Hyundai Motor India Rolls-out Fastest 3 Millionth Made-in-India Export Car

Ahmedabad: Hyundai Motor India Ltd, India's First Smart Mobility Solutions Provider and largest exporter since inception, today achieved yet another significant milestone with roll out of 3 Millionth Made-in-India Export car - A 'Hyundai AURA' (Export name - GRAND i10) for Colombian market from its state-of-the-art plant in Sriperumbudur near Chennai.

Commenting on the milestone achievement, Mr S S Kim, Managing Director & CEO, HML said, "The fastest Made-in-India 3 Millionth

Export Roll Out is a significant milestone as it showcases the global success story for brand Hyundai. We started our export operations in 1999 and created many milestones. We thank our all our global customers and overseas distributors for their trust and support which has helped us reach this landmark. Drawing strength from Hyundai's vision of 'Progress for Humanity' we will continue to offer all-around premium experience to our customers through our quality products, both in the Indian and global markets." Ather Energy introduces Ather 450X, the super scooter

Ahmedabad: Ather Energy today unveiled an advanced performance and intelligent electric scooter, Ather 450X. The super scooter comes packed with brand new features, advanced 4G connectivity and a brand new ownership model, at INR 99,000 (Bengaluru) up front and a monthly subscription.

Ather recently signed an MoU with the Tamil Nadu government to build a new 400,000 sq ft facility and is now moving to the next phase of its growth. Ather is scaling up its operations across the country with Ather 450X being available across 10 major cities in India

beginning with Delhi NCR, Mumbai, Pune, Hyderabad along with Bengaluru and Chennai.

Ather's exclusive invite campaign saw thousands of pre-orders coming in from more than 300 cities. Based on its success, Ather will be offering a referral program for customers so that they can share the benefits of pre-ordering the Ather 450X with their friends and family. With the demand pouring in for the super scooter, Ather will be rapidly expanding its operations to all key markets through retail partnerships which will offer test rides and after sales service across India. Wonder Cement launch its grinding unit in Madhya Pradesh

Ahmedabad: Wonder Cement, one of the country's leading cement manufacturing companies today announced the launch of their newest facility, a world class grinding unit in Badnawar Madhya Pradesh. This is Wonder Cement's second grinding unit in the country; the first grinding unit is in Dhule, Maharashtra which was launched in the month of August 2018.

Mr. Vivek Patni, Director, Wonder Cement, explains the focus on quality: "There are things which we do to maintain top-notch quality,

with the way we source raw material, with our tech-based manufacturing process and efficient transportation of the product. Fundamentally, we get very good quality raw material from our mines. But what's unique about us is not just limestone, but the stringent quality control systems. Our ardent technology and heavy investments made on machineries including scanners and filters gives us an unparalleled delivery of world class product to our end customers. (19-10)

'100 Farmers. 100 Stories' Photo & Video Story Contest launched by TAFE - Be a #FarmDost

Ahmedabad: TAFE - Tractors and Farm Equipment Limited, the world's third largest tractor manufacturer, launches '100 Farmers. 100 Stories' - a nationwide Photo and Video Story Contest, dedicated to the farming community as part of its 'Be a #FarmDost' initiative. The objective of this unique contest is to curate the top 100 inspiring stories of farmers across India and spotlight the invisible farming community and agriculture as a profession. The contest has two main categories - Photo Stories and Video Stories, and offers Prizes worth upto Rs. 2,20,000* across categories to the winners, besides also awarding and recognizing the farmers

featured in the winning entries. The Contest is open to all Indians above 13 years of age without any entry fee, and is being run on digital media platforms, urging participants to meet with farmers and share their inspiring and compelling stories with the help of photos or videos supported by the story behind them, which highlight positivity in farming and celebrate the contribution of farmers to the society. UFBU call for 2 days strike

United forum of Bank unions which consists of 9 bank unions including All India Bank Employees Association (AIBEA), All India Bank Officers' Confederation (AIBOC), National Confederation of Bank Employees (NCBE), All India Bank Officers' Association (AIBOA), Bank Employees Federation of India (BEFI) among others have given all India Bank strike call on 31st January, 1st Feb, 11th, 12th & 13 March and thereafter indefinite strike from 1st April 2020 demanding early and respectable wage revision, 5 day week, defined working hour for officers, scrap new pension scheme and revision/ updation of family pension/ pension. They oppose mergers and amalgamations in banking sector as it is a prelude for privatization. They have also announced plans for demonstrations, signature campaigns and poster displays among other protest methods from January 20, 2020 to April 1, 2020. The timing of the bank strike particularly on

31st January and 1st February assumes significance as it coincides with Budget Day.

