Disclaimer

This presentation has been prepared by and is the sole responsibility of MAS Financial Services Limited (together with its subsidiary MAS Rural Housing & Mortgage Finance Limited and MASFIN insurance broking private limited). By accessing this presentation, you are agreeing to be bound by the trailing restrictions.

This presentation does not constitute or form part of any offer or invitation or inducement to sell or issue, or any solicitation of any offer or recommendation to purchase or subscribe for, any securities of the Company, nor shall it or any part of it or the fact of its distribution form the basis of, or be relied on in connection with, any contractor commitment, therefore. In particular, this presentation is not intended to be a prospectus or offer document under the applicable laws of any jurisdiction, including India. No representation or warranty, express or implied, is made as to, and no reliance should be placed on, the fairness, accuracy, completeness or correctness of the information or opinions contained in this presentation. Such information and opinions are in all events not current after the date of this presentation. There is no obligation to update, modify or amend this communication or to otherwise notify the recipient if information, opinion, projection, forecast or estimate set forth herein, changes or subsequently becomes inaccurate.

Certain statements contained in this presentation that are not statements of historical fact constitute "forward-looking statements." You can generally identify forward-looking statements by terminology such as "aim", "anticipate", "believe", "continue", "could", "estimate", "expect", "intend", "may", "objective", "goal", "plan", "potential", "project", "pursue", "shall", "should", "will", "would", or other words or phrases of similar import. These forward-looking statements involve known and unknown risks, uncertainties, assumptions and other factors that may cause the Company's actual results, performance or achievements to be materially different from any future results, performance or achievements expressed or implied by such forward-looking statements or other projections. Important factors that could cause actual results, performance or achievements to differ materially include, among other: (a) material changes in the regulation governing our businesses; (b) the Company's inability to comply with the capital adequacy norms prescribed by the RBI; (c) decrease in the value of the Company's collateral or delays in enforcing the Company's collateral upon default by borrowers on their obligations to the Company; (d) the Company's inability to control the level of NPAs in the Company's portfolio effectively; (e) certain failures, including internal or external fraud, operational errors, systems malfunctions, or cyber security incidents; (f) volatility in interest rates and other market conditions; and (g) any adverse changes to the Indian economy.

This presentation is for general information purposes only, without regard to any specific objectives, financial situations or informational needs of any particular person. The Company may alter, modify or otherwise change in any manner the content of this presentation, without obligation to notify any person of such change or changes.

There is a possibility of the financial results and the additional disclosures to be updated, modified or amended because of adjustments which may be required to be made on account of introduction of new standards or its interpretation, receipt of guidelines or circulars from regulatory bodies and/ or Reserve Bank of India and/or changes because of exercising any available exemptions.

Note on change in accounting policy for income recognition on direct assignment transaction:

During the quarter ended 31st March 2023 the Company is directed by Reserve Bank of India to book the gain on assignment transaction upfront in the statement of profit and loss in accordance with Ind AS 109 instead of amortising it over the period of the underlying residual tenure of the assigned loan portfolio as practiced by the Company, by exercising their judgement under para 19 of Ind AS 1 for better transparency as per the Company's view.

The new accounting policy has been implemented retrospectively and being presented from the beginning of the earliest period i.e. 1 April 2021.

Strong Liability Management

1

The composition of our liability mix ensures healthy ALM and well diversified resource mix. The cashflow in all the cumulative buckets is positive

2

Capital adequacy ratio, as on **31st December 2025** is **22.84%** against regulatory norms of 15%. Tier-I capital is **21.48%** as against requirement of 10%. Tier-II capital is just **1.36%** which may potentially increase from time to time depending on the requirement and also as a source of structural liquidity to strengthen ALM

3

The **total Cash credit limit** available to the Company is **₹ 14.09 Bn.** spread across 13 banks. The **utilization level** is maintained at **70% - 75%** of the total Cash Credit Facility, ensuring sufficient liquidity on hand

4

Around 80% of the portfolio is MSME loans which qualifies as Priority Sector Lending. The Company aims to maintain **20%-25% of AUM as off book through Direct assignment and Co-lending transactions**. It is with matching door to door maturity and without recourse to the Company. This further strengthens the liability management. **The Direct Assignment and co-lending sanction on hand is around ₹ 16.39 Bn.**

5

The company raises term loan and debentures with average tenor of 2 to 5 years, which helps in strengthening the ALM. **The sanction on hand is around ₹ 18.25 Bn**

6

Leverage Ratio on balance sheet works out to be **3.35 times** and going forward plan is to maintain the leverage at optimum level.

