding the said non-compliances with its Administrative Ministry and also with the Stock Exchanges to avoid/waive off the penalties imposed in this regard. 10.	<p>With respect to the subsidiary company (as reported by subsidiary company Auditor is reproduced below):</p> <p>1. Non-Current assets held for disposal</p> <p>Attention is drawn to Note No.4 of Notes to financial statements which states that non-current assets held for disposal. As per Note NO.3.1(e) in the notes to accounts it is further stated that the financials statements for the year 2024-25 have been prepared on realization basis (non-going concern assumption) and the current assets have been classified as held for disposal. Therefore, all the assets held for disposal have been carried at their estimated realizable values. However, all the non-current assets held for disposal i.e. Property, Plant and Equipment in absence of any report for realizable value has been stated at their respective historical values/carrying values as per books of accounts as on 31.03.2025 and not on realization basis. This is non-compliance of the accounting policy, and we are unable to comment on the impact of the same on financial statements.</p>	<p>As per the union cabinet decision taken in year 2013, company has filed voluntary winding up petition before High Court of Karnataka and the matter is pending for final hearing. The matter is mainly delayed due to objections filed by the lender banks and other financial creditors.</p>

10	<p>Further there is also non-compliance of requirements of IND AS-105</p> <p>As per IND AS-105, "Non-Current Assets held for sale and discontinued Operations". It requires that assets that meet the criteria to be held for sale should be measured at lower of carrying amount and fair value less costs to sell and to be separately presented in the Balance sheet and also result of discontinued operations to be presented separately in the statement of Profit and Loss.</p> <p>However, no fair value estimation of the non-current assets held for sale have been carried out as on 31st march, 2025. Thus, there is also non-compliance of IND AS-105 applicable to the Group</p> <p>2. Borrowings</p> <p>Refer to Note NO.20, the view of the default by the STCL in paying due to interest amount to the banks, STCL was declared as NPA. The consortium of lenders has taken over the symbolic possession of the assets of the company during the year 2011-12 and initiated legal proceedings against the company for recovery of dues and legal proceedings are pending before the DRT. The company has accounted for interest payable on the borrowing till FY 2018-19 and disclosed as other financial liabilities as interest accrued but not due on borrowings.</p> <p>The company has not provided interest from FY 2018-19 on Cash Credit and Packing Credit advances availed from the consortium of banks on the ground that the prevailing rate of interest is low in comparison to interest provided in earlier years and confirmation of balance from the banks has not been received by the company. Due to non-provision of interest, the loss has been understated by Rs.1,10,14,54,58,452 /- with consequential reduction in bank liabilities. However, the company has shown the above amount as a contingent liability in the notes to accounts no 39.3.</p>	<p>Due to financial constraints and non-availability of funds with the company, the valuation of non-current assets held of disposal is not been carried out.</p> <p>STCL had proposed to the Board during the 165th meeting held on 10.01.2019 to discontinue booking of interest on the principal amount due payable to banks and thereby not to make interest provision in the Annual Accounts of the Company from the year 2018-19 onwards on the following grounds:</p> <ol style="list-style-type: none"> 1) As the consortium of banks had filed Recovery application before DRT and STCL is defending the same hence the matter is sub-judice and booking of interest payable to banks will dilute the defence of STCL in the case as banks may take booking of interest loss in Annual Accounts as accepting dues to the banks and produce this as their Evidence in the matter. 2) STCL has made provision at the rate of 15- 16% per annum and the DRT usually allows interest to the creditors at about 9 to 10% per annum so the provision already made till date may be more then the interest payable by the company. 3) If STCL write off the interest / liability on finalization of court cases the excess interest reversed will be treated as income and income tax on book profit may be charged to the company. 4) As no confirmation regarding interest payable to banks is received from the banks henceforth voluntarily booking of interest payable to banks is periodically objected by the Auditors of the Company. 5) In the event, STCL obtain favourable Award in the case filed by consortium of banks before DRT , the booking of interest loss to the Company had to be reversed in the Accounts thereby attracting MAT @ 18.5 % which will be loss to the Company. 6) In the event of STCL loosing the case filed by consortium of banks before DRT, the Award may be pronounced directing STCL to pay interest to the

Annexure 'A' to Independent Auditor's Report

i.	STC is maintaining "Performance Management System", Payroll Software and "Leave Management System" which are not interfaced with each other as well as the accounting software. As a result of above, Manual Accounting entries are being made on periodical basis in the Tally ERP, Accounting software used by Parent Company and its subsidiary.	This observation has been repeated since previous years. The interlinking of different software currently maintained by the holding company can only be possible in case of ERP implementation. Due to precarious financial condition and also due to non-going concern status of the holding company, such implementation is a distant possibility. However, manual intervention with regard to accounting entries in Tally software is restricted by the internal checks available in the software itself.
ii.	Lack of effective scrutiny of accounting ledgers as far as o/s liabilities/Claims recoverable/Security Deposits is seen as they are not updated.	This observation has been repeated since previous years. In certain cases where the matter is under litigation/ subjudice in the court.
iii.	Manner of maintenance of Fixed Assets Schedule & register need to be strengthened.	The company is in the process of strengthening the same.

