“Blue Cloud Softech Solutions proud to announce the Appointment of Former SoftBank Vision Fund Investor, Mr. Sukhvinder Gill, as Strategic Advisor”

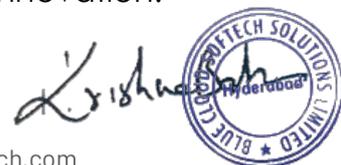

Hyderabad, Telangana, October 30, 2025: Blue Cloud Softech Solutions Limited (BSE: 539607), a prominent leader in AI-driven enterprise solutions, is pleased to announce the appointment of **Mr. Sukhvinder Gill** as Strategic Advisor. Mr. Gill, formerly an influential investor at SoftBank Vision Fund, joins the company at a pivotal time as it accelerates its growth and innovation agenda in the global technology sector.

With more than thirty years of extensive experience across international financial markets and venture capital, Mr. Gill is widely recognized for his deep expertise in strategic investment, business growth advisory, and driving market leadership. During his tenure at SoftBank Vision Fund—one of the world’s largest and most influential technology investment platforms—Mr. Gill played a critical role in sourcing, evaluating, and structuring investments into some of the most groundbreaking technology ventures globally. His leadership contributed to SoftBank’s participation in renowned companies such as Jobandtalent, Jellysmack, Our Crowd, Better, and Primary Bid. These investments have had a significant impact on the technology landscape, propelling innovation and enabling rapid company scaling.

Mr. Gill’s influence extended beyond deal-making; he closely collaborated with SoftBank’s senior leadership, including CEO Masa Son, to develop strategies that identified and nurtured transformative businesses in the digital and technology sectors. This exposure has equipped him with a keen understanding of what it takes to guide early-stage companies to become industry leaders.

After his successful chapter at SoftBank, Mr. Gill served as Chief Investment Officer at RedCloud Technologies. There, he demonstrated his leadership by guiding the company through a successful Nasdaq IPO (RCT) and spearheading the raising of over \$70 million in private market capital. Earlier in his career, Mr. Gill held significant roles at globally respected institutions such as Deutsche Bank, JPMorgan Chase, and Goldman Sachs Asset Management, sharpening his expertise in capital markets, trading, and structured finance across major financial centers in Europe, Asia, and the Americas.

Ms. Janaki Yarlagadda, Chairperson of Blue Cloud Softech Solutions, commented, “Having someone of Sukhvinder’s caliber who has operated at the highest levels of global venture capital and capital markets is a huge asset for Blue Cloud. His insights from SoftBank Vision Fund’s approach to scaling technology-driven companies will be instrumental in shaping our next phase of growth and innovation.”

Blue Cloud Softech Solutions Ltd.

From Information to *Intelligence*

Mr. Gill's academic credentials include a Bachelor of Science with Honors in Business Management from King's College London. Beyond his new role at Blue Cloud, he continues to serve as an advisor to leading financial and technology organizations worldwide, providing guidance on investment strategy, market expansion, and risk management.
