## **AXISCADES Signs Strategic Partnership with OGMA of Portugal (Embraer Company) to Scale Global Aerospace and Defence MRO**

**Bengaluru, India | 27<sup>th</sup> January 2026:** AXISCADES Technologies Limited (BSE: 532395 | NSE: AXISCADES), a leading Indian provider of Aerospace and Defence Technology company, has announced a strategic partnership with OGMA – Indústria Aeronáutica de Portugal, a subsidiary of Embraer, for Aerospace Manufacturing, Maintenance, Repair, and Overhaul (MRO), airframe engineering, and certification services for both commercial and military platforms.

Aligned with its strategy to move up the aerospace value chain by focusing on high-value, long-term service activities, AXISCADES has signed a strategic agreement with OGMA to provide maintenance and support for Embraer and other manufacturers' aircraft fleets in India. The Embraer fleet in India includes prestigious VVIP and VIP aircraft, AEW&C platforms, and various commercial aircraft.

The partnership merges AXISCADES' deep expertise in aircraft design, conversion, avionics, radar, electronic warfare, and drone technologies with OGMA's century of proven capabilities in airframe and engine MRO.

- **Joint Market Focus:** The companies will explore business opportunities in India, the UAE, and the MENA region.
- **OEM Network:** The alliance leverages OGMA's established relationships with major OEMs such as Embraer, Airbus Defence, Rolls-Royce, Pratt & Whitney, and others.

### **Infrastructure and Indigenous Growth**

AXISCADES is currently establishing one of India's largest integrated Aerospace and Defence manufacturing and MRO hubs near the Bengaluru International Airport. This state-of-the-art facility will feature Dedicated hangars, speed shops, Engine shops, Welding Center of Excellence, Strategic Electronics Manufacturing, System Integration, and Certification Testing.

Through this MoU, AXISCADES will leverage OGMA's global expertise to strengthen indigenous MRO competencies and build world-class capabilities within India.

### **Leadership Perspectives**

Alfonso Martinez, CEO-International, AXISCADES Technologies Ltd, commented, *"This MoU with OGMA is a significant step in AXISCADES' journey to build world-class aerospace and defence MRO and engineering capabilities. By combining OGMA's deep expertise in airframe and engine MRO with our strong engineering, manufacturing, and infrastructure roadmap, we aim to create a robust ecosystem that addresses global market opportunities in high-growth regions such as India, the UAE and MENA, while supporting India's self-reliance objectives."*

Paulo Monginho, CEO, OGMA – Indústria Aeronáutica de Portugal, added: *"We are pleased to partner with AXISCADES, a company that brings strong and proven capabilities along with a clear vision for aerospace and defence growth. This collaboration allows us to expand our footprint while jointly delivering high-quality, certified MRO and engineering solutions to India & Global Customers."*

**About AXISCADES Technologies Limited:**

AXISCADES is a leading, end-to-end technology, product and solutions provider aiding the creation of innovative, sustainable, and safer products worldwide in the Aerospace, Defence and ESAI domains. Headquartered in Bangalore with subsidiaries and offices worldwide, in France, Germany, Denmark, USA, and Canada. AXISCADES has a diverse team of over 3000+ professionals working across 17 locations across globe, striving to reduce the program risk and time to market.

AXISCADES has long term relationship with Defence Forces, MoD, Defence Labs and PSUs along with global OEMs. AXISCADES possesses deep domain experience in Weapon Systems, Avionics, Radar, Electronic Warfare, C4I2, Drones, Anti-Drone Systems, Test Solutions, GSE and GHE. AXISCADES has executed several innovative in-house projects and partnered solutions for Land, Naval, Aerospace and Homeland Security.

The comprehensive portfolio of solutions covers the complete product development lifecycle from concept evaluation to manufacturing support and certification.

**About OGMA**

OGMA – Indústria Aeronáutica de Portugal S.A. is a Portuguese company from the aeronautical sector, part of the Embraer Group, that since 1918 combines the accumulated know-how of over 100 years of experience as an aircraft manufacturer and maintenance service provider. Within the MRO market, OGMA offers a complete portfolio of services for Defense, Commercial and Executive aviation as well as for aircraft Engines, Components and Engineering.

Regarding the Aerostructures, as a major supplier of integrated services to OEMs, it has the capacity to provide assemblies and subassemblies of aircraft structures, covering a broad spectrum of products. Within the MRO market, OGMA offers a complete portfolio of services for Defense, Commercial and Executive aviation as well as for aircraft Engines, Components and Engineering.

Currently, the government of Portugal retains 35% of the shares and EMBRAER owns the remaining 65% of the company share capital.