Liability Management

Sources of Fund as on 31st December 2025 (%)

The composition of our liability mix ensures healthy ALM and well diverse resource mix. The cashflow in all the cumulative buckets is positive.

Capital adequacy ratio, as on 31st December 2025 is **31.50%** against regulatory norms of **15%**. **Tier I** capital is **27.77%**. **Tier II** capital is **3.73%**.

The Company keeps on **availing refinance from NHB which is currently 1.89% of its total borrowing mix**. This helps it to raise matching tenure loans at very competitive rates. The Company is working hard to enhance NHB refinance share in its total liability management.

Around 95% of the housing loan portfolio qualifies as priority sector lending for banks if the same is **assigned to banks**. Increase in direct assignment of portfolio over a period of time will enable efficient ALM and will bring about capital efficiency.

The Company continues to demonstrate its capability of efficient liability management.

Around 65% of the on-book portfolio qualifies as priority sector lending for banks as on lending to HFCs. We keep on raising term loans from banks for both priority sector and Nonpriority sector lending with an average maturity of 5 - 7 years.

The total Cash credit limit available to the Company is **₹120 Mn**. The Company utilises the fund as per the requirement, ensuring sufficient liquidity on hand.

Leveraging Technology Across Spectrum

Leveraging Technology

MAS is integrating technology across all verticals of its operations

Collaboration with 50+ APIs, enabling authentic data sourcing

BRE- Enabled Origination

- Centralised onboarding and OTP based authentication
- Seamless application management with document upload and verification
- Preliminary assessment to shortlist viable cases

Decisioning

- Pre-set rule engines to determine credit worthiness
- EKYC, Bureau checks via integrated APIs
- Income analysis via ITR, GST and bank statements
- Fraud Check via integrated APIs

Operations

- Remote and paperless documentation (e-sign/ e-stamp APIs)
- Customer engagement via Whatsapp, SMS and emails

Disbursement & Collection

- 100% cashless disbursement
- 100% cashless collection via ENACH, BillDesk, PayTM and BharatPe tieups

Outcomes

1

Significant TAT reduction in SME & Housing products where the borrowers are mainly from formal segment

