Man injured by Arikomban dies, Stalin gives ₹5L relief

JEYALAKSHMI RAMANUJAM @Theni

A 65-year-old man who was undergoing treatment at Theni Medical College Hospital after being attacked on Saturday by rogue tusker Arikomban in Cumbum died early on Tuesday. S Palraj, a Cumbum resident, suffered head injuries and internal bleeding after he was pushed down from his motorcycle by the pachyderm on a road in the locality on Saturday. The elephant, notorious for its love for rice and ration shop raids in neighbouring Kerala, had strayed into the border town of Cumbum on Saturday, after it was translocated to the Periyar Tiger Reserve last month.

Meanwhile, Chief Minister MK Stalin on Tuesday announced a solatium of Rs.5 lakh to the victim's family and said a special team led by Srivilliputhur-Megamalai Tiger Reserve field director has been formed to capture the tusker.

Minister for rural development I Periyasamy and Collector RV Shajeevana met Palraj's family and handed over the relief amount. Listing out the steps taken by the state government to capture the tusker, the CM, in a press release, said veterinary doctors have been kept ready to tranquilise the tusker. Sixteen forest rangers from Theni, Mudumalai and Anamalai Tiger Reserve, experienced in tracking elephants, are closely monitoring the tusker's movements. A special control room has been set up at the Cumbum for monitoring its movement through GPS. Over 200 forest department personnel are deployed to capture Arikomban, the release said.

Forest department sources said Arikomban was seen roaming in forest and hilly areas near Shanmuganathi Dam, which comes under Uthamapalayam revenue area, on Monday and Tuesday. Veterinarians will be able to tranquilise the tusker only if it ventures out of the forest area, sources said. Three kumkis --- Suyambu, Udhayan and Arisiraja alias Muthu --- kept on standby in Cumbum, will be brought to the dam area after the vet team tranquilizes the elephant. Safety measures including barricades have been done to prevent people from entering the area, sources said.

Speaking to *TNIE*, Saraswathi, a resident, said their routine life is in trouble because of Arikomban. Farmers are hit as they have been asked not to enter their fields since Saturday, she said.

Supriya Sahu, Additional Chief Secretary to Government, Department of Environment, Climate Change and Forests, in a press release said the Kerala forest department had translocated Arikomban to Periyar Tiger Reserve located on Kerala and Tamil Nadu border on April 29 after the Kerala

High Court ordered the capture and relocation of the 35-year-old tusker. "The elephant is being tracked with the help of a radio collar. Field director of Srivilliputhur-Megamalai Tiger Reserve has formed four core teams to operate on two shifts to monitor the elephant's movement. Separate teams for logistics, kumki handling, resource mobilisation and other requirements have been formed to operate round the clock. An exclusive TNEB team is monitoring the safe passage of the elephant to prevent electrocution. Section 144 is in force in Cumbum municipality area. Theni collector is closely monitoring the situation. All efforts are being taken to ensure the safety of the residents and the animal," she said.

Edu loan can't be rejected over low Cibil score: KL HC

'A humanitarian approach is necessary while considering an education loan application'

EXPRESS NEWS SERVICE @ Kochi

THE Kerala High Court on Tuesday observed that a bank should not reject the education loan application of a student simply because their CIBIL score is low.

The court issued the order on a petition filed by Noel Paul Frey of Aluva, who is a final-year student pursuing BTech Computer Science and Engineering on the Bhopal campus of Vellore Institute of Technology. The court also directed to disburse a loan of ₹4,07,200 to the petitioner's college. "A humanitarian approach is necessary from the part of banks while considering an education loan application. Students are the nation-builders of tomorrow. Simply because the CIBIL score is low for a student, who is an applicant for an education loan, the bank should not have rejected the application," said Justice P V Kunhikrishnan.

The petitioner had applied for an education loan at State Bank of India, Malikkampeedika Branch, Aluva, in August

2022. The annual fee of ₹4,02,000 was paid by the parents. However, it became impossible for the petitioner to pay the fee for the 4th year.

It was under this circumstance, the petitioner approached the bank seeking a loan to pay the last semester's fee. But, it was not sanctioned even after repeated requests by the petitioner.

A meritorious student, Noel has secured a job with Global Money Exchange, Oman, and is awaiting his Visa. The Visa process could be completed only if he submits certificates showing the completion of studies. For the university to release the certificates, he has to pay an annual tuition fee of ₹4,07,200 for 2022-23 academic year, the plea stated.

Noel was informed that the delay in sanctioning loan was due to a CIBIL score less than what has been prescribed for sanctioning educational loans.

The court said: "Banks may be hyper-technical, but a court of law cannot ignore ground realities."

GRAINS app to be rolled out to stop corruption in TN paddy procurement

B ANBUSELVAN @ Chennai

INSPECTION of crops by revenue authorities to assess crop damage, cultivation techniques, or technology used will soon become a thing of the past as survey of crops will go digital through GRAINS mobile app.

The app, jointly developed by the state agriculture and revenue departments with the support of Tamil Nadu e-Governance Agency (TNeGA), will be rolled out in the next kuruvai season expected to start in two months.

Using the app, VAOs or agriculture officers can perform real-time GIS-based survey of crops. The initiative is expected to put an end to malpractices in paddy procurement as its geo-location feature will ensure the integrity of the crop survey process. Allegations of multi-

crore scam in paddy procurement through DPCs rocked the state in 2020-21.

Through the "Electronic e-Crop Registration System" option on the app, field officers can take pictures of crops and upload them. The data on the app can be verified through the Growers Online Registration of Agriculture Inputs System (GRAINS), a unified farmer service interface portal (https://www.tnagrinsnet.tn.gov.in), which was launched recently.

The GRAINS portal is being updated with information under three categories --- linking farmers' details (such as name, survey number, Aadhaar, bank details, and area of cultivation) with land records, geo-referencing of all land parcels in 16,721 villages, and collecting details on crop-wise landholding.

"Farmers have been asked to provide their details to VAOs for enrollment on the GRAINS portal. Geo-referencing of village maps is also currently under way. The mobile app will be used for conducting crop surveys during kuruvai cultivation, and efforts are on to rectify the errors reported during a pilot project. Based on the crop data entered on the portal, farmers can access services, benefits, and subsidies from 14 departments, including agriculture, horticulture, food, and revenue," an official said.

Sources said the initiative will put an end to malpractices in paddy procurement once and for all. Complaints of scam in procurement of paddy through middlemen surfaced in Vellore, Tiruvannamalai, Tirunelveli, and a few other districts during paddy procurement in 2020-21.
