### Management Comment

**Dr. Ashutosh Raghuvanshi, Vice Chairman, Managing Director and Group CEO, Narayana Hrudayalaya Limited,** *“Fiscal Year 2018 turned out to be a noteworthy year for us as we registered an industry leading growth of over 21%. This was achieved on the back of our mature centers which continue to provide sustained cushion to the group with our flagship Health City, Bengaluru growing at an impressive 16% for the fiscal year FY18. Our overall profitability, amidst a slew of unpredictable regulatory measures, is consistent with our expectations considering the operational losses associated with our newly commissioned hospital in Mumbai and pre-commissioning expenses at our recently operationalized Gurugram unit.*

*Our well-calibrated expansion across the northern and western frontiers of the country is a definite reason for cheer, helping us emerge as a true pan –India quality healthcare provider. Our success in international waters i.e. our accomplishments at our Cayman Islands facility also lent us the confidence to increase our stake in the venture.*

*Expanding in geographies of strategic interest, both domestic and international, deploying serious capital amidst persisting regulatory challenges, is a testament to NH’s unflinching commitment towards the healthcare sector. While these newly planted growth offshoots would have a bearing on the group’s near-term profitability, but over the longer term, we are confident about the prospects of these significantly augmenting the same.”*