iv.	Lack of proper contract management is noticed. Irrespective of completion of contracts the EMD/ Security deposits are still being withheld in the books by the Parent Company and its subsidiary.	There is proper Contract Management and after completion of each contract the EMD/ security deposits are settled as per the contractual terms. As regards the security deposits and EMD's in hand the contracts which could not be undertaken, the Company is in process of refund the same consequent upon decision taken for STC being a non- operative company from the F.Y.2021-22 and onwards.
v.	Lack of control over the renewal of Rent/lease Agreements on timely basis. There are numerous of agreements which have not been renewed over a long period.	All of the rent/lease agreements except IRCTC, STCL and SBI ground Floor have been renewed with the tenants. The renewal of agreement with SBI Ground floor is under process and with IRCTC is being pursued on regular basis.
vi.	Ineffective implementation of accounting policy in balance confirmation of trade receivable & vendor balance, is noticed. The balances outstanding in the trade receivable account cannot be reconciled in customers' books as balance confirmations are not available for these customers.	This observation has been repeated since previous years. STC has ceased business operations. Since majority of the outstanding trade receivables and trade payables are under litigation and hence balance confirmation is not taken in view of any adverse effect on the ongoing cases.
vii.	As there are no proper Full Time working Directors in the Parent Company and its subsidiary, and there is also lack of senior management personnel in the Group, all decisions and matters requiring immediate attention are kept on hold and there is ineffective management control in the Parent Company and its subsidiary.	<p>STC is a Govt. company under the administrative control of Ministry of Commerce & Industry. Therefore all the Directors in STC are appointed by Hon'ble President of India through the Administrative Ministry.</p> <p>At present the Board of STC consists of only 4 members i.e. CMD and Director – Finance on additional charge and 2 Govt. Nominee Directors. The independent Directors are yet to be appointed by the administrative ministry.</p> <p>Two committees namely COSO and COMSO have been constituted with approval of STC's Board of Directors.</p> <p>COSO deliberates and decides on matters having financial implication of upto Rs 5 lakhs and matters not in purview of COSO is taken up by COMSO. At present COMSO is under reconstitution.</p>

With respect to subsidiary company

The Company did not have appropriate Internal control with respect to reconciliation of Trade Receivables, Trade Payables, other creditors and Business Associates, which could result in the material misstatement in books of accounts.	Due to the default in the payment by business associates to STCL during the year 2008-09, Company suffered extraordinary losses and Company had stopped all its business activities from 2014-15 onwards. Union Company on 13.08.2013 decided for closure of the Company and subsequently Company had filed voluntary winding up petition before High Court of Karnataka on 26.11.2013 which is pending for disposal. Presently Company is only pursuing recovery cases against the business associates before different forums and adhering to all the other statutory provisions laid down by Government of India.

	<p>The lease rent of steam sterilization unit located in Chindwara, Madhya Pradesh was terminated on 03.02.2018 w.e.f. 31.01.2015 due to non-performance. The Company has initiated legal process for recovery of its dues.</p>	<p>The lessee had initiated arbitration proceeding against STCL for the refund of security deposits. STCL filed its objection and also made counter claim. However the Arbitration proceeding was dismissed.</p>
	<p>The Board of Directors of the Company had delegated certain powers to the managing director of the company vide 107th board resolution dated 27th January 2006. However, no review of the same has been made subsequently till date. Presently, a General Manager is looking after the activities of the Company and reporting to the board of Directors of the Company.</p>	<p>Since the company is in the process of winding up and no business activity is being carried out, the same delegation of power are being continued. At this stage no useful purpose will be served by amending the DOP. However the General Manager reports to BoD through the Managing Director.</p>
	<p>The company has not provided interest during the year on Cash Credit and Packing Credit advances availed from the consortium of banks on the ground that the prevailing rate of interest is low in comparison to interest provided in earlier years and confirmation of balance from the banks has not been received by the company. Due to non-provision of interest, the loss has been understated by Rs. 39,73,57,33,294 /- with consequential reduction in bank liabilities.</p>	<p>STCL had proposed to the Board during the 165th meeting held on 10.01.2019 to discontinue booking of interest on the principal amount due payable to banks and thereby not to make interest provision in the Annual Accounts of the Company from the year 2018-19 onwards on the following grounds:</p> <ol style="list-style-type: none"> 1) As the consortium of banks had filed Recovery application before DRT and STCL is defending the same hence the matter is sub-judice and booking of interest payable to banks will dilute the defence of STCL in the case as banks may take booking of interest loss in Annual Accounts as accepting dues to the banks and produce this as their Evidence in the matter. 2) STCL has made provision at the rate of 15- 16% per annum and the DRT usually allows interest to the creditors at about 9 to 10% per annum so the provision already made till date may be more than the interest payable by the company. 3) If STCL write off the interest / liability on finalization of court cases the excess interest reversed will be treated as income and income tax on book profit may be charged to the company. 4) As no confirmation regarding interest payable to banks is received from the banks henceforth voluntarily booking of interest payable to banks is periodically objected by the Auditors of the Company. 5) In the event, STCL obtain favourable Award in the case filed by consortium of banks before DRT , the booking of interest loss to the Company had to be reversed in the Accounts thereby attracting MAT @ 18.5 % which will be loss to the Company. 6) In the event of STCL losing the case filed by consortium of banks before DRT, the Award may be pronounced directing STCL to pay interest to the applicant banks at the rates varying 8 % to 10 % while STCL had been booking interest rates payable to banks at the average rates of 14% to 15 % thereby disclosing higher interest provision loss to the Company in its Annual Accounts. <p>STCL Board after deliberation of the proposal decided not to book interest expenditure payable in the Annual Accounts from the year 2018-19 onwards. In view of above it is factual and disclosures have been made.</p>

* **Declaration:** “This Management Representation to the Audit Observations for Consolidated Financial Statements is annexed to the Board Report as unapproved in the Board Meeting due to the Technical reason since the composition of the Board is not in compliance of Article 79(1) of the Articles of Association of the Company read with the Section same 149(1) of the Companies Act, 2013 and the functional director(s) has signed for the purpose of authentication only”.
