## AARTECH BAGS INDIAN ARMY SUPPLY ORDER

[Aartech Solonics Limited /#SE/S\\$E: AAR0E! 12](#) announced today that it has awarded a prestigious supply order of an undisclosed amount from the Indian Army for its state-of-the-art 6000V 8000F Ultracapacitor based Systems for 9A; vehicles,

6000V 8000F Ultracapacitor based Systems for 9A; vehicles are extremely effective in the start-up operations of an engine / vehicle; as well as type 9A; vehicles participate in high Altitude Areas under extreme low temperature conditions in which batteries fail to perform, they have a 10x life can handle 10x number of charge/discharge cycles and can be charged almost instantly compared to present day battery options in use. It also comes with various advanced features for monitoring and protection and includes independent energy harvesting sources to ensure start-up under emergency situations,

Amit Raje Chairman and Managing Director and also the CEO of the company. Foted on the occasion "It is a matter of great honour to have received an opportunity to serve the Indian Army. During trials we have closely worked alongside the ranks and empathized with the numerous pain points in real world field situations. Our UCA / System Solution Division, Team and Industrial Research & Design & Development / I&D Team in collaboration with our subsidiary, AraDigm - Ultracapacitors Team have applied lot of innovative design thinking to overcome these problems in a very effective and efficient manner. which have found lot of appreciation and acceptance by its users through numerous field trials and demonstrations. /

Also speaking on the occasion Arati Gathaljee opined: "Aartech has been working towards defence applications for more than a decade now and this breakthrough is nothing short of a wholesome validation of its technology capabilities, business aptitude and ability to sustainably differentiate itself from the crowd. We intend to unlock greater and greater value and potential by expanding horizontally and vertically in the defence domain in the near future. There are other technology demonstration and vendor development projects with defence agencies also under execution as we speak /.

Aartech is a 10 year old SE-S&E Listed ISE-(001:2015 certified techno-premier) driven company. Operating in the field of selected and specialized energy applications, Its R&D facility is recognised by DSIR / Department of Scientific & Industrial Research, Govt of India and has pioneered introduction of several innovations and system solutions in different domains including power generation transmission distribution continuous process industries defence railways and several industrial applications in India and abroad,
