**Sub.: HPCL and Thermax collaboration  
for Clean and New Energy  
Technologies**

Dear Sirs,

Pursuant to the requirements of Regulation 30 of SEBI (Listing Obligations and Disclosure Requirements) Regulations, 2015 (SEBI LODR), we wish to inform that Hindustan Petroleum Corporation Limited (HPCL) and Thermax Limited (Thermax) have signed a Memorandum of Understanding (MoU) at India Energy Week (IEW) 2026 in Goa, marking a strategic step towards advancing clean and new energy solutions.

The collaboration will focus on the joint development and commercialization of emerging technologies, including HP AEM Electrolyzers, CO<sub>2</sub> capture solutions, and bio-pyrolysis oil processing. By combining HPCL's process innovation and R&D capabilities with Thermax's engineering and industrial implementation strengths, the partnership aims to deliver scalable and indigenous energy solutions.

This MoU reinforces the commitment of both organizations to "Make in India" and supports India's energy transition through sustainable, low-carbon technologies.

This is for your information and records.

Thanking you,

Very truly yours,

**Rakesh Kumar Singh**  
Company Secretary
