Respected Madam/Sir,

I have misplaced physical share certificates of **Weizmann Limited**.

As per my records, the shares were in my maiden name, **Sejal Navanital Shah**, with folio no **SS00041**.

Kindly please bring to my attention, the **number of shares** held by me, the **certificate and distinctive numbers** and if there is a **joint holder** present in this folio along with his / her name.

Please send me the **procedure to avail duplicate shares** to me for this holding.

Also please guide me towards the **process of transmission** now that the certificates are lost and what I should be doing ahead as I want to convert them to demat holding.

Note : If the second holder is Navanital Manilal Shah (my father), then he has passed away in 2020 and hence please do send me the **transmission / duplication** procedure keeping in mind that **the 2nd holder has passed away**.

Feel free to contact me further for any clarifications.

Please direct further correspondence on below address
