Broad-based strong performance continues in Q1FY22

Mumbai, July 28, 2021: Welspun India Ltd. (WIL), a global leader in Home textiles and part of the US\$ 2.7 billion Welspun Group, announced Q1FY22 results today.

Management Comment:

Speaking about the performance, Mr. B.K. Goenka, Chairman, Welspun Group, said, "The strong growth momentum which started in H2 of last FY continued in current fiscal year also. I am thankful to the Welspun team for their perseverance and resilience as they navigated through this challenging period and delivered broad-based, market-leading volume growth supported by our agile business model. The wellbeing of our workforce is integral to Welspun and we are committed towards vaccinating 100% of our people across manufacturing plants by 15th August 2021.

I thank the Govt of India for providing long term stability to the textile sector in the country and am confident that this will be a game-changer for the entire value chain and will drive benefits for all stakeholders.

The prevailing global logistic challenges being a possible impediment, Welspun India is well placed to capture the growth opportunity on the back of strong customer relationships, superior distribution network, thriving global ecommerce channel and brands and digitalization. Identifying these opportunities well in advance, we have deployed capital in businesses which has helped us to withstand disruptions and will generate strong growth in future.

ESG is now integral to all business strategies at Welspun with direct influence on Managerial remuneration. I am happy to share with you that our group company, Welspun Flooring Limited has become the first company to achieve certification under SCS' new Zero Waste Standard which shows that our efforts towards sustainable growth are bearing fruits.