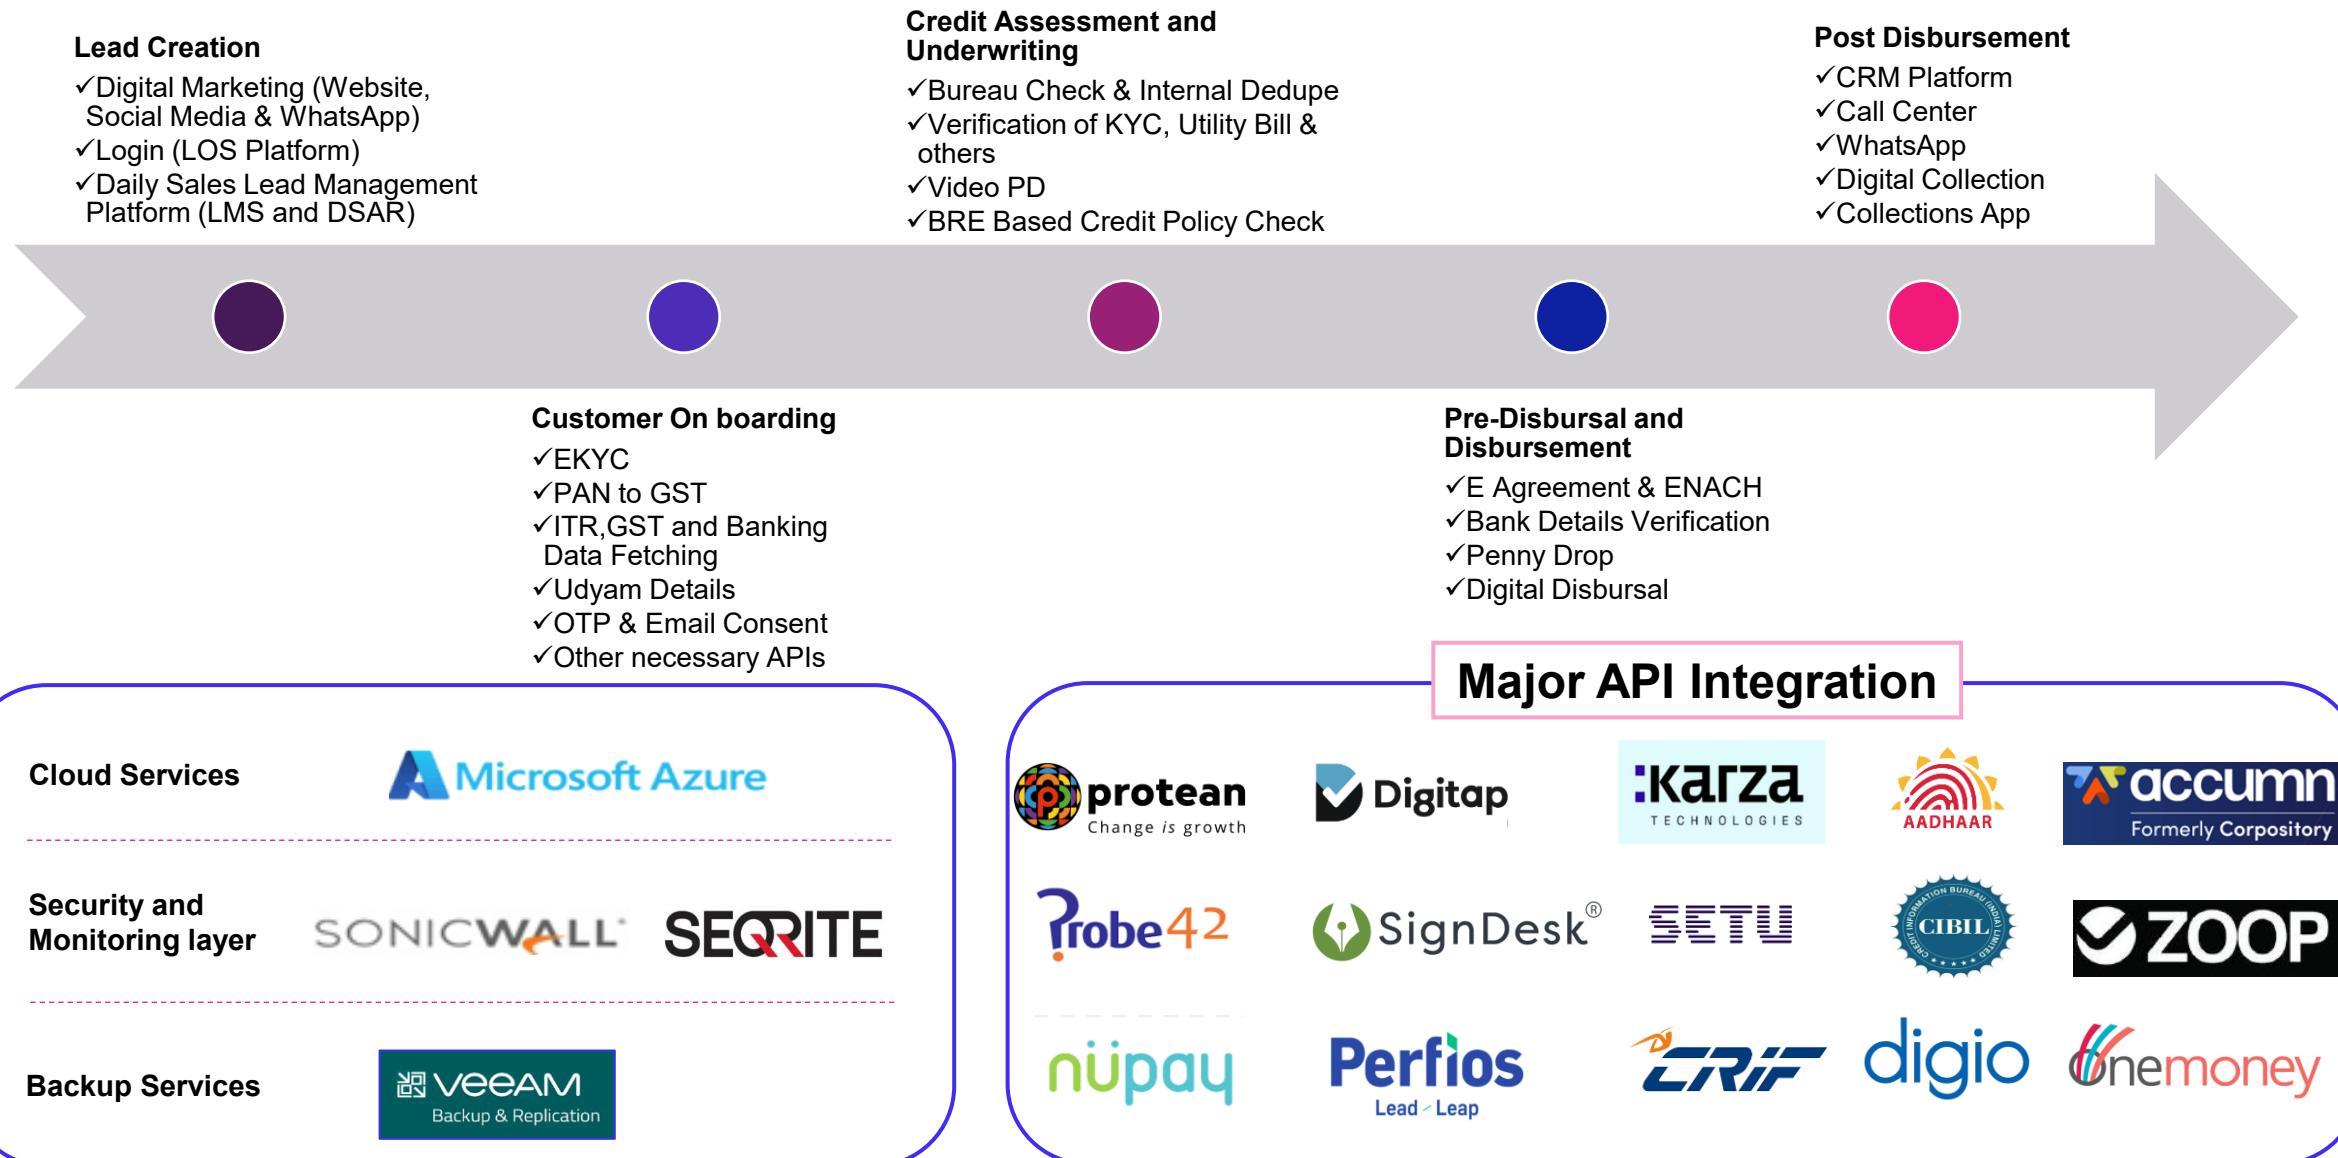

2

Improvement in opex cost

3

Authenticated data sourcing enabling better & faster credit assessment

Technology Landscape

Robust Risk Management

Portfolio & Asset Quality

- MAS has well diversified products portfolio and wide geographical presence (through direct presence & NBFC partners) ensuring robust business framework and minimising risk.
- The Company will continue to expand in existing as well newer geographies gradually in which the growth of direct distribution will be higher.
- The Company will continue to focus on quality of the portfolio in terms of net stage 3 assets and target it to maintain below ~2%.

Policies

- MAS has comprehensive policies framework for all the critical functions which serves as a guiding principles for efficient risk management.
- The Company has implemented various policies such as Credit, HR, Investment, IT, Liability Management, and Corporate Governance.
- The Company will strengthen its policies and control framework to monitor and manage the risks arising from business operations, compliances and regulations.

Process

- MAS endeavours to have processes to follow the laid down core policies.
- The Company will continue to focus on remaining a process & purpose driven organisation.

Robust Credit Assessment

MAS aims to give credit where it is due with the dictum of adherence and adaptability

Comprehensive Credit Assessment

Credit Assessment Process Overview by Product

- A** Business loans require assessment of business viability, cash flow, and profitability
- B** Salaried loans disbursed to individuals with approved company employment
- C** For Asset backed loans, mortgage/hypothecation with insurance
- D** Guarantor/ co applicants requirements basis applicants

Understanding of Retail Asset Channel

Extended Distribution Arm

- ❖ **Strategic Intent:** “To address the financial needs of underserved segments across the country & capitalize on opportunities while promoting financial inclusion, job creation, and support for MSMEs.”
- ❖ **Extended Arm:** NBFCs/MFIs partnerships (Retail Asset Channel) are an extended distribution arm of MAS for distribution of credit across India and work towards achieving strategic intent of the company

Partner Strengths

- Local reach
- Customer proximity
- Relationship-driven sourcing
- Faster field execution
- Collection responsiveness
- Strong ground-level market intelligence

MAS Strengths

- 30 years of experience
- Experienced multiple headwinds
- Product understanding
- Robust balance sheet
- Reliable capital access
- Backed by strong ratings
- Support from investors/DFIs/Lenders.

