- Revenue from operation increased in 3rd Quarter by 53.11% and profit increased by 1490.66% from compression of previous quarter. The turnover and profit both increased in the compression of previous quarter.
- Revenue from operation decreased at nine months /year up to date quarter ended on 31.12.2025 by 22.11% and profit 11.81% decreased from compression of previous nine months / year up to date quarter ended 31.12.2024. The turnover and profit both decreased in the compression of previous nine months /year to quarter due to hold orders by U S based Buyer on account of increased tariff by U S Government.

The negotiation on U S based Buyers is going on and hope matter will be resolved with them shortly. But no one order has been cancelled by them.