According to AIBOC (All India Bank Officers' Confederation), the increase in wages is for seeking

compensation against the price rise as well as to meet the demands of the various situations in the society. 32 months have elapsed. The progress was in snail's pace. Our patience has reached the tolerance level. UFBU says that the unanimous decision to intensify agitation was taken after talks with Indian Banks' Association (IBA) failed. UFBU in circular has alleged stiff approach of the Indian Banks' Association on demands for a fair wage revision settlement. UFBU is seeking at least a 15-per cent hike, but the IBA has capped the raise at 12.25 per cent. In the past wage settlement, which was for the period November 1, 2012, to October 31, 2017, the employees got a 15 per cent

hike.

No headway has been made in the process so far even after 32 months since the discussion on wage revision began. Around 3.2 lakh officers participated in the strike. The

demands of bank officers include implementation of the 11th bipartite settlement relating to salary and perks, giving effect to wage revision at the earliest, striking a balance in the duties and work of officers, giving effect to five-day-week in banks, upward revision of pension of retired bank officials, giving preference to basic banking transactions, banning marketing of non-banking products, cancellation of New Pension Scheme and give effect to specific pension etc.

The banking industry in India witnessed sea-change through nationalization of banks in the years 1969 and 1980 with the sole aim of promoting small savings for self-sufficiency and for utilizing the banks as catalytic agents for economic growth.

WESTERN RAILWAY COMPLETES ELECTRIFICATION OF THE NEWLY CONVERTED BROAD GAUGE LINE

Ahmedabad: Western Railway is contributing immensely in the infrastructural development of railways in Gujarat and in last 5 years tremendous boost has been given to gauge conversion, electrification, doubling and elimination of the unmanned level crossings along with enhancement of passenger amenities. Western Railway has once again accomplished a great feat of completing the electrification of the newly converted broad gauge line between Mahesana and Vadnagar in just 8 months. On 29th January, 2020, Shri R.K. Sharma - Commissioner of Railway Safety conducted an inspection of the work at Vadnagar station along with entire project.

According to a press release issued by Shri Ravinder Bhakar - Chief

Public Relations Officer of Western Railway, the section between Mahesana and Vadnagar is part of the Mahesana - Taranga Hill Gauge Conversion project. The Gauge Conversion work of Mahesana - Vadnagar

section of 34.43 km was completed and opened for traffic on 23rd July, 2019. The electrification of this section was sanctioned by Ministry of Railways in April 2019 at a total cost of Rs. 74.66 cr. The electrification work was taken by Western Railway on war footing and the work began in month of

May 2019 itself. The work was planned judiciously & milestones viz. casting of foundation, mast erection, brack assembly, wiring & adjustments etc. were critically monitored. With great dedication and keenness towards completion of the project, the work of electrification of Mahesana - Vadnagar section of 34.43 route km. has been completed within the record time of mere 8 months.

Bhakar added that even though the Mahesana-Vadnagar section faced torrential rains during the monsoon season which held up the work for about 3 months, Western Railway was able to complete the work in record time. Western Railway has certainly set a benchmark for other similar projects being executed by Western Railway to realize the nation's ambitious mission of 100% electrification of railways.

Hemorrhagic stroke is lethal than an ischemic stroke if not treated on time: Expert

Ahmedabad: Approximately, 15 million people worldwide have suffered from stroke in their lifetime. In India, Stroke is the 2nd leading cause of death and the leading cause for disability. As per India: Health of the Nations States - The India State-level Disease Burden initiative by ICMR, PHFI and IHME, 2017 report, India witnesses approximately 1.7mn stroke cases annually. Despite the vast number, stroke cases in India still go un-reported. There are two kinds of

stroke, Ischemic stroke and Hemorrhagic stroke. Hemorrhagic stroke accounts for 13% of the stroke cases. It is more lethal and mortality rates range from 33% to 45%.

Elaborating further Dr. Kalpesh Shah, Interventional Neurosurgeon, Zydus Hospital, Ahmedabad said, "I see about 8-10 cases of hemorrhagic stroke every month. In my clinical observation women are more prone to aneurysm ruptured hemorrhagic stroke compared to men with a ratio being 2:1." (19-10)

Wetlands - Miracles in Mumbai An EPIC Original To Celebrate World Wetlands Day

Ahmedabad: On February 2, 1971 a small group of environmentalists signed an international agreement at the Ramsar Convention in Iran - this day came to be known as World Wetlands Day.
