"

"

Thanking you,  
Yours Truly,

Encl. as above

*“We are happy with the successful inspection outcome of our new greenfield API site at Vizag with Zero 483 inspectional observations. This is the first regulatory inspection we have undergone at the site since its commissioning. This outcome demonstrates our relentless focus on world-class quality and compliance, which remains a key pillar of our strategy and validates the quality systems the Company has institutionalized across its manufacturing network. The Vizag facility is differentiated in design and supports the manufacturing of APIs to ensure supply security and cost leadership.”*
