NDTV Reports Revenue Growth of 14% in Q2 over Q1

Strengthens Content Line-Up and Accelerates Business Transformation

NDTV announced its financial results for the second quarter of FY26, reporting a 14% growth in revenue over Q1 FY26 and a 10% increase compared to Q2 FY25. The strong performance reflects the Company's focus on both content innovation and business consolidation.

The quarter was marked by several strategic milestones. NDTV strengthened its on-air programming with the launch of new primetime shows and the addition of renowned anchors Padmaja Joshi, Syed Suhail, and Shubhankar Mishra, improving its editorial depth and audience engagement. On the business front, NDTV took decisive steps to drive efficiency and scale. The Company successfully completed a Rights Issue to bolster future growth and undertook a structural consolidation by merging four entities into one, simplifying operations and enabling a sharper focus on core business priorities.

The period also witnessed NDTV strengthen its presence as the leading media network for global conversations with the NDTV World Summit, held in New Delhi on October 17th and 18th. The event marked an extraordinary moment in global dialogue, bringing together some of the most influential voices of our time including Prime Minister Narendra Modi, Sri Lankan Prime Minister Harini Amarasuriya, former UK Prime Minister Rishi Sunak, and former Australian Prime Minister Tony Abbott, alongside many other global leaders, and changemakers.

NDTV also held its first mega concert under the Good Times banner with Sonu Nigam in Srinagar as a part of a significant cultural initiative to broaden the network's entertainment and experiential footprint. As the valley's first major concert since the Pahalgam incident, the event was historic and came to represent celebration, hope and unity for the people of Kashmir. The concert attracted a sizeable, exuberant audience and demonstrated NDTV's commitment to bringing meaningful experiences to audiences across the country.

While the quarter's revenue performance remained robust, benefiting from the festive lead-up, the bottom-line was impacted by significant investments made to support NDTV's ongoing transformation and growth initiatives. With a clear focus on content excellence, digital integration, and business strength, NDTV is well-positioned to sustain momentum through the festive quarter and beyond.
