*The company has passed Special Resolution dated August 12, 2025, for approval of variation in utilization of Initial Public Offering (IPO)

- Note 1: Utilization of gross proceeds in the reporting quarter is under 'Funding the capital expenditure requirements of the company and one of their material subsidiaries, Indegene Inc.' and 'General Corporate Purposes and Inorganic Growth' these are the Objects stated in the Prospectus, and utilization towards the same is as per the Prospectus.

Subsequently, allocation towards the Object 'Funding the capital expenditure requirements of the company and one of their material subsidiaries, Indegene Inc.' was modified relative to the Prospectus. To give effect to such modification, Members have passed a special resolution dated August 12, 2025, approving such variation in utilization of initial public offering proceeds. A total of Rs. 38.65 crore was carved out from the Object – 'Funding the capital expenditure requirements of the company and one of their material subsidiaries, Indegene Inc.' Out of which, Rs. 3.67 crore was adjusted towards the Object – 'Repayment/prepayment of indebtedness of one of their material subsidiaries, ISSL Holdings, Inc.' on account of excess loan payment due to foreign exchange rate fluctuation and balance Rs. 34.99 crore was allocated towards new Object – 'Technology, Cybersecurity and Cloud infrastructure related cost'.

- Note 2: The excess reimbursement of issue expenses of Rs. 0.50 crore related to OFS has been made from Fresh Issue proceeds. The offer related expenses pertaining to Fresh Issue are lower than the estimated expenses in Prospectus. As per management undertaking, the total offer related expenses incurred for OFS and Fresh Issue are within the estimates detailed in the Prospectus and they would accord the treatment of reduction issue expenses and resultant surplus in net proceeds with the Board. They have also provided legal opinion for the same. For further explanation on the matter, refer [comment](#) under the "Deployment of unutilized proceeds" table.

* Issue related expenses pertaining to Selling Shareholders have increased by Rs. 0.50 crore till June 30, 2025, which has resulted in the excess reimbursement taken by the company to that extent from fresh issue proceeds. As per management, there would be lower issue expenses related to fresh issues as compared to estimates and those excess funds as per their estimate are being utilized for issue expenses related to OFS. It has caused difference in the unutilized proceeds between the amount mentioned in the above table and shown under 'Table 4(ii) Progress in the objects'. For allowability of such excess reimbursement, the Monitoring Agency has relied upon the Legal Opinion and Management Undertaking shared by the company

which states - “the overrun in SS share of IPO expenses may be adjusted against the surplus in Company’s share of IPO expenses. Since this is not a variation of objects, no approval of shareholders is required under Companies Act, 2013. The same be approved by the board while taking note of the increase in Net Proceeds and approving the net surplus amount of Rs. 1.22 million that will be added to one of the objects of the issue (other than GCP).” In this regard, the management has provided an undertaking that the company intends to seek Board approval for this treatment.