Value Created Through Partnership

- Operational Excellence
- Ensuring Credit Where It Is Due
- Serving the underserved. Reaching the unbanked.
- Stable funding Source for NBFC.
- Strengthened End borrower Access
- Scaled Lending with Asset-quality Control

Established Framework for Onboarding

- ❖ The company exclusively partners with well-capitalized NBFCs demonstrating strong fundamentals, product alignment, operational excellence, and consistent asset quality.

Promoter Due Diligence

Detailed reference checks, background verification and track record assessment. Seasoned promoters with established reputation in Banking and Finance Industry.

Proven Track Record

Defined minimum years of operations with stable AUM growth trajectory. Proven customer acquisition and credit process.

Products Alignment

Partnering with the NBFCs only for products in which we have strong domain expertise including MEL, SME, TW, SRTO, SPL and others.

Strong Governance & Regulatory Compliance

Strict adherence to RBI guidelines and internal policies to ensure statutory and regulatory compliance. Strong governance structure, internal control, and technology systems

Sound Fundamentals

Minimum CRAR of 20%, Revenue trends, Profitability, Leverage, ALM positioning, Robust credit underwriting, MIS systems, and collection infrastructure

Strong Borrowing Profile

Lender diversity, maturity profile, covenants, and refinancing risk assessment.

Monitoring Framework

Field Audit at Regular Intervals

- ❖ Field-level validations are conducted to ensure robust control over the underlying portfolio and safeguard assigned assets. The following are the criteria undertaken during the field audits:

Underlying Asset Verification

- Monthly verification of underlying assets to track DPD movements and identify any prepayment irregularities.

Data & System Validation

- File-to-system accuracy checks,
- POS and Delinquencies verifications,
- MIS verification for data accuracy.

Policy & Process Adherence

The audit team checks the following:

- Credit policy compliance
- Documentation & trail checks
- Exception/deviation review

Geography-wise Portfolio

- Cluster concentration checks,
- Location-wise underlying assets validation to ensure control over the assigned pool.

Collection Assessment

- Field collection evaluation,
- Receipt and reconciliation,
- Borrower level checks if required.

File & Documentation Verification

- Loan file audits
- Document checking & authentication
- KYC & collateral checks

Sharpening the Learning Curve

Our proven track record of more than ₹30,000 cr cumulative disbursement through NBFC partners with total loss less than 0.50% over a decade across various tough periods assures our confidence on the distribution model.

Our Learning Curve is Further Strengthened by

Credit Assessment

Continuous strengthening of due diligence and audit process both pre and post disbursement. Further strengthening the field due diligence.

Constant Monitoring

Close indulgence with partner NBFCs both on the system as well as credit part. Additional diligence of financial accounting with necessary deep diving also to be the part of monitoring to preempt any irregularities.

Evaluation Matrix

Further strengthening the evaluation and the exposure matrix for all the NBFCs partners

Way Forward

Key Growth Strategies for Consistent Growth

Aim to grow AUM by 20% to 25% over the medium to long-term

Focus on Efficient and Diversified

Distribution of Credit across

Diversified Products

Efficient distribution of credit through direct branches as well as NBFC partnerships.

Digitalisation

Digitalised operating process from origination till disbursement; partnered with 50+ APIs to source authentic data.

Plans to integrate AI & BRE for better data analysis

Growth Drivers

Housing, SME and Wheels portfolio to be key growth drivers and their share in AUM will increase gradually which should result into more asset backed lending

Human Capital

Diverse workforce consisting of 5000+ employees of which 475+ employees are with the company for more than 5 years. 35+ employees are with the company since inception. MAS will continue to recognize the efforts, loyalty and dedication of its existing team while also hiring the lateral talent from the market.

Strong Risk Management

MAS has diversified products and geographical presence. The Company will continue to focus on priority of quality of assets, profitability and growth

Sustained Profitability

Targeting ROA in the range of 2.75% to 3.00% and ROE in the range of 16% to 18%
